Kennedy to List Moves For Security Council in Dealing With Germany

Three-Way Orbit Is U. S. Boost

Atomic Battery Fired Into Space

CAPE CANAVERAL, Fla. (AP) —The United States has hurled the first atomic battery into space as part of a spectacular sky-high triple play in which one rocket rammed three satellites into orbit.

The successful orbiting of the nuclear device in one of the satellite's gives American scientists a significant lead over the Soviet Union in the race to harness atomic power for space exploration.

Like 3-Scoop Cone

A Thor-Able-Star rocket blasted off from Cape Canaveral Wednesday night with the satellites stacked in its nose like a three-scoop ice cream cone.

Both stages of the 50-ton rocket clicked with drill-like precision and flung the entire package into orbit. Almost immediately, spring devices kicked the payloads apart and they continued to circle the globe on separate paths nearly 600 miles above the earth.

Officials reported early today that the atomic battery was functioning and that clear signals were being transmitted by all three packages.

This was the first time the triple payload technique was attempted. It raised to 43 the number of U.S. satellites placed in orbit since the first went aloft 41 months ago. Another Thor-Able-Star pushed two satellites up a year ago.

The 4½-pound nuclear unit was attached to the base of the largest satellite. This is Transit 4-A, 175-pound, forerunner of the Navy satellite system designed to provide ships, planes and submarines with accurate, all-weather navigation.

Other Satellites

The other satellites were:

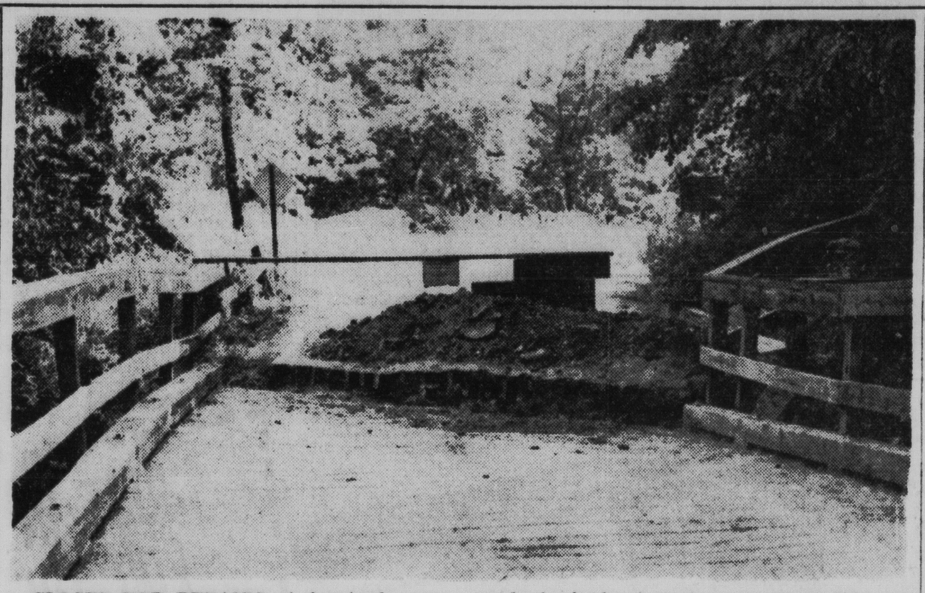
A 55-pound sphere nicknamed GREB which carried two detectors to measure X-ray radiation from the sun.

Injun, a 40-pound drum-shaped parcel to measure intense radiation in the Van Allen radiation belts and to report on auroral phenomena such as the northern lights. The instruments were devised by Dr. James Van Allen of the University of Iowa whose gauges on early U.S. satellites discovered the great bands of radiation.

But the starring role went to the grapefruit-sized atomic unit whose hot core contained a small amount of plutonium 238, a radioisotope which generated heat up to 1,000 degrees fahrenheit. Thermoelectric rods converted the heat to electrical energy which sent 2.5 watts of power to two of four radio transmitters and some instruments in Transit 4-A.

The United States thus scored a historic beat over the Soviet Union in sending the first nuclear power unit into space. Once perfected, these atomic batteries will provide satellites with unlimited power supply and permit communication with vehicles fired deep into the universe.

Speeches and articles by Soviet scientists report they are pushing development of nuclear units as being necessary for future space exploration.



CLOSED FOR REPAIRS—A barricade was placed Wednesday closing the old one-way wooden bridge over the Catskill Mountain Division of the New York Central Railroad on the Hurley Mountain Road. The route used by many as a short cut from Route 28 to Hurley-Lomontville and Route 209, will be closed for some time while the bridge is rebuilt. Located on a county road, the bridge is to be reconstructed by the railroad. No estimate of the period the road will be closed could be given by railroad officials. It was reported by them that the bridge, posted for six-ton loads has been used by vehicles carrying up to 24 tons causing the bridge to "sink" on one side. A railroad spokesman said "the loads get heavier and the bridge gets weaker."

Entire ILA Support Promised Brick Men

Support of the International Longshoremen's Association and possibility of further bargaining either this date or Friday were developments reported today in the strike of Hudson Valley brickhandlers.

Capt. William Bradley, a former Kingston resident, and ILA president, at a Wednesday night meeting in the Municipal Auditorium of more than 200 members of the striking Local 1467, Brickhandlers' Union, pledged support of the local by the entire ILA membership. The brickhandlers are affiliated with ILA.

Last night's meeting was called for a progress report on bargaining with the Hudson Valley Brick Manufacturers Association Inc., which is composed of manufacturers along the Hudson with plants at Kingston, Newburgh, Beacon and two at Coeymans. The strike is in its third week.

Star Brick Signs

It was noted that the Star Brick Company, East Kingston, which is not a member of the association, has "come to terms with the brickhandlers' union after only one day of work stoppage."

Joseph Amato, president of the Brickhandlers Union, last night reported that issues still unresolved include improvement of showers and sanitary conditions, work gloves for employes, sanitary drinking water facilities, seniority or job protection, and joint control by management and the union over an existing insurance program. He claimed that some published statements by manufacturers "were deliberately misleading and deceitful."

Mediators Coming

Some 400 members of the union are on strike. Operating engineers are also on strike. In indicating the possibility of further bargaining today or Friday, Amato said it would be under auspices of state and federal mediation services.

The brickhandlers feel that last night's reported ILA support "could have serious economic overtones," since most brick made in the Hudson Valley is transported to New York by boat. It is unloaded in the city by longshoremen who are affiliated with the ILA.

Allot $198,780 To County, Towns In Highway Aid

Ulster County has been allotted $55,278.90 and town highway departments in the county will share $143,501.44 in the distribution of annual payments of $8,429,177.90 in state aid for county and highway purposes announced today by the State Department of Audit and Control, Albany.

State Comptroller Arthur Levitt said the total includes $2,237,541.70 in state aid to the 57 counties outside New York City, and $6,191,636.20 for road building and repairs by the 932 towns in these counties.

The law provides that town may receive the difference between the amount of a tax of 1½ mills on actual property valuation and the sum of $150 for each mile of highway in the town, but not less than $75 per mile. Where the levy is less than the amount of 1½ mills but equal to the amount of $75 for each mile of highway, aid is paid at the $75 per mile rate, to all other towns to state aid payment is in the amount equal to the amount of the levy.

State financial aid for county highway purposes is allotted on a matching basis — the State matches county appropriations for construction or improvement of county roads up to $30 per mile.

Wagner Endorsed By Liberal Party For Mayor Again

NEW YORK (AP)—A Liberal Party convention has endorsed Democratic Mayor Robert F. Wagner for reelection.

It also endorsed Wagner's handpicked running mate for City Council president, Deputy Mayor Paul R. Screvane.

The convention, held Wednesday night, delayed selection of a candidate for comptroller — an open spot on Wagner's citywide slate.

Kassem Backing Down on Claim, Kuwait Is Normal

KUWAIT (AP)—The city of Kuwait shrugged off the threat from Iraq and returned to normal today.

Officials generally believe Iraqi Premier Abdel Karim Kassem will quietly shelve his claim to the oil-rich sheikdom—at least for a while — because of the marked lack of support from other Arab governments.

Returns to Work

With the temperature already in the 90's an hour after dawn, Kuwait turned its back on patriotic demonstrations of the past two days and returned to work.

Crowds bustled in the fish market along the steaming waters of the Persian Gulf. Hundreds of flashy American and European cars, symbols of Kuwait's oil wealth, ferried between the city and the airport. At every corner groups of workmen waited for trucks to take them to the oil fields 30 miles inland or to the oil port north of the capital.

Bedouins Pledge Support

But the man in the desert was still excited. Lines of white-robed Bedouins in from the hinterland lined up outside the single-story post office in downtown Kuwait to hand in telegrams pledging support for their rulers, Sheikh Sir Abdullah As-Salim As-Sabah.

In Beirut, Kuwait's deputy ruler, Sheik Abdullah Mubarak, dismissed Iraq's claim on his little country as "shouts and talk."

Iraqi leaders kept up a radio drumfire demanding the "peaceful return" of the neighboring sheikdom on the Persian Gulf and hinted they would claim other oil areas on the west coast of the Gulf. But the usual throngs filling Baghdad's streets exhibited only calm interest, and Premier Abdel Karim Kassem's campaign so far appeared to be largely in the propaganda stage.

Sheik Mubarak, 43, heir-apparent to the Kuwait throne and head of its tiny 2,400-man army, interrupted a holiday in his mountain palace in Lebanon to rush home

Troopers Arrest Sholam Man for Discharging Gun

A resident of Sholam, near Lackawack, was arrested Wednesday for allegedly discharging a firearm in a populated area.

Charles Grumbach, 54, was picked up by Ellenville state police on complaint of Mildred Rose and William Moran, his Sholam neighbors.

Grumbach entered a plea of innocent upon arraignment before Justice of the Peace Herbert Poppel of Kerhonkson. Judge Poppel adjourned the case in order that the defendant might obtain counsel. Grumbach was released in his own recognizance.

No Opening Date Set For Store

Completion Near On Route 28 Site

Construction on the Big Scot Department store on the former Modica farm property off Route 28 at the New York State Thruway interchange, is rapidly reaching completion but no date has been set for the opening.

Being erected on the 27-acre tract just west of the Kingston Thruway interchange, the Big Scot store with 60,000 square feet of floor space, will house a complete department store. Parking space for 1,500 cars will be provided on the premises.

When the store is completed, Manager Ben Becker expects to give employment to 175 local people for both day and night shifts.

Interviews with applicants have already been held and several key persons have been engaged. Becker said there is need for additional help.

Using Employment Service

The New York State Employment Service will continue to accept applications and pre-screen applicants.

Becker said that those with "some experience" would be desirable but there are also openings for other personnel qualifying in retailing.

The Big Scot, which operates a store at Newburgh on Route 17-K near the Newburgh Thruway entrance, will have at least 86 varieties of departments when operation begins.

To Be Dept. Store

It was pointed out that the Big Scot will be a complete department store.

When the Modica property was purchased last March it was announced by Ralph Biernbaum, vice-president and general manager of Food Fair Properties, Inc., and Richard G. Hirsch, president of Great Scot, Inc., that the Big Scot was the first of an "18-unit shopping center to be dominated by the Big Scot discount department store."

At that time it was announced the second unit, including a large Food Fair supermarket, would be started in September.

In addition to the Newburgh store Big Scot operates a store in Peekskill.

3rd Ward to Dedicate Memorial on Sunday

Sunday at 2 p. m., residents of the Third Ward will gather to dedicate the new veterans' memorial at the triangle between Clifton and Highland Avenues.

The monument replaces one destroyed in a different sector of the ward last year by Hurricane Donna.

Many residents of the ward, veterans' organizations, clergy and city officials are expected to participate in the dedication of the memorial.

Will Register Friday

Registration for the summer classes at Kingston High School will begin Friday at 8:30 a. m., it was announced by school officials this morning.

WHITE HOUSE CONFERENCE—President Kennedy confers with Gen. Maxwell Taylor, former Army chief of staff, at the White House June 28. The President has recalled Taylor back to active duty and named him "Military Representative of the President." (NEA Telephoto)

Showdown Readiness One Step

U. S. May Propose East-West Talks

WASHINGTON (AP) — President Kennedy meets with the National Security Council today to discuss possible military, diplomatic and civilian defense measures which he may take to deal with the growing crisis between the Soviet Union and the Western powers over Berlin.

The range and actions under study within the government is reported to include partial mobilization, increasing NATO strength in Europe, a new round of East-West negotiations on Berlin and a stepped up civilian defense program.

Meet in Afternoon

The National Security Council, embracing the President's top military and diplomatic advisers, was summoned to meet at the White House this afternoon. Kennedy announced Wednesday that proposals for dealing with the Berlin situation will be discussed.

Proposals for action are going to the President from the State and Defense departments and other government agencies. At Kennedy's request they are being pulled together in a report being prepared by former Secretary of State Dean Acheson.

Highly placed officials indicate that Kennedy, Secretary of State Dean Rusk and other administration leaders are thinking of acting on two fronts as the Berlin crisis develops during the next few months:

Two Front Action

1. Military—They intend to take steps that would get the United States and its allies ready for a Berlin showdown if Soviet Premier Khrushchev presses his Berlin demands to that point. At the same time they hope the steps will impress upon Khrushchev the determination of the United States to back up its commitments to protect West Berlin against Communist pressures.

2. Diplomatic — They seriously are considering proposing a new round of East-West negotiations on Berlin within the framework of the over-all problem of divided Germany. Such a proposal, if finally decided on, probably will be made in the next few weeks.

Reply Due for Nik

Kennedy expects to send a note on the Berlin situation to Khrushchev in a week or 10 days. But, as presently planned, this note primarily will be a reply to a memorandum Khrushchev gave Kennedy in Vienna June 3-4.

The reply is expected to tell Khrushchev formally that his proposed peace treaty with Communist East Germany cannot wipe out Allied rights to maintain forces in West Berlin and to sup-

Cole More Hopeful On Maritime Accord

NEW YORK (AP) — President Kennedy's emergency fact-finding board met with ship owners today as it strove to settle the 14-day-old maritime strike and avoid a Taft-Hartley injunction.

Board Chairman David L. Cole seemed a bit more optimistic than previously. Asked his view of the situation, he crossed his fingers and said: "With my fingers crossed, I can't be definite but I feel a little better this morning than yesterday."

May Ask Extension

The board was set up under the Taft-Hartley law as part of the process of moving for an injunction, but in its initial efforts it has placed emphasis on trying to negotiate a settlement.

It had been directed to report to the President Friday but Cole said if by this afternoon "I feel that sufficient progress has been made toward a voluntary settlement, I will ask the President for an extension of time before we have to complete our report."

The board was to meet with striking unions in the afternoon.

When joint negotiations recessed at 1:30 a.m. today there was no sign of progress toward a settlement and Cole was loath to advance any possibility of delaying the board's return to Washington.

Slight Concessions

Only slight concessions were said to have been made by the disputing parties.

Kennedy has instructed the board to report to him Friday on whether it found the nation's security endangered by the two-week-old strike of 85,000 officers and crewmen.

If the board reports that the nation is endangered, Kennedy presumably will instruct Atty. Gen. Robert F. Kennedy to obtain a federal court injunction ending the strike for an 80-day cooling-off period.

Secretary of Labor Arthur J. Goldberg, at the request of Kennedy, has appealed for settlement of the contract dispute by Friday.

An estimated 250 passenger ships, freighters and tankers have been immobilized on the Atlantic, Pacific and Gulf coasts. The rest of the American-flag merchant marine of almost 1,000 ships is at sea, and the ships will not be idled until they reach a United States port. Foreign-flag ships are not tied up.

The striking unions are the National Maritime Union, the Seafarers International Union, the

Unemployment Office Closing Friday to Move

New York State Department of Labor, Division of Employment, announced today that its office at 18 Pine Grove Avenue will be closed Friday. The reason for closing is because the office is moving to new and larger quarters at 16 Pine Grove Avenue adjacent to its present address.

All Friday unemployment insurance reporters are requested to mail the cards that were given last week, properly completed, certifying to their eligibility for benefits for the preceding week.

All those filing new claims or reinstating old claims, who normally report on Friday, should report on Monday.

Chief Gives Advice About Staying Alive Over July 4

Police Chief Robert F. Murphy today joined officials of the state and nation in urging utmost caution on the highways over the long holiday weekend.

The National Safety Council fixes the potential death toll at 450 to 480 and it is expected that some of these will be in New York State.

Chief Murphy emphasized that traffic will be "extremely heavy" and he advised that those who go on trips "drive carefully and stay with the legal speed limits. Too many serious accidents are caused by speeding and reckless or careless driving."

Those on long trips, he said should "take a ten minute break every hour or hour and a half, walk around a bit and sip a cup of coffee."

If weather permits, he noted, "There will be much boating and swimming. These areas too can be extremely dangerous if we are careless. Operate that boat carefully. Have consideration for the other fellow."

The chief advised no swimming "immediately after eating or when extremely overheated. Above all, don't go swimming alone. Have at least one companion who can come to your aid if you get into trouble."

"Last, but not least," he said, "is the question of fireworks. Not only are fireworks dangerous, but they are illegal. Our officers have been instructed to enforce all laws prohibiting the sale or possession of fireworks. Let us all try to make this a really safe and sane Fourth of July. Remember, death is terribly permanent. Don't become a holiday statistic."

A Liberty Mutual Insurance Company report fixes the "cost of carlessness" over the holiday at $46,500,000 between 6 p. m., Friday and midnight Tuesday.

This, it said, is the "dollar cost of human mutilation alone" and does not include vehicle and property damage.

Carpenter Strike Continues, Area Jobs Are About to Halt

With no agreement for a new contract between the Hudson Valley District Council of Carpenters and local contractors, work at many of the jobs in the area is beginning to come to a halt as other trades which are working "catch up" to carpenter work and it becomes necessary to shut down jobs.

It was reported today that work at the State Training School for Boys at Highland, where four large buildings are under construction, has begun to feel the effects of the carpenter strike. Work by other trades has been "practically" halted on three of the buildings which are approximately three-quarters completed as the job reaches the stages for carpenter work. Work on the dining hall building which is being done by Stewart-Scott Construction Company of Poughkeepsie continues, that contracting firm having signed an independent agreement with the Hudson Valley District Council some time ago.

Work on the dormitory at New York State Teachers College in New Paltz, about a third completed, is also slowing down as work catches up to carpenter work, George E. Yerry Jr., president of the Council, said today, and other trades will be laid off in a few days if the carpenter strike continues. Work on another job at New Paltz was halted after excavation had been commenced and need for carpenters became evident.

Congress Passes Housing Bill, Easier Way to Buy

WASHINGTON (AP) — The $5.6 billion omnibus housing bill has cleared Congress, carrying easier terms for buyers of FHA-insured homes.

A 53-38 Senate vote followed by a 221-175 House tally sent the bill to President Kennedy late Wednesday, giving him another victory on one of his "big five" domestic proposals of the 1961 session.

The housing bill includes $2 billion for urban renewal, by far the largest amount ever voted for the slum clearance and redevelopment projects.

Under the moderate-income family section, a new administration-devised program, homes that cost up to $15,000 can be bought on 35-year mortgages and on up to 40-year mortgages if the buyer's income is too low for the 35-year plan.

The longer the mortgage, the lower the monthly payment. The down payment on a $15,000 home would be $450.

The bill also extends the maximum mortgage term on FHA-insured loans for all family income levels from 30 to 35 years, and raises from $22,500 to $25,000 the mortgage ceiling on one-family homes.

And the bill puts in an easier down-payment schedule under the general FHA program: 3 per cent on the first $15,000, 10 per cent on the next $5,000, and 25 per cent on the remaining $5,000.

Another provision would permit sale of land to developers in urban renewal areas at lower prices so they could build middle-income housing. There have been charges such projects result in homes only for the wealthy and the poor.

LIONS HAVE NEW PRESIDENT—Dr. Stephen T. McGrath, a local dentist, right, receives gavel from Richard M. Kalish at installation of officers of Kingston Lions Club Wednesday night in the Governor Clinton Hotel. Dr. McGrath is the new president of the club, Kalish the retiring president. (Freeman photo).

Dr. McGrath Becomes 21st President of Kingston Lions

Dr. Stephen T. McGrath, well-known Kingston dentist, became the 21st president of the Kingston Lions Club at installation services Wednesday night in the Governor Clinton Hotel, succeeding Richard M. Kalish.

Approximately 50 Lions and their wives were present. J. Wilson Tinney introduced Kalish who spoke briefly of the accomplishments of Lionism during his term of office.

International Counselor William R. Stall conducted installation services for incoming officers. He remarked that "this has been an exceptionally outstanding year in the history of the Kingston Lions Club."

Other officers installed:

Leon C. Miller, Joseph D. Saccoman, Howard M. Shultis, Gerald W. Sumber, Karl L. Pitcock and Leo F. Kilcoyne, members of the board of directors; Stuart E. Munson, first vice-president; Dr. Saul Goldfarb, second vice-president; Joseph D. Scholar Jr., third vice-president.

Also, Alexander Yosman, secretary; John Ferguson, financial secretary; Matthias G. Richardson, treasurer; Maj. Arthur W. Foehser, tail twister; J. Warner Rush, Lion Tamer; Rabbi Herbert I. Bloom, chaplain; Roger Baer, organist; William R. Stall, historian; Bert Bishop and Stall, International Counselors.

In receiving the club gavel from the outgoing president, Dr. McGrath said that "to follow in Kalish's footsteps will be difficult, yet I am confident that with cooperation, planning and hard work, the club will enjoy yet another successful year."

Dr. McGrath attended Harvard College and the Harvard School of Dental Medicine and held postgraduate residencies at Massachusetts General Hospital,

Today's Business Mirror

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—More jobs, higher take-home pay, plentiful bargains, better selections—these are the good things seen in store for you the rest of this year.

Bigger tax bills, costlier services, slightly higher interest rates, among the unskilled—these are the bad probabilities.

Short-Term Prospects

Both sets are short-term prospects. They are the guesses of the majority of the economic soothsayers, based on indications the economy will enjoy a healthy if quiet summer and move ahead steadily if slowly in the fall.

The experts divide sharply on the longer range outlook. Some see a big upsurge in economic growth, getting under way early next year. The contrary minded fear the current plans to stimulate such growth will bring either a feverish but short-lived boom or a creeping and debilitating inflation.

Let's look at the short term prospects.

JOBS — more but still not enough.

More Jobs by Fall

Increasing industrial output already means longer work weeks. And after a summer bobble for plant vacations, it should bring more jobs by fall. The service industries should absorb still more workers. But contraction in unskilled job opportunities is likely to continue for some time.

INCOMES — a bit higher for many.

Wage-scale trends are still upward, with the business recovery encouraging union leaders to ask more and with the effectiveness of Washington's restraint pleas questionable. Corporation profits will still be pinched by rising costs, but dividend payments tend to hold up well. Rents are weakening in a few areas, but rising in others.

Prices Fairly Balanced

MONEY—still fairly easy.

The best bet is that the financial agencies will keep money and credit plentiful if the recovery is at a measured pace. Some relaxing of mortgage terms are in the cards, but other interest rates may stiffen as business picks up.

PRICES—mark ups and mark downs fairly balanced.

The cost of living probably will rise, but with seasonal trends the main influence. In spite of production costs there is much price cutting now in industrial materials. And for consumers keen competition for sales is keeping bargains plentiful. So too is the spread of discount houses into new areas and under new sponsorship by older retailing forms.

SHORTAGES—few if any.

Industry can produce more of almost anything, save its newest products, than Americans are currently prepared to buy. There are eager foreign suppliers looking for openings. Only an international flareup could change the general picture.

American Native

Squash is a fruit native to America, where it was widely cultivated by the Indians long before European settlement, according to the Encyclopedia Britannica.

CAR-LAPSIBLE—For outdoorsmen is this three-passenger, collapsible, lightweight, motor-driven three-wheel cart. It has four forward speeds and reverse. Introduced by a Connecticut firm, it can be stowed in small space, such as trunk of a car, left. Manufacturer says it can be assembled, ready to run, as at right, with a 50-cent piece as the only tool.

Mt. Marion

MT. MARION—Mr. and Mrs. Herman Lee of Staten Island were weekend guests of Mrs. Fred Osterhoudt and Sara Osterhoudt.

The Sunday school teachers met at the church hall Tuesday night.

The Rev. Henry Reinewald attended the Veterans of Foreign Wars state convention in Syracuse from June 22 through June 24.

Victor Haslam, Kenneth Brink, Lorraine Becker and Judy Allison were members of the graduating class at Saugerties High School Monday night.

Mrs. George Brink returned to Albany Hospital Wednesday.

The fire company was called out Monday afternoon to extinguish a fire in a cottage at the home of Mrs. John Plass.

Mr. and Mrs. E. W. Kreeft of Middletown and Miguel Gasco of Staten Island spent Sunday with the Rev. and Mrs. Henry Reinewald.

Mrs. Donald Beaumont was given a stork shower Tuesday night at the parsonage by the Sunday school teachers.

The annual fair and dinner of the church will be held Saturday, July 8, on the church grounds.

Barbara Brennan of Kingston and John Scheffel of Ruby were united in marriage at the church Sunday afternoon, the Rev. Henry Reinewald officiating.

Mr. and Mrs. George Myer of Union City, N. J., Mr. and Mrs. Warren T. Myer and son, Peter of Munsey, spent the weekend with Mr. and Mrs. Warren Myer Sr.

Vacation Bible school will be held at the church from July 3 to July 14. All children are invited.

Circulation Increased

Editor & Publisher reports that total daily circulation of newspapers in the United States in 1960 increased by more than half a million copies as compared with 1959. Part of this increase is due to the fact that eight more dailies came into existence last year, bringing the total number of daily newspapers in the United States to 1,763.

5,967 MV Plates Suspended Under Inspection Law

ALBANY—The Department of Motor Vehicles revealed that since the first of February it has suspended the registrations and number plates of 5,967 vehicles under provisions of the Periodic Inspection Law.

The suspensions resulted from failure of 2,221 of the vehicles to pass inspection, from failure of 2,674 owners to obtain approval for their vehicles which are subject to the law, and from reports on uninspected vehicles in which driver license applicants appeared at the department test lines.

The department also has revoked the registrations of two vehicles determined to be unrepairable by inspectors. Fifteen other cars and trucks which could not be repaired have been reported removed from use by their owners.

Suspensions are effective from 10 days following the vehicle's rejection until inspection approval has been obtained. Owners have the 10-day period following rejection to have their vehicles repaired or adjusted and reinspected without penalty.

State police have conducted 12,219 periodic investigations of the 8,965 inspection stations licensed by the state during the four-month period together with 99 complaints against stations by motorists. As a result of the investigations, the department has held 171 station hearings after which 64 station licenses were suspended and 34 others revoked.

In the four-month period, 639,697 vehicles have been inspected, the stations reported.

July 5 Is Date To Open Bids on Repair of Roads

Bids are to be opened by the Board of Public Works July 5 for street repair and other public works projects, Mayor Edwin F. Radel announced today.

The bids will be for paving of Prince, Maple and DuBois Streets, curbing, paving and drainage on Greenkill Avenue, sidewalk work at Academy Green Park, and for replacement of a Chapel Street bridge. They will be received up to 3:30 p. m., July 5.

The board usually meets on the second Wednesday of each month. The earlier meeting is slated so that tabulated bids may be forwarded to the Common Council which meets July 11.

No Winery Union

HAMMONDSPORT, N. Y. (AP) —The first attempt to unionize a winery in the Finger Lakes area was defeated here Wednesday.

Employes of Great Western Producers Inc. voted 59-20 against affiliating with the International Union of United Brewery, Flour, Cereal, Soft Drink and Distillery Workers of America.

Richard J. Coffee, field examiner for the National Labor Relations Board, conducted the vote.

Nixon to Write Book

NEW YORK (AP) — Former Vice President Richard M. Nixon will write a book about his experiences in public life, a spokesman for Doubleday & Co., which will publish the book, announced Wednesday.

FOR SAFE-T — A bumper sticker is getting a belt in for safety. And it's misspelled at that. If you see one which labels the driver a member of the SEATT BELT CLUB, like the one Carol Capozzi is putting on here, you'll know it's a safety effort which the Clark Bros. Co., Olean, N.Y., hopes catches on. The unorthodox spelling comes from the National Safety Council slogan, "Safety Everywhere All the Time."

Kennedy Closes Door on Swap, Havana Charges

HAVANA (AP)—A foreign ministry source said today that President Kennedy's comments on the tractors-for-prisoners issue seem to have closed the door to further negotiations.

Kennedy told his Washington news conference Wednesday that the volunteer committee of Americans had done all it could and it was now up to Fidel Castro to "change his views."

The general feeling here was that the Cuban prime minister won't reduce his demands and if the Tractors for Freedom Committee does not meet them, negotiations are probably ended.

The committee disbanded Friday after Castro rejected its offer of 500 farm tractors—estimated to cost about $3.5 million—in exchange for nearly 1,200 captives from the ill-fated Cuban invasion.

California Will Probe Death of Jeff Chandler

HOLLYWOOD (AP)—The State Bureau of Hospitals will investigate the death of movie actor Jeff Chandler.

"We feel that on the basis of the wide public interest in this case," Gordon R. Cumming, head of the state agency, said Wednesday night, "we should verify that hospital procedures over which we have enforcement responsibility were in order.

"Our jurisdiction does not apply, however, to relationships or actions between the doctor and his patient."

Chandler, 42, died June 17 in Culver City Hospital after a series of operations, the first of which was to correct a ruptured spinal disc. The death certificate listed cause of death as shock and vascular collapse, with pneumonitis and an infection of the blood —staphylococci septicimia — as contributing causes.

A group of Hollywood actors, headed by TV star Clint Walker, has asked the Screen Actors Guild to appoint a committee to investigate the husky actor's death.

Edward M. Rose, executor of Chandler's estate and a close friend, said he and the actor's ex-wife, Marjorie Hoshelle Chandler, also are studying circumstances of Chandler's death.

KHRUSHCHEV'S TROUBLES

All is not well with the Russians, whatever some despondent Americans may think. Their efforts to take over The Congo have broken down. Nasser's Egypt no longer regards them with the same enthusiasm, allowing attacks on Moscow to appear regularly in the newspapers. And there is the Chinese problem.

Mao Tse-tung seems to be much more violent in policy than Khrushchev, perhaps because he relies on the immensity of China's population to pull him through almost any foreign difficulty. And Khrushchev cannot help feeling annoyed because Communist Albania is showing a preference for Chinese guidance rather than Russian.

On top of all this, every day witnesses the flight of more disillusioned East Germans to West Berlin. Many of the refugees are East Germany's most valued citizens—trained technologists, doctors and others who can ill be spared. Already some East German plans have had to shut down because the technical help formerly available is no longer in East Germany.

Khrushchev may bluff and threaten. But he cannot be as satisfied with the way things are going as he purports to be.

PROOF THAT WE CARE

One kind of foreign aid that never seems to become embroiled in controversy is the justly famed CARE program.

Now 15 years old, this program has seen Americans volunteer 35 million aid packages worth $408,500,000 to needy persons in more than 50 countries. Included, of course, are foodstuffs, textiles, tools and other items.

While food represents 90 per cent of CARE aid, it would be wrong to think of the program as a relief effort and nothing more.

For instance, with the help of CARE wood-working kits 82,000 men and boys have been trained and equipped to make improvements in their villages and earn a living as carpenters. Both classroom materials and items useful in school construction have helped one million children get a better education.

CARE today is a going operation in every continent outside North America except Africa, an even there service may soon begin. Americans by the millions prove daily that this country's tradition of help to needy people everywhere is very much alive.

The recession is over, recovery is brisk—and by year's end, if all goes as planned, the national debt will reach 300 billion dollars.

THE SPREADING CITIES

Many a motorist has had a laugh at coming upon a sign, while he is still in a rural setting, that says something like "Soonover City Limits." Many such signs evidence the growing community's need to catch up with thrifty folk who seek to escape higher city taxes by making their homes outside the city limits.

The extent of this municipal spread-out practice is pointed up in figures just released by the Census Bureau. Los Angeles, as any visitor to that sprawling metropolis must have guessed, has the largest land area of any city in the nation. In 25th place is Babbit, Minn., with 108 square miles against Los Angeles 454.8. But Babbit has only 24 persons per square mile, while Los Angeles has 5,451.

New York City, though the largest in the nation, ranks only fourth in area and thus has 24,697 people per square mile. Seattle, with 20 square miles less area than Babbit, has 216 times its population. Milwaukee, too, is smaller in area than Babbit but has 741,324 citizens to Babbit's 2,587.

One point suggested by all this is that America is rapidly becoming an urban nation. This tends to support the need for the proposed Cabinet department to deal with urban affairs.

'These Days'

By GEORGE SOKOLSKY

THE CUBAN STORY —

The most complete account of the Cuban fiasco that has yet been published appeared in an article in "The Saturday Evening Post" by Stewart Alsop. He entitles it "The Lessons of the Cuban Disaster," It might more correctly be called, "The American Disaster."

As one reads this account, it becomes obvious that while plotting and planning is a pleasant occupation, the implementation may be unrelated to reality. That inevitably leads to disaster.

First of all, it must be recognized that the attempt to invade Cuba and take over the government was an American enterprise. There is no use denying that. Many Americans would have been proud. It was organized and managed by the CIA; it should have been the task of the Marine Corps. If there was to be any kind of intervention, it should have been open annd direct. The American mind does not lend itself to the trickiness employed in the Cuban affair.

The trouble seems to have been that the plan was devised by the CIA during the Eisenhower Administration; that Admiral Arleigh Burke and General Lyman Lemitzer, of the Joint Chiefs of Staff, endorsed the plan unnder certain conditions. As one reads Alsop's article, which represents by far, the most complete study of the situation, it becomes evident that President Kennedy has inordinate respect for experts, his assumption being that the professional must know more than the layman or the amateur. This can be extremely costly to him because the expert often becomes a fannatic. Alsop says:

"The men responsible for mounting a major covert operation like the Cuban landings must not also be responsible for judging the operation's chances of success or failure. Those chances must be assessed instead — and with a cold and fishy eye — by experts who are in no way involved in the operation, and who have their own independent sources of information."

Alsop attempts a psychological study of why this should be so. Such profundity is unnecessary; experience shows that an outside, disinterested, objective opinion is useful. In business lawyers, outside engineering firms, public relations counsels, management analysis firms are brought in to check on a situation. An outside look often seems necessary. Government officials tend to judge themselves which is never good enough.

According to Stewart Alsop, President Kennedy's "new boys" were less favorably disposed toward the CIA's plan but were unwilling to set themselves up against the pros. He says that Secretary of State Dean Rusk and adviser McGeorge Bundy had misgivings and that Senator Fulbright and Arthur Schlesinger Jr. were sharply opposed, Fulbright saying so outright but Schlesinger being somewhat quiet about it, which is astonishing.

There has been an element of childishnness about the entire activity in the assumption that such an enterprise, with men drilling in camps, could be kept secret. The preparations were in the making, Anyone in Miami who knew Cubans knew what was going on. Here in New York, the projected invasion was openly, discussed. There were even quarrels among the Cuban revolutionary organizations because it was felt that the CIA's judgment as to who should be supported was not correct.

The President throughout was opposed to direct American intervention which meant that the correct plan was doomed to failure. It is unfortunate that those who enjoy the President's confidence and who opposed the CIA nonsense did not fight hard for their point of view. There is another side to this which Stewart Alsop states:

"Bobby Kennedy, who hates failure more even than most Kennedys, was present. He remarked, as the sad meeting ended, (about the Cuban debacle) that what worried him most was that now nobody in the Governnment would be willing to stick his neck out, to take a chance, to plan bold and aggressive action against the Communists.

"Surely the President's brother was essentially right. If the Communists are permitted indefinitely to retain their present monopoly of the techniques of the oblique thrust, the invasion by proxy, they will win in the end all over the world."

This is essentially true. After our failure in Cuba, we lost in Laos and we lost at the disarmament conference at Geneva. It is impossible to take a small loss in the present big game. Every failure is an enormous failure and will produce bitter fruit. Some errors are historically uncorrectable.

'Complete Formula' Diet— What It Will, Will Not Do

By HAROLD T. HYMAN, M.D.
Written for Newspaper Enterprise Assn.

I cannot remember a time when there wasn't some craze for some sort of on-again, off-again weight reduction diet that resulted in down-again, up-again fluctuations of the bathroom scale. At the moment, the craze is for some one or other of the scores of "complete formula" recipes sold in powdered or liquid forms.

The ingredients of these formulas are pretty much alike: The constituents of something more than a pint of skimmed milk, the equivalent of a few portions of a cereal concentrate, a mixture of key vitamins and minerals, and flavoring agents.

These formula diets do not and cannot take into account your weight, your basic caloric needs or the amount of fuel you require to fulfill your daily obligations.

If you go on the formula diet you will lose weight, of course. The amount you lose will depend on how heavy you were at the start, the rate at which your body consumes fuel and the amount of activity you expend in the course of your day.

If you are like most enthusiasts for the diet, you will soon experience a hunger for the ordinary foods that grace your table. You will find your energy and efficiency somewhat impaired. And you will note increasing nervousness and irritability, particularly if you are also taking an appetite-killer.

You will start "creating" a bit. Perhaps you'll take the formula as a substitute for, or supplement to, one or more of your regular meals. And, sooner or later, your weight will begin to crawl up until you're back where you started.

No weight control diet is of any permanent value unless it is one on which you can live comfortably and carry out your daily obligations for an indefinite period.

In the complex andd highly competitive world in which we live, we cannot afford to experiment with health and efficiency. And the conscientious housewife will not want to pay an exorbitant price for skimmed milk, cereal concentrate and a mixture of vitamins and minerals for which her body has no particular need.

If your weight is excessive and you truly want to effect a reasonable reduction, you have only to eat smaller portions of the basic American diet and get in more healthful exercise.

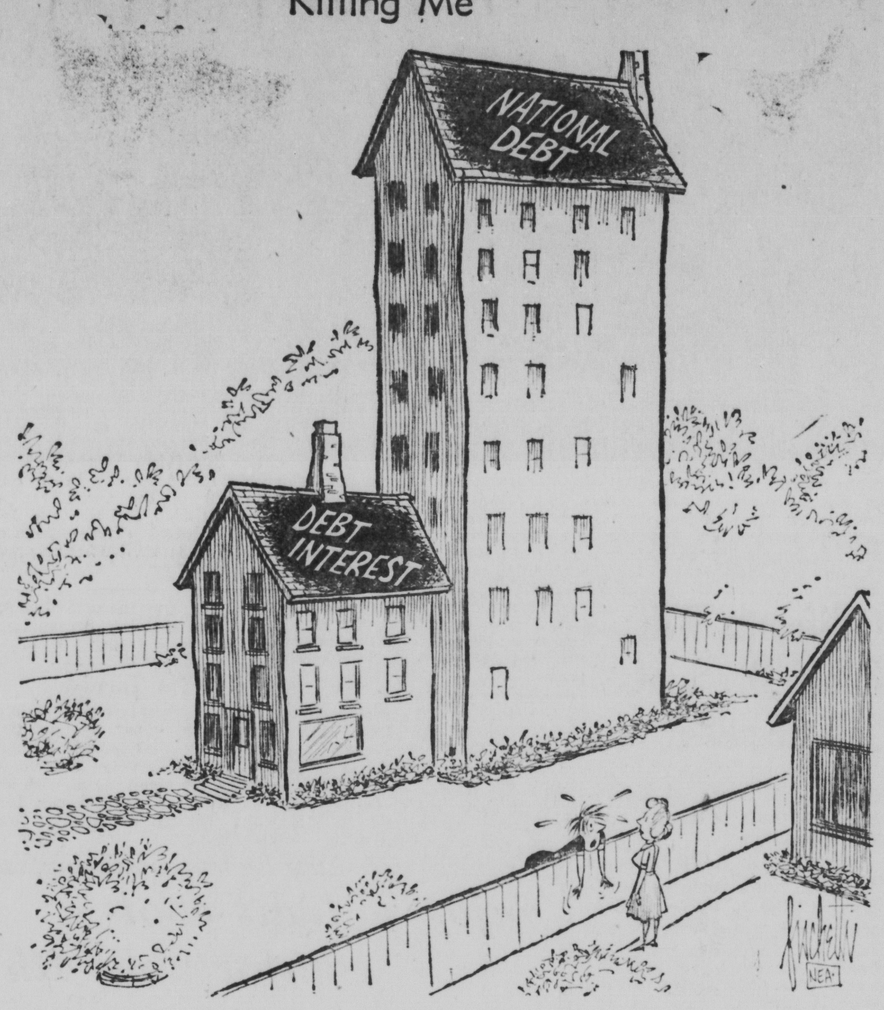
Breakfast of whole orange or a pared apple, a cold cereal with swimmed milk and a little sugar, a boiled egg, a slice of toast with a thin layer of butter and a pot of coffee or tea.

Luncheon of vegetable juice, a hamburger on half a roll or a hot dog and fruit salad.

Principal meal of clear soup, a generous portion of meat, fish or poultry, a choice of two vegetables, a green salad with a liberal helping of cottage cheese and, for between meals or at bedtime, fresh fruit or a spread of cottage cheese on a cracker.

You may only lose a pound or so a week. But, if you persist, you'll soon get down to fighting weight. And, what's more, you'll be able to stay there without weakening yourself and impairing your effciency.

"Some Split-Level . . . the Stairs Are Killing Me"



Washington News

BY PETER EDSON
Washington Correspondent
Newspaper Enterprise Assn.

WASHINGTON — (NEA) — President Kennedy's appeal that labor and management must pursue responsible wage and price policies in these critical times is heading for a couple of severe tests.

First sparks have been flying from the nation's steel centers that an increase in some prices might be in the making, in spite of a recent cut on reinforcing bar costs.

And June 30 is the deadline for United Auto Workers to give notice they wish to reopen and modify their September 1958 contract.

THE ADMINISTRATION MAY HAVE A HARD TIME heading off these moves. Any idea of imposing controls has been rejected. But curbing inflation by the maintenance of stable price and wage levels is essential to the Kennedy recovery and growth program.

When the steel strike was settled in January 1960, it was generally understood there would be no immediate increase in steel prices. This in spite of the fact that the companies estimated the wage increases would add $1 billion to their costs.

Two increases of seven cents an hour were granted, effective Dec. 1, 1960 and Oct. 1, 1962, plus cost of living increases up to six cents an hour and additional fringe benefits.

THE IDEA WAS THAT IN THE EXPANDING ECONOMY then envisaged, the companies could absorb these increased costs without raising prices or cutting profits. But the first increase went into effect at the bottom of a recession.

Steel production and employment are recovering now. Increased demand might justify some price rises.

But the steel industry is in a bad competitive position now—internally, from foreign suppliers and from the lighter metals and plastics. A price increase might be disastrous.

The Kennedy administration has made no direct overtures to the steelmakers to hold down their prices and does not intend to. But if the companies are making money now, a price increase would be hard to justify, at least until the second-round wage increase goes into effect in October 1962.

LABOR SECRETARY ARTHUR J. GOLDBERG, then counsel for the Steelworkers' Union, was one of the principal negotiators of the 1960 Steelcontract. He argued then it was not inflationary. Working for the government now, he has to see to it that it isn't.

The possibility of an automobile strike on top of a steel price increase might also be disastrous for the steelmakers.

Goldberg, wearing his government hat, has to use his influence to prevent an auto strike. He says now that a statement he made on the subject in Detroit recently, to the effect that the country "could not tolerate" an auto strike, was both misquoted and misinterpreted.

What he says he said then was that the automobile unions and the companies are both experienced in labor relations, and that the government had no intention of trying to dictate a settlement. He added that a shutdown now, as the economy is emerging from a recession, would not be good for the country.

United Auto Workers President Walter Reuther has indicated that the union will demand annual salaries instead of hourly wages, expanded unemployment medical benefits and full hospital-surgical-health insurance paid for by the companies. Also more attention to job displacement by automation and use of company-held pension funds for worker housing.

But the auto workers, too, have taken a beating in the recession. High unemployment rates have not left the union in any position to make excessive demands or take a long strike.

Goldberg feels that wage increases granted in other industries so far this year have been moderate. An auto wage increase of similar proportions might not be considered inflationary.

BUREAU OF LABOR STATISTICS, reporting on 120 wage agreements negotiated since Jan. 1, puts the range of increase from one cent to 17.5 cents an hour, the median increase being eight to nine cents an hour. This does not include cost of living increases, because the price index has held steady so far.

BLS reports for both 1959 and 1960 show median increases of nine to eleven cents an hours, including cost of living increases but excluding fringe benefits.

Howell.

Ruling of Supreme Court On 'Belief in God' Deplored

By DAVID LAWRENCE

WASHINGTON — Just ten days ago the Supreme Court of the United States ruled that it is unconstitutional for the Federal government or any state to require a "belief in the existence of God" as a qualification for public office.

Now the question has arisen as to whether any illegality surrounds nearly $32 billion in U. S. currency bills and coins in circulation—dollars, half dollars, quarters, dimes, nickels and pennies—on which are inscribed the words: "In God We Trust." A law of Congress, passed in 1955, required that this phrase be put on all new money issued by the United States. For 80 years previously it had been inscribed only on certain silver coins, and not on currency bills.

But there's a further complication. Are oaths taken heretofore by public officials still valid? Is the law prescribing the official oath of office, as passed by Congress in 1884, now unconstitutional? This law provides that "the oath to be taken by any person elected or appointed to any office of honor or profit either in the civil, military or naval service" must include the words, "So Help Me God."

Furthermore, in almost every court in the land and, indeed, in hearings by every committee of Congress where a witness swears to "tell the truth, the whole truth and nothing but the truth," the oath concludes: "So Help Me God."

'Invades Freedom'

In its recent ruling, the Supreme Court held that requirement of a "belief in the existence of God" as a qualification for public office "unconstitutionally invades the appelant's freedlom of belief and religion and therefore cannot be enforced against him."

Are the oaths prescribed by existing law, therefore, an invasion of the citizen's rights? What happens if a witness before a court refuses to be sworn, proclaiming that there is no God and that such an oath is not binding and is, in addition, a violation of religious freedom? What action can the court take to get truthful testimony and at the same time protect such a witness against invasion of his "freedom of belief and religion"? Is, in fact, the prescribed oath binding upon a person who denies the existence of God, and could a charge of perjury be prosecuted against such a person who testified falsely?

Also, was it an invasion of "freedom of belief and religion" when the Congress in 1954 added the words "under God" to the pledge of allegiance to the flag of the United States which is now given constantly in our schools and elsewhere?

Formal Report

A formal report of the judiciary committee of the House of Representatives in May, 1954, just before the passage by Congress of an amendment to include the phrase "under God" in the pledge, said in part:

"At this moment of our history the principles underlying our American government and the American way of life are under attack by a system whose philosophy is at direct odds with our own. . . .

"The inclusion of God in our pledge therefore would further acknowledge the dependence of our people and our government upon the moral directions of the Creator. At the same time it would serve to deny the atheistic and materialistic concepts of communism with the attendant subservience of the individual.

"The Supreme Court ruled in 1892 that 'this is a religious nation.' It reiterated this holding, more recently—in 1951—when it stated:

"'We are a religious people whose institutions presuppose a Supreme Being.'

"Those words by our Supreme Court are true in a very fundamental and realistic sense. From the time of our earliest history our peoples and our institutions have reflected the traditional concept that our nation was founded on a fundamental belief in God. . . .

"On July 4, 1776, our founding fathers proclaimed our declaration of independence which no less than four times refers to the existence of the Creator. . . .

"This same document appeals to 'the Supreme Judge of the world' that this nation be free, and pledges our nation to support the declaration with a firm reliance on the protection of Divine Province.' . . .

"The Supreme Court has clearly indicated that the references to the Almighty which run through our laws, our public riauals, and our ceremonies in no way flout the provisions of the first amendment. In so construing the first amendment, the court pointed out that, if this recognition of the Almighty was not so, then even a fastidious athiest or agnostic could object to the way in which the court itself opens its sessions, namely, 'God save the United States and this honorable court.'"

What a pity that the Supreme Court on June 19 last didn't follow the reasoning cited by Congress instead of arbitrarily reversing the ruling of the high court in the past! Maybe it's time for the Supreme Court justices to re-read carefully the warning given by George Washington in his farewell address in 1796:

"Let it simply be asked, where is the security for property, for reputation, for life, if the sense of religious obligation desert the oaths which are the instruments of investigation in courts of justice? And let us with caution indulge the supposition that morality can be maintained without religion. Whatever may be conceded to the influence of refined education on minds of peculiar structure, reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principle."

Do You Remember *by Sophie Miller*

Tom Walsh of 37 Boulevard, dealer in Hudson River and Ulster County historical books, some time ago gave me a book called, "Old Time Schools and School Books." It was written by Clifton Johnson and published by the MacMillan Co. in 1904. It has illustrations dating back to the 1600 and 1700.

Education was difficult to come by in those days, especially for girls. Going back to 1790, President Quincy of Harvard College, in his history of Boston, wrote that Boston girls were allowed to attend the public schools in the summer months only, and not then unless there were seats left vacant by boys. This semi-exclusion lasted until 1822, when Boston became a city. The girls were given free access to the common schools.

Then came the establishment of a high school for them with a three year course without Latin or Greek, but this was such an "alarming success" that it was abolished after 18 months' trial. It seems the authorities were dismayed the way the girls crowded into the new high school. They did not feel that the "female health" was robust enough for schooling in winter weather.

The following may dismay students of today. In those days they were taught reading, writing and spelling, and great importance was paid to polite behavior. The scholars "made their manners" that is, the girls dropped a courtsy and boys bowed to the teacher when they came into the schoolroom and when they left.

They also "made their manners" while out at play to passing strangers; and if the minister or some other prominent person went by, they formed in line and bowed and curtsied all together. At the end of the school day the teacher would tell them that as soon as they reached home they must remember to make their manners to their parents.

Besides studying their books the girls did regular stints of sewing and knitting at school and each made an elaborate sampler which was expected to be a household treasure ever after. No doubt many readers have seen these samplers, they were made of square or oblong coarse linen, once in a while you run across one of silk. On these they stitched, very carefully, the alphabet in capitals and small letters, the didgits, a verse of sentiment. They also cross-stitched their name, age and place of abode. They were so wise in those days, for when these samplers are now found, several hundred years old, all that information is on the sampler

I have seen some very elaborate samplers, with fancy borders, flowers, trees, birds, houses, boats and people. That certainly was a wonderful way to learn the alphabet and the numbers.

He writes about academies, such as our Ulster Academy and Kingston Academy, for they seemed to teach the same subjects. They were considered private schools. They had a code of laws, such as "ball and similar games near the Academy was prohibited under a penalty of 6 cents, and a like sum was extracted from students found out of their rooms during study hours."

Graduates Alone

REDWOOD, N.Y. (AP)—Wesley Elliott, 18, was in a class by himself when he was graduated this month from Redwood High School, in this Jefferson County community.

The lone member of the senior class received the full June commencement treatment. Earlier, he made the seniors' traditional Easter trip to New York City, with two teachers as chaperones.

The terrestrial planets in our solar system resemble one another in structure and probably in chemical composition. They are Earth, Mercury, Venus and Mars.

'61 Crisis Over Berlin Just A Repetition of 58-59 Woes

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — It's like playing a slow waltz on an old phonograph record all over again.

Almost move by move, statement by statement, Russia and the West are going through a repetition of the Berlin problem of 1958-1959.

That time Premier Khrushchev threatened a showdown in six months but let it melt away. Now he's set another six-month deadline.

Neither Wants War

Maybe now it will reach a crisis. Maybe it won't since neither Khrushchev nor the West wants war.

It's possible he's stirring the Berlin kettle, with all its dangers, just to get concessions later from the worried West on something not now guessed.

Here's a quick run-down on the similarity:

1. Khrushchev proposed West Berlin be made a "free city" with the Allies pulling out their troops (Nov. 27, 1958).

Khrushchev at the Vienna meeting with President Kennedy earlier this month proposed the same thing. (June 4, 1961).

2. President Eisenhower said this country had a firm obligation defend the people of West Berlin. (Jan. 7, 1959).

Kennedy said the Allies are determined to maintain their Berlin rights "at any risk" and their obligations to the Berliners. (Jan. 6, 1961).

3. Soviets called for a 28-nation conference to negotiate peace treaty based on reunification of Germany. (Jan. 19, 1959).

Soviets proposed calling a peace conference on a German peace treaty. (June 11, 1961).

No Blockade: Khrush

4. Walter Ulbricht, Communist boss of East Germany, pledged there would be no blockade if the West "respected" East Germany's "sovereignty," although the West doesn't recognize East Germany as a sovereign government. (Jan. 18, 1959).

Khrushchev said there would be no blockade of Berlin. (June 27, 1961).

5. Khrushchev warned it would be the "beginning of war" if the Allies tried to force their way through to Berlin, although, in view of Ulbricht's promise of no blockade, no force would seem necessary. (Feb. 18, 1959).

Khrushchev, while saying there would be no blockade, warned the Western powers they'd get their come-uppance if they tried any rough stuff. (June 27, 1961)

6. In early 1959 Eisenhower said—because of talk about mobilizing to defend Berlin—mobilization would be disastrous. Kennedy, asked Wednesday about talk of mobilization said no such proposal had come to him.

7. Eisenhower told the Russians to cut out making threats. (Jan. 1, 1959)

Kennedy told the Russians to cut out making threats. (June 27, 1961)

Ready for Talks

8. State Department said the United States would insist on discussing Berlin only as part of the wider problem of German unity. (Jan. 24, 1959)

Kennedy said discussions with Russians would be profitable if for East and West Berliners and they'd accept self-determination for East and West Berliners and Eruope — meaning the satellites, which would mean some unity. (June 27, 1961)

9. Eisenhower said the United States would be glad to join Russia in "any talks that deal fruitfully with the differences between our different people and our different governments." (Jan. 28, 1961)

High government officials said they're considering proposing a new round of East-West talks on Berlin within the framework of the over-all problem of divided Germany. (June 28, 1961)

10. Soviet and Western foreign ministers—at the suggestion of the West—met from May 11, 1959 to July 13, 1959 to talk about Berlin and Germany. About all they agreed on was to give up trying to agree. So they went home.

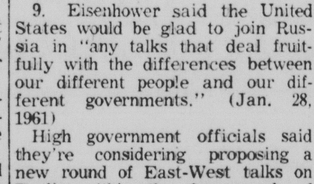
1961 Meeting Likely

There'll probably be a foreign ministers meeting in 1961.

11. Sen. Mike Mansfield of Mantana, then assistant Democratic Senate leader, proposed on his own a plan for solving the Berlin dilemma. Khrushchev thought it was good but West German Chancellor Adenauer wanted no part of it. (Feb. 12, 1959)

On June 14, 1961, Sen. Mansfield, now Democratic leader in the Senate, apparently on his own proposed pretty much the same plan. It got a dim reception in Germany. Khrushchev was somewhat approving, but not altogether.

On Memorial Day, the U.S. flag flies at half-mast from sunrise until noon, after which it is raised to full staff until sunset.



EXOTIC—Peacock feathers, butterflies and ornate fans furnished design ideas for these sunglasses, first shown in Paris. They can double as costume masks.

New Books Are Now at Library

Newly received at Kingston Library are two books relating to the Eichmann trial and Germany.

Swimming Pool Needs Planning

By VIVIAN BROWN
AP Newsfeatures Writer

Before you plunge financially into a backyard swimming pool, be sure to acquaint yourself with the requirements of installation and maintenance. It could save you a lot of headaches.

The popularity of the swimming pool has ushered in a new set of municipal codes. Boards of health in all 50 states have set rigid requirements for community pools, those used by three or more families.

These pools must be equipped with scum gutters, skimmers, a main drain and water purification. Some states require special low voltage lighting as a safety measure against electrical shocks. All communities require a backwash. Where there are no sewers, a drywell must be built. Where there are sewers, a direct connection is mandatory. Filtration is based on a six to eight-hour cycle.

Many communities have codes relating the swimming pool to the property line. A recent survey shows the smallest set back allowed in the nation is three feet, although some vary to 20 feet with the average about 18. A majority of communities require submission of plot and pool plans in advance of installation.

Residential pools are not governed by filtration codes. Most pool owners just follow the recommendations for good sanitation suggested by experts. They say the pool should be turned over once every 22 hours, although some exceptions require a 12 to 16 hour filteration cycle.

Most local laws require that pools be enclosed by fence of a type and height that discourages children and animals. Some communities require a four-foot chain link fence, although one township requires a six-foot fence.

Once you decide you can meet the standards and can afford the maintenance of a pool, you are ready to go ahead with your plans.

Take your choice of cement, fiber glass or vinyl liner pools, and remember—the cost of your pool installation is only the beginning. It costs money to maintain them.

One manufacturer is touting a do-it-yourself pool kit (12 by 24) which can be installed with a filter over a weekend.

The initial cost of a fiber glass pool is higher than most pools but it is algae deterrent and does not require painting.

Cement pools must be painted, patched and drained every year at a cost of about $250.

Vinyl liners must be replaced about every 5 to 10 years at a cost of about $250.

In northern sections of the country, swimming pool use has increased to six months with the new vinyl inflatable pool houses and pool heaters. Sales figures indicate that 60 per cent of all swimming pools are sold in the northeast.

U.S. hospital admissions for the treatment of appendicitis have been almost halved since 1930.

Elected to Post Of Firm Proposing New Industry Here

Nytralite Aggregate Inc., a newly formed subsidiary of New York Trap Rock Corp., which is planning the construction of a new $2 million plant on Rondout Creek in the Town of Ulster, this week named William W. Karl of Verona, N. J., vice president of the corporation.

A former president of Lehigh Materials Company, Karl is currently performing his duties at the parent organization's main office in West Nyack, assisting Paul M. Hedley, Nytralite president. The two officials are making preliminary plans for the proposed plant here.

Karl's six years with Lehigh Materials Company, Tamaqua, Pa., started March 15, 1955 when he joined the firm as sales manager developing the use of lightweight aggregate in structural concrete. The firm became a subsidiary of the Warner Company in 1957 and in April 1959, Mr. Karl was named president of Lehigh Materials Company. Prior to that service, the Nytralite vice president was a manager with the M. F. Hickey Company, ready mix concrete producer, active in various phases of the business. His duties included material analysis, sales, labor relations, plant layouts and production.

After graduating with a BS degree in civil engineering from Duke University in 1944, Karl served for nearly three years in the U. S. Navy. A Lieutenant (jg) he saw active duty as engineering officer on an LSM in the Pacific Theatre of Operations.

WILLIAM W. KARL

Upon returning from the service he worked as assistant borough engineer for two years in the Borough of Glen Ridge, N. J., conducting surveys and building inspections, planning and supervising new construction. Another two year stint saw him the Universal Atlas Cement Company as technical service engineer.

Karl and his wife Mary Anne are parents of two sons, William Jr. 11, and Stephen, 8.

Spitsbergen, an island group 400 miles north of Norway, is believed to have been discovered by Vikings in 1194. Few Europeans knew it existed until it was rediscovered in 1596 by Dutch explorer Willem Barnets.

2 Hornell Inns Wrecked by Fire

HORNELL, N. Y. (AP)—Fire today wrecked two neighboring, downtown restaurants with upstairs apartments. Fire Chief Herman Young estimated the damage at $100,000.

Several families on upper floors of the two-story buildings housing The Steuben and The Cornish were forced to flee.

No one was reported injured.

Young said the fire apparently started in the kitchen of one of the restaurants, both in Canisteo Street.

Firemen controlled the flames in three hours.

Rotary President Inducted Into Office

Dr. Milton M. Grover Jr., was inducted into the presidency of Kingston Rotary Club Wednesday during the luncheon-meeting of the local service club. He succeeds John W. Barton, who served during the 1960-61 fiscal year.

The induction was under the direction of Frederic Snyder, who used the Frank Thompson memorial gavel of Civil War significance during the impressive ceremonies.

As this was the final meeting of the year, a review of activities by committee chairmen was given. Past District Governor Sam Scudder conducted the review.

Knows U. S. Is Ready to Discuss People's Rights

Khrushchev Appears Seeking Way Out on Berlin Situation

By WILLIAM L. RYAN
Associated Press News Analyst

Perhaps concluding it is too risky to assume the United States is bluffing on the Berlin issue, Nikita Khrushchev appears to be seeking a face-saving way out of an uncomfortable situation—and trying to salvage some profit from it.

The Soviet premier seems to be offering President Kennedy and the Western allies a deal: Just an innocent-looking concession or two in exchange for postponing Khrushchev's year-end deadline for a perilous showdown on Berlin.

The curious coincidence of Kennedy and Khrushchev statements on the same day concerning the West Berlin issue raises speculation about backstage diplomacy looking toward some sort of negotiation.

U. S. Ready to Talk

But from President Kennedy the Soviet leader has nothing more tangible than a statement that the United States is ready to discuss any proposals that protect the rights of the people in West Berlin, isolated 110 miles inside Communist East Germany. The President has a little more from Khrushchev: An implication that there is something to negotiate and a statement denying any plans for a new Berlin blockade.

What is behind this guarded Khrushchev bid?

Khrushchev's maneuvers must be viewed against his plans and problems.

Prestige on Line

His plans include convening late in October the 22nd congress of the Soviet Communist Party. There the Kremlin expects to lay down a 20-year program—a model for the whole Red bloc—for the development of Soviet and world communism. Moscow is asserting undisputed leadership in this respect. The October congress will attempt to present Soviet-brand communism to the world as the inexorable wave of the future.

Khrushchev is approaching his all-important October meeting with his prestige laid on the line. He has vowed to drive the Western allies out of Berlin by signing a one-sided peace treaty with East Germany and assigning authority over access to Berlin to East Germany. In this he could travel to the brink of World War III—at the risk of stumbling over the line—or he could retreat. Either prospect would be unpleasant.

Like Appeal to Kennedy

Khrushchev's words Wednesday —even salted with tough remarks —had the ring of an appeal to Kennedy to recognize his dilemma. With his prestige at stake, he would like to deliver at least a token result from his repeated Berlin threats.

Khrushchev has described prosperous West Berlin—an open show window to the eyes of the drab, Communist-ruled East—as a bone that sticks in the Communist throat. It provides a glaring contradiction to the boast he will present to the October congress in Moscow that capitalism is in the final stage of decline. West Berlin also provides a haven for an endless flow of refugees from communism streaming in from the East.

Political surgeon Khrushchev wants to get that bone out of communism's throat. But apparently he is fully aware it is a dangerous operation.

THE PRESIDENT SPEAKS—President Kennedy gestures during his Washington news conference. During the conference the President said the crisis over Berlin is "Soviet manufactured" and that nothing Russia does can affect the West's rights in Berlin. (AP Wirephoto)

Eichmann Denies Red Cross Charge

JERUSALEM, ISRAEL (AP)— Adolf Eichmann, denying for the eighth day on the witness stand all responsibility for the Nazis' mass slaughter of Jews, today repudiated a Red Cross report that called him a powerful man in the vast plot.

"I had no role, I had no authority," testified the former Gestapo lieutenant colonel in charge of "Jewish affairs" in the Third Reich.

This was his reaction to a report made by the International Red Cross after a vist to the Theresienstadt concentration camp north of Prague early in April 1945, a few weeks before the Nazi collapse.

The report told of meeting with Eichmann at the huge Habsburg palace in Prague and described him as a man "who played a first rate part in all these concentration camps—a reich plenipotentiary in the SS."

To this Eichmann said: "no, I had no role whatsoever (in the camps), I had no function, I had no authority."

Defense counsel Robert Servatius led the defendant over a series of prosecution documents linking him with measures against the Jews in France, Belgium and Luxembourg and in each instance Eichmann portrayed his Berlin IV-B-4 headquarters as merely a relay point for instructions and correspondence.

Eichmann put the onus for the persecutions and finally the deportations of the Jews eastward to their death on Otto Abetz, Hitler's hand-picked envoy to the French-speaking lands overrun by Nazi troops.

All Work, Small Take

DALLAS, Tex. (AP)—Muscular thieves were thorough today in pilfering three parking meters in South Dallas.

"These thieves not only removed the whole meters, but they took the posts—digging them out of the concrete," said Police Traffic Engineer W. H. Garsten. "And that's mighty hard work for only $1.50 to $2.50 in each meter."

Buffalo Driver Killed

BUFFALO, N.Y. (AP)—Robert S. Norek, 19, of Buffalo, was killed today when his automobile and a bus collided at an east side street intersection.

The bus driver, Edward Sharp, 65, of Kenmore, suffered a broken leg and fractured pelvis.

One of the three passengers in the bus was treated for minor injuries.

IBM Will Build LargerHomestead At Dutchess Site

POUGHKEEPSIE — IBM announced today that it will build a new Homestead at Poughkeepsie near its present Homestead on Boardman Road.

The new facility will be designed to accommodate 110 guests and will be complete with dining and recreational facilities.

The new Homestead will be in addition to the present Homestead, which was formerly the residence of the Kenyon family until IBM purchased the property in 1944. Some 35 guests can be accommodated in the present facility.

According to IBM Resident Vice President William J. Mair, the new Homestead will be used for customer executives who are attending educational programs at Poughkeepsie. IBM employes studying here will continue to use commercial facilities.

A company-operated Homestead will foster an effective host-guest relationship, Mair explained, and will provide customer executive trainees with the benefit of full-time participation in an informal training atmosphere. Moreover, the attractive location, convenient to laboratories, plant, and IBM's Education Center, is already equipped with education and recreation facilities.

The precise location and appearance of the new Homestead has not yet been finally determined. It will be built on IBM owned property.

In making the announcement, IBM said that the construction of a new and larger Homestead reflects the continued growth of IBM and the Poughkeepsie educational program.

During 1960, some 1,600 customer executives and more than 1,000 IBM sales and service personnel attended training programs at Poughkeepsie. This year a total of approximately 4,000 students in these two categories are expected to study here.

matter of Fact

The marmoset, a little South American monkey, reverses the usual family roles. Soon after baby marmosets are born, mother hands them to father. Father becomes chief baby sitter. Mother feeds them—and that is the extent of her maternal duties.

Weekly Food Review

By THE ASSOCIATED PRESS

Beefsteak leads the parade of bargains among Fourth of July weekend specials featured by supermarkets and neighborhood stores.

Porterhouse, sirloin and round steaks are in the spotlight.

Prices of sirloin are down 7 to 20 cents a pound from last week, depending on the area.

Beef, pork and lamb prices have been reduced because of the competition from poultry, which is at the lowest level since World War II.

Fryers, because of their attractive price, are widely featured.

Shrimp tops are the fish specials. Others include crab, salmon, lobster and halibut.

Egg prices are moving up. Increases from last week ranged in various areas from 4 to 5 cents a dozen for large whites

Best buys among vegetables are beets, carrots, Florida celery, endive, escarole, green onions, radishes, parsley, all varieties of greens, lettuce and green and yellow squash.

Among good buys are asparagus, cabbage, California celery, corn, cucumbers, eggplant, potatoes from Virginia and the Carolinas, chinese cabbage, watercress, Italian peppers, broccoli and green peas.

Best buys among fruits are strawberries, limes, mangoes, plums and lemons.

Good buys include apricots, blueberries, honeydew melons, peaches, nectarines, grapes, small California oranges and avacados.

Milky Way

Earth's home in space, the Milky Way, is round and flat with outward-spiraling pinwheel arms. In this galaxy are some 5,000 million stars, including all those visible in the sky and great clouds of dust and gas.

Popularized

Mahogany became popular as a fine furniture wood in the early part of the 18th century, when cabinetmakers began to carve decorations on this strong wood, according to the Encyclopedia Britannica.

King Play Is Best on This

By OSWALD JACOBY
Written for
Newspaper Enterprise Assn.

Playing at six clubs, South had no 100 per cent play for his slam. In fact, he had no 50 per cent play, but he did have a best play.

I was South. It was the finals of the 1945 Spingold Cup and I was playing my first tournament bridge since Pearl Harbor Day.

Needless to say, I had overbid, but I had not been playing for several years and was trying to make up for lost time. I won the opening lead in dummy and being over there for the first and last time, I led a club. East played low and I rose with the king. West played the queen. I conceded a trick to the ace of clubs and chalked up my slam contract.

Apart from the fact that it succeeded, why was the king play better than a small one? If the clubs were going to break 2-2 the plays would be equal because the king play would win against the queen in the West hand and the small play against the queen in the East hand.

No play would work against a 4-0 break or against any 3-1 break except the actual one which was the singleton queen in the West hand. Thus there was a definite percentage in favor of the king play and this time the percentage worked.

JFK's Proposal

Permanent Arms Cut Group Asked

WASHINGTON (AP)—President Kennedy proposed today the establishment of a permanent U.S. disarmament agency. It would have sweeping powers to draw up disarmament plans, negotiate and handle enforcement if any international arms-control agreement is reached.

Administration aides contend the new U.S. agency—first of its kind in the world—would underscore the importance the United States attaches to the disarmament problem.

Kennedy sent his proposal to Congress in the form of a bill to set up a "United States disarmament agency for world peace and security."

The new, autonomous federal bureau would replace the "U.S. Disarmament Administration," which now operates in the State Department under John J. McCloy, Kennedy's special adviser on disarmament.

The basic idea is to create a long-term agency to deal with a long-term cold-war problem: how to check the spiraling arms race.

A White House statement said Kennedy's plan would carry out a 1960 Democratic platform promise. The statement said the bill also included elements of a bill for an arms-control research institute Kennedy proposed as a senator.

The new agency would expand on the disarmament administration that former President Dwight D. Eisenhower set up last October.

Kennedy wants the new agency to be headed by a $22,500-a-year, subcabinet-level director, who would be the president's disarmament adviser and would report both to the president and to the secretary of state.

William C. Foster, who has held important disarmament, foreign affairs and defense jobs under the past two administrations and is assisting McCloy now, has been mentioned for the top post. McCloy intends to retire.

Preliminary plans call for stepping up the 80-man disarmament staff to some 200 the first year, raising its budget from $800,000 to $6 or 7 million.

As a starter, the disarmament agency would take on more experts from the State and Defense Departments and other agencies, such as the Atomic Energy Commission.

Area Vols Conduct Pumper Relay Drill at Sawkill

A relay drill was conducted this week by four area volunteer fire companies at Sawkill Firehouse.

Participating were Spring Lake Fire Company under Chief Clayton Elmendorf; Zena Volunteer Fire Company, Woodstock No. 4, under Capt, Charles Wolven; West Hurley Fire Company under Chief Howard Hopkins, and Sawkill Fire Company under Chief Francis Joy.

40 Men Participate

More than 40 men attended the session using the combined equipment to relay water from a distant point by pumping from one pumper to another with the terminal crew fighting the fire.

Used to good advantage was a recently purchased portable 1,000-gallon tank of Sawkill Fire Company. Sawkill set up two 5-HP portable pumps at a creekside at a point the engine pumper could not reach. These pumped water up to the portable tank from which both West Hurley and Sawkill pumpers drew water.

West Hurley and Sawkill were able to supply constant pressure to Spring Lake and Woodstock No. 4, who were each playing two 1½-inch lines on the practice field.

Heed His Advice

When dieting under a doctor's guidance, stop at the weight figure he suggests. If you go no, believing that you will look more willowy and glamorous you'll probably only succeed in looking pale, wan and weary.

Harmonious Hint

When you wear a flower hat in multiple hue, choose as your color key the one shade that stands out from the mass. Then match it to harmonize it with your lipstick shade.

Legion Girls Are To Elect State Officers Today

Nomination of candidates for top state offices in Empire Girls State was held in caucuses Wednesday on the campus of the State University College of Education, New Paltz.

The Federalist Party nominated Sherry Ritchlin of Pittsford for the office of Governor. Named by the Nationalist Party was Janet Brazinski of Utica.

Other nominations:

Lieutenant Governor — Molly Morgan, of Webster, on the Federalist ticket; Nationalist, Marcia Robinson of Ithaca.

Comptroller — Marge Cody, Queens Village, Federalist; Cheryl Prigoff of Syracuse, Nationalist.

Attorney General — Julis D. Weber of Salamanca, Federalist Party; Helen Washington, Bronx, Nationalist.

There was a total of 3,500 feet of 2½-inch hose available on the four trucks. The test proved that they could feed water under pressure for 2/3 of a mile to fight a fire.

Approximately 60 feet of 2½-inch line was used in the drill supplying water to four 1½-inch lines of 150 feet each.

Gave Instructions

Manning and giving instruction on pumping at the Spring Lake pumper truck was Assistant Chief Seidel, John Mahoney, James Diperi, Robert Barnett and Donald Winslow. Supervising West Hurley was Charles Myers and Capt. Arthur Rice. John Riecharg and Robert Ferrigan supervised for Sawkill, and Jack Duffy and Paul Burton operated the portable pump.

Mutual Aid Control Center two-way radio was used throughout the drill to issue orders and coordinate the exercise. Refreshments were served following the drill.

Elections will be held at 2:30 p. m. today on the campus, with announcement of the results at dinner this evening. State officers will visit the State Capitol in Albany on Friday.

On Friday morning there will be an address by Mrs. Philip J. Woodard, director of special liaison, executive office of the President, Office of Civil Defense Mobilization, Washington, D. C. She will speak on the subject, "Continuity of Government."

Also speaking Friday morning will be Mrs. William A. Corwith, past national president of the American Legion Auxiliary, on the topic, "Women Are First Class Citizens." Mrs. Corwith is a former supervisor of public service programs for the National Broadcasting Company.

On Friday evening the state officers of Girls State will be inducted, with Abraham N. Davis, executive deputy Secretary of State (New York), administering the oath.

S. James Matthews, Kingston attorney, is serving as political instructor for the week-long training program in citizenship and government. This is his seventh year of service in this capacity. The girls, high school juniors, hail from each of the state's 62 counties. Two hundred and eighty girls are participating in Girls State.

Wallkill

Young GOPers Plan

WALLKILL — A meeting of the Young Republican Club, Town of Shawangunk, was held Monday, June 19th at the Wallkill Firehouse. Secretary Edythe Crowell read a letter from the Third District Republican Club of Walker Valley in which they invited the Young Republican Club to attend a picnic. The picnic will be held Sunday, July 9, at 2 p. m. at the home of Thomas Mance, which is located on the Oregon Trail near Walker Valley. Members may bring their families and guests. There will be games for the children and swimming. Club members wishing to attend, should contact either M. J. Oscar Smith or Norman Eckert.

President Vegliando announced that there will be an executive meeting next week to discuss and act on a proposed By-law change.

Picnic for July 8

The annual Reformed Church Sunday school picnic will be held Saturday afternoon, July 8, at Camp Isis, the Newburgh YMCA Camp. Camp Isis is reached by turning in at the entrance to Lake Osiris and then following signs after passing the golf-club house.

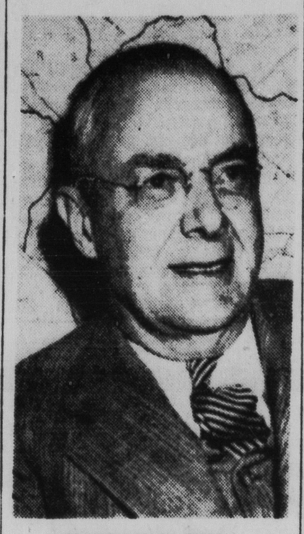
There will be no buses for transportation, and anyone going is asked to meet at the church at 2 p. m., including those who are driving in order to provide transportation for all.

It is planned that the picnic will end at 7:30 p. m. and parents are invited to remain through the day or join the group for the picnic supper to be served about 5:30 p. m. Parents are asked to furnish either potato salad or baked beans. The Sunday school will furnish sandwiches, beverage and dessert. If the last name begins with letter A-L, they will furnish salad; and if your last name begins with letter M-Z please furnish baked beans.

In the event of rain or threatening weather, Saturday morning, contact a member of the committee, either Harry P. Vogt, Rev. Walter N. Van Popering, George F. Vogel or Howard C. Terwilliger, between 11 a. m. and 12 noon.

The Wallkill Reformed Church Sunday school closed for its summer recess Sunday, June 25, and will remain closed through Sept. 3. On Sept. 10, 1961, Sunday school will be resumed at the regular hour at 10 a. m.

Harold F. King, Business Leader, Died Wednesday



HAROLD F. KING

Harold Frederic King, 77, president of the H. F. King Corporation, auto accessories distributor of 721 Broadway, died suddenly Wednesday at his home, 127 Fair Street.

For many years he served as vice president of the National Ulster County Bank of Kingston, corner of Wall and John Streets, and following its merger with the State of New York National Bank, he was elected a director of that bank.

He was a veteran of World War 1 having served as first lieutenant in the army.

Born in Brooklyn April 27, 1884, the son of Arthur R. and Alice Nelson King, he moved to Kingston 57 years ago where he has since resided.

After receiving his early education in East Orange, N. J., grammar and high school, he attended Columbia University, New York City from which he was graduated with the class of 1906. He was awarded a mining engineer degree. He was a member of Phi Gamma Delta Fraternity, University Club and Columbia Club of New York.

A member of St. John's Episcopal Church, he served that church as vestryman and warden for over 40 years.

His civic activities included chairmanship of the Academy Green Committee.

A pioneer member of Twaalfskill Club, he was an enthusiastic golfer. He held various offices in the club down through the years including that of president. He also was president and director of the Ulster County Seniors Golf Association of which he was one of the founders.

Surviving are his wife, the former Dorothy Chipp; a daughter, Mrs. William K. Darling of this city; a sister, Mrs. Thomas Miller of Rockville Center, Long Island and two grandchildren and a niece.

Funeral services will be held at St. John's Episcopal Church, Albany Avenue, Friday afternoon at 2 o'clock. Burial will be in Wiltwyck Cemetery. There will be no calling hours.

Shokan

James Carpenter Sr., who with his family formerly came here each summer for 15 years, is again at his Richmond Hill, L. I. home following a serious illness and hospital sojourn. "Jim," a World War 1 veteran, was wounded while serving with the 78th, or Lightning Division in the Argonne. He has been a member of his local draft board for many years.

Mr. and Mrs. Patrick Kelly and Mrs. William J. Loos of Inwood, L. I., were at their Shokan summer homes over the weekend.

Mr. and Mrs. Philip Chase, Putney, Vt., were in town Saturday. They have the old Peter Winchell place near Tice Teneyck Mountain.

Sunday callers in the hub of the reservoir country included Mrs. Raymond Armengal, Fairlawn, N. J., and Lillie Carr, East Paterson, N. J.

Also here Sunday were Mr. and Mrs. Ezra Burgher, Oneonta, and their children: Carol, Lawrence, Donna, Darla, Donald, Rebecca, John and Charles. Another son, Curtis, is in Hawaii with the 14th U. S. Infantry. Burgher, a contractor, is a native of Brodhead. He was employed in waterworks days by McArthur Bros. and Winston Co., contractors for the main Ashokan dam and dikes. Ezra is a cousin of Martin Gulnac of Shokan.

Governor of Boys State to Give Address Today

HAMILTON, N.Y. (AP) — Kenneth J. Howard Jr., newly elected governor of Boys' State, will deliver his inaugural address today to the first meeting of the Boys' State's Legislature.

Howard, 17, of Manhasset, L.I., was elected Wednesday on the Nationalist ticket, defeating John T. Nimmons, 16, of Scarsdale, the Federalist candidate.

Other officers elected included: Gary R. Morrow of Geneva, controller; and James M. Irish III of Kinderhook, judge, Court of Appeals.

The conference is sponsored by the American Legion and closes Saturday. The practice-political session is being attended by 1,020 boys.

State Mental Hygiene Post Goes to Woman

ALBANY, N.Y. (AP) —Mrs. Jonathan Bingham of Riverdale, The Bronx, was appointed by Gov. Rockefeller today to succeed her husband on the State Mental Hygiene Council.

He has been appointed by President Kennedy as U.S. representative on the Trusteeship Council of the United Nations.

Mrs. Bingham, vice president of the U.S. Committee of the World Federation For Mental Health, ends her term on the council Dec. 31, 1963.

Rockefeller also appointed Paul C. Bosse of Warrensburg and reappointed Dr. Sandor Rado of New York City to full terms ending Dec. 31, 1966.

Bosse succeeds the Rev. Dr. William A. Crawford III of Monticello, whose term has expired.

Members are paid $1,500 a year and expenses.

Two Parties Busy Keeping State Issues Alive for 1962

By ROBERT T. GRAY

ALBANY, N. Y. (AP) — The official, 1962 campaign for governor of New York State is more than a year away but the script is rapidly becoming tattered and dogeared

The boats, exaggerations, indignant accusations, glowing promises, conflicting statistics and other dialogue that will sound from political platforms next year already has been heard at length.

The debates will echo and re-echo through the summer, the local elections this November, the 1962 legislative session, the state conventions and the campaign.

Different Views

Republicans and Democrats are concentrating on their respective interpretations of what has happened —or not happened—during the 2½ years of Gov. Rockefeller's administration. He will seek reelection.

Republican orators see the period as one of great gains for business, labor, taxpayers, students from kindergarten through graduate schools, the elderly, commuters, state employes, minorities and various other groups and individuals.

Democrats see the same period as one of oppressive tax increases, assaults upon labor, shabby treatment of schools and favoritism for big business.

While there may be minor variations and some major, additional issues not now apparent, this basic approach is likely to carry through the election.

Reasons for Activity

There are various reasons for the intensive political activity when the election is so far off.

The tax issue is one of them. sharply after the 1959 tax increases. The GOP wants to turn the emphasis from what voters are paying to what they are receiving.

Rockefeller, GOP State Chairman L. Judson Morhouse and other party orators have been stressing such things as the scholar-incentive program to provide state grants to college students, increased state aid to school districts, tax relief and highway-building.

This formula, if used long enough, will eliminate the tax issue as a serious political problem, the Republicans apparently have reasoned.

The Democrats have no desire to see the tax issue die and are giving it careful attention to keep it alive into 1962.

The Democrats also appear to have under way a planned, long-range effort to create an image of Rockefeller as a friend of big business interests and the wealthy. Morhouse has called this "shop-worn, New Deal political claptrap."

Democrats are handicapped in their preliminary campaign activity by the fact their party is torn by factional strife and still is searching for a candidate for governor.

When they choose one, he will find his campaign has been well broken in.

Lightning seldom is seen in the polar regions.

In 1890 the streets of Medicine Hat, Alberta, were lighted with natural gas both day and night because it was cheaper to let the lights burn than pay someone to turn them on and off. Medicine Hat is built over a natural gas pool.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)— Playwright Tad Mosel and actress Shirley Booth joined forces Wednesday night to turn out an exceptionally effective Steel Hour on CBS.

Mosel's "The Haven" was more a vignette and character study than a drama, the story of a weak but sensitive man's brief revolt from his wife and two children —and his return.

Miss Booth played the type of woman she did so well in "Come Back Little Sheba," a good warm-hearted slob. But Gene Raymond, as her errant husband, was so wooden and withdrawn that all the sympathy stayed on the side of the wife.

The plot wasn't much: Just a couple and their two children returning to their summer cottage husband had been there with another woman. Miss Booth pulls off convincingly a difficult scene when she changed instantly from hurt and anger at betrayal to warmth and concern for her husband's unhappiness.

NBC's early-bird "Continental Classroom" will return Sept. 25 with two courses for which it expects some 300 colleges and universities to offer full academic credit.

The first half-hour—6 to 6:30 a.m.—will be a repeat of this season's two-semester course on contemporary mathematics. From 6:30 to 7 there will be lectures on American government, a new series.

ABC's vice president in charge of news, Jim Hagerty, had a closed circuit TV meeting with heads of affiliated local stations recently and "talked firmly"—words—to them about the necessity for their clearing time for his 11 p.m. network news shows.

The project is close to Hagerty's heart because it is a vital part of his blueprint for upgrading ABC's news and public affairs activities. But the local stations, apparently, have been reluctant to open up the late time period because it is more profitable for them to keep the programs local, with local sponsors.

Sam Levenson, who was on Ed Sullivan's show the other Sunday, will fill in for vacationing Jack Paar next Wednesday and Thursday nights. Durward Kirby will continue on the Garry Moore Show next season as well as play host on "Candid Camera."

Recommended tonight: "The Groucho Marx Show," NBC, 10-10:30 (Eastern Daylight Time). One of the final new programs of a long-running show which will not return next season.

$10-17 Million Yield

Legal Way Cleared For Jersey's New Tax on Commuters

TRENTON, N.J. (AP) — Highway Commissioner Dwight R. G. Palmer has cleared the legal path for New Jersey's new commuter tax.

New Jersey plans to start withholding the tax from the pay checks of 40,000 to 60,000 New York residents Saturday.

Palmer complied with a technical requirement of the newly adopted law Wednesday by declaring New York and New Jersey a critical transportation area.

New Jersey expects to collect $10 to $17 million a year from New York residents. It will turn this money over to New York next April. In return, New Jersey wants the $50 million a year its residents have been paying under New York state's income tax.

The $50 million could be used only for transportation facilities between the two states.

In Albany, N.Y., Tax Commissioner Joseph H. Murphy said New Jersey's new commuter tax has hampered a plan to liberalize deductions for New Jersey residents who pay New York state's personal income tax.

Murphy said Wednesday the new deduction plan is snarled in legal difficulties because there is the possibility that an estimated 5,000 New Yorkers working in New Jersey might be subject to a double withholding tax.

He said that, under the New York income tax and the New Jersey commuter tax, a worker employed in the New Jersey plant of a New York company might be subject to having taxes withheld in both states.

A rebate probably would be made later, Murphy said, but the worker would have his take-home pay reduced. "This would be unthinkable," he added.

Order: Stay Neutral

WASHINGTON (AP) — County agricultural agents and other members of the state and county Agricultural Extension Services have been cautioned against taking sides in arguments over the Kennedy administration's omnibus farm bill.

In letters to state extension directors, Dr. E. T. York Jr., administrator of the Federal Extension Service, said he wished to "reaffirm extension's position of strict neutrality with respect to development of government policy..."

4 Governors Ask U. S. Loan to Save Railroads

HONOLULU (AP)—Four Eastern governors have appealed to President Kennedy to save the New Haven Railroad from bankruptcy with a government loan.

They said in a telegram to the chief executive Wednesday that a loan from the office of civil and defense mobilization is vital to provide time for steps already begun by the states to take effect.

The telegram was signed by Govs. Rockefeller of New York, John Dempsey, of Connecticut, John A. Volpe of Massachusetts and John A. Notte Jr. of Rhode Island.

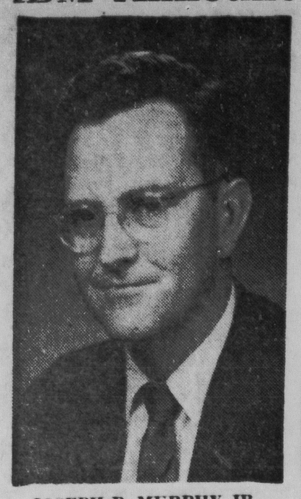
IBM Announces Promotions



JOSEPH P. MURPHY JR.

ERNEST K. FRIEDLI

Two appointments to higher administrative positions at International Business Machines Corp., Kingston were announced today.

The appointment of Ernest K. Friedli, of Poughkeepsie, as administrative assistant in the office of the works manager has been announced by Richard J. Whalen, general manager of the IBM Federal Systems Division Command Control Center, Kingston.

Named Senior Engineer

The appointment of Joseph P. Murphy Jr., of Woodstock, as a senior engineer, Army Fieldata systems management office, has been announced.

Friedli is the son of Mr. and Mrs. W. H. Anderson, of West Hurley. He joined IBM in 1947 as an engineering trainee at Endicott, and was transferred to the Poughkeepsie oganization the following year as a design engineer. After advancing through several technical positions, he attended the administrative training program, corporate headquarters, in 1953, returning to Poughkeepsie in December. Late the following year he was transferred to San Jose, Calif., as project manager in pilot production. There he was named assistant manager of product engineering.

In early 1958, he was transferred to General Products Division Headquarters, White Plains, as an administrative assistant. In mid-1959, he joined the Data System's Division Headquarters, White Plains, as assistant for equipment scheduling, a post he has held until his present appointment.

Friedli attended Bloomsburg State Teachers College and received a Bachelor of Science Degree in mechanical engineering from Duke University.

He, his wife, Shelia, and sons, Kipp, 6, and Brett, 3, reside on 7 Woodward Road, Poughkeepsie.

Joined IBM in 1950

Murphy joined IBM in 1950 as a customer engineer in New York City. After several assignments in the IBM, Poughkeepsie engineering organization, he was transferred to early SAGE computer development there in mid-1953. He was named a project leader in SAGE product engineering at Kingston two years later.

In late 1957 he was named product engineering site coordinator for SAGE site engineering and one year later development engineer in the Army FIELDATA Systems management office, a post he has held until his present appointment.

Murphy is a member of Woodstock Junior Chamber of Commerce. He received a Bachelor of Electrical Engineering Degree from the City College of New York.

Murphy, his wife, Anne, and children, Kathryn, 5, Joseph, 4, Mary, 2, and John 8 months, reside in Woodstock.

Financial and Commercial

NEW YORK (AP)—Indecision and inaction prevailed in the stock market early this afternoon.

The mixture of small changes was reflected in The Associated Press 60-stock average, which was up .10 at 243.0. Industrials were down .30, but rails rose .30 and utilities were up .10.

Steels and rails were steady, while rubber and aircraft shares were higher on balance. Oils joined chemicals and metals on the downside, but other groups were a jumble of fractional gains and losses.

U.S. Freight rose more than 2 and Fruehauf Trailer held most of an early gain.

Carrier gainers included New York Central, Southern Pacific, Illinois Central and Santa Fe. U.S. Steel pushed ahead nearly a point with other steels trailing along.

Bonds were irregular.

Quotations by Wood, Walker & Company, members of the New York Stock Exchange, 63 Wall Street, New York City, branch office, 52 Main Street. Matthew F. Hasbrouck, Jr., manager.

County Faces Two Actions on Charge Of Bad Drainage

Two actions against the County of Ulster are pending in Supreme Court as a result of alleged change in the drainage area in the Ulster Heights section of the Town of Wawarsing when the Music Festival was being held in the area.

Levine and Koplick, doing business under the style of Ellenville Scrap Iron Company, seek $30,000 under a business claim and Levine and Levine, owners of the property occupied by the scrap iron plant, seek $10,000 property damages, alleging that a change in the highway grading for the Music Festival caused an enlargement of the drainage area. During a flood in October 1959, it is charged the premises were damaged by flood water. The run-off from the Ulster Heights area allegedly damaged the Levine premises on Cape Road.

Originally the business claim action by Levine and Koplick was to recover $10,000. A motion was recently made by Manuel Dittenheimer in special term to increase the amount to $30,000. Plaintiffs are represented by Manuel Dittenheimer and the County of Ulster by Donald H. McCann.

Arrest Lawyer As Cage Fixer

NEW YORK (AP)—Dist. Atty. Frank S. Hogan today announced the arrest of Charles Tucker, 25, an attorney from Yonkers, N.Y., as a basketball fixer.

Tucker, a former college basketball player at Kalamazoo, Mich., College in 1955 and 1956, was booked on charges of conspiracy and bribery.

Tucker was the ninth man arrested as a basketball fixer in the ever-widening scandal. He has law offices in midtown New York.

The scandal already has involved 36 players from 21 colleges, covering 44 games.

Hogan said Tucker offered $1,000 to Peter Kelly, University of Connecticut captain, to shave points in a game with Holy Cross played Feb. 18 at Storrs, Conn. Kelly of Orlando, Fla. had been named previously in the investigations. Hogan said Tucker called off the deal at the last minute because things were "too hot."

Honor Students Are Speakers at Local Lions Club

Guest speakers at the Tuesday luncheon meeting of the Kingston Lions Club were Helmut Altneder, valedictorian and Edith Borchardt, salutatorian of the Kingston High School Class of 1961.

Miss Borchardt, who came to America only five years ago from German said, "Though it has been said many times, America is a land of opportunity. Specifically the opportunity of free education." She commentted on the fact that she would have quit school after the eighth grade in Germany and have taken a secretarial course. Since she came to America, where a high school education is free, she continued school and graduated. Miss Borchardt will attend Vassar College from which she received a scholarship.

Altneder who graduated with an average of 96.71 per cent, the fourth highest average ever obtained at KHS. A native of Hungary, Altneder came to this country in February 1950, and has lived in New York State seince 1955.

The speaker, a recipient of a New York State Regents scholarship and a Kingston Lions Club scholarship will study electrical engineering at Union College starting this fall.

President Signs Highway Bill, '72 Completion

WASHINGTON (AP)—President Kennedy signed into law today legislation to assure completion of the interstate highway system by 1972.

In a White House ceremony attended by a large group of senators and representatives and other government officials, Kennedy said the legislation would "increase the nation's defense readiness and decrease the appalling highway death toll."

The bill Kennedy signed "with great pleasure" pumps an additional $11.7 billion into the interstate program.

The financing arrangements include $600 million a year from continuing the gasoline tax at its present 4-cents-a-gallon rate, $150 million from other highway taxes, and the switching of 5 per cent of the excise tax on trucks and buses from the general treasury to the highway fund, for another $150 million annually.

The diversion, which the administration opposed, was postponed until July 1, 1963.

The bill also continues for two years the provision granting bonuses in allocations to states that ban advertising billboards along the new roads.

The bill contains these tax increases:

The use tax on trucks and buses over 26,000 pounds, now $1.50 per 1,000 pounds, to $3.

The tax on highway tires from 8 cents a pound and on inner tubes from 9 cents a pound to 10 cents.

The tax on tread rubber from 3 cents a pound to 5 cents.

NASD Self-Police Over-Counter Dealings

Q) "In over-the-counter listings, I've seen a "bid" and an "asked" price. Is the seller guaranteed the bid price? Who is responsible for the publication of these figures?" A. P.

A) While the seller may receive the quoted bid price for his stock, there is certainly no guarantee that this will happen.

Daily over-the-counter listings do not represent actual transactions, which are a matter of individual negotiation. The quotes are published only as a guide to the range within which securities could be sold, as indicated by the bid price; or bought, as shown by the asked price.

These figures are supplied as a service to the public by the National Association of Security Dealers, an organization set up by the investment fraternity itself to regulate and govern the activities of its members in the over-the-counter market. Much of the NASD's fine work is in enforcement of rules and policies laid down by Congress and administered by the Securities and Exchange Commission, which must approve all NASD rules and has the authority to review the Associations decisions.

While the SEC is directly concerned with enforcing federal laws, the NASD polices questionable practices and ethics among its own group. During the last 20 years, some 253 members have been expelled for violations; others have been suspended and a great many have been fined.

I have continually suggested to readers that it is to their best advantage to do business with NASD members.

Q) "I bought Rexall Drug at 7, and it is now 54. Should I sell or hold?" E. R.

A) Unless this stock represents a disproportionate amount of your total portfolio, I would hold. Rexall has slowed down somewhat since the meteoric run-up of 1958-1959, but I believe the general trend is toward higher levels. And don't forget the capital gains tax, which in this instance would take a pretty healthy bite.

Border Situation Quiet

Mubarak flew back to Beirut Wednesday night and said his return was "clear evidence of the calm situation in Kuwait." He added that "the situation on the Iraq - Kuwait border is very quiet."

Sources in the Lebanese foreign ministry said the Arab League is studying the possibility of sending a delegation to Iraq and Kuwait to mediate.

Arab diplomats in Cairo have been conferring continuously since the crisis broke.

So far Saudi Arabia is the only Arab state to pledge military support to Kuwait if the little sheikdom is attacked. President Gamal Abdel Nasser's United Arab Republic has moved cautiously but one of his government ministers expressed disapproval of the Iraqi claim as a menace to Arab unity.

Kennedy

ply them by surface and air routes across East Germany.

Washington officials reported a new East German regulation decreed Wednesday would be ignored. The regulation states that radio-equipped planes of nations not having air agreements with East Germany must receive special permission after Aug. 1 to cross East Germany. Western rights for air access to West Berlin are in no way dependent upon approval or disapproval of the East German Communists.

Kennedy spoke at his news conference Wednesday of the possibility of negotiations with the Soviet Union on the Berlin problem. He said the United States was ready "to discuss any proposals" which would increase West Berlin's security and independence.

All for Negotiation

About the same time Khrushchev also said in a speech at the Kremlin that he was prepared to "negotiate honestly."

British Prime Minister Harold Macmillan had mentioned the possibility of negotiations in a statement in Parliament on Tuesday.

U.S. officials said there probably would be some advantage to the initiative now in formally proposing negotiations. By that means they might be able to decide at least in part the subject matter of such negotiations.

Molina Is Given 20 Years to Life For N.Y. Slaying

NEW YORK (AP)—Francisco (the Hook) Molina, a former soldier in Fidel Castro's Cuban army, was sentenced to 20 years to life today in the death of a girl caught in gunfire between Cuban factions. Castro has sought to trade a leader of the recent invasion for Molina.

Molina was convicted of second-degree murder in the killing of Magdalena Urdaneta, 9, a Venezuelan girl who was vacationing here with her parents.

The family was sitting in a West Side restaurant when gunfire broke out between pro- and anti-Castro groups. This occurred last year while Castro was in New York.

Molina, 28, got his nickname of "the Hook" because he has an artificial hand, which replaces a member lost in an industrial accident.

Castro has maintained that Molina's trial was of a political nature. He offered to exchange Capt. Manuel Artime of the Cuban invasion forces for Molina.

Molina's lawyer asked a suspended sentence for Molina and that he be deported to his native Cuba. He said that if Molina were returned "it would put the Tractors for Freedom movement in a better light."

This was a reference to the unsuccessful effort of an American committee to exchange tractors for other prisoners from the rebel invasion. Castro himself initiated the idea, but negotiations broke down in a hassle over Castro's changing terms.

Merchants Are Divided About Shopping Area

Indications are that a considerable number of uptown merchants will attend a future public hearing relative to a zoning change for a shopping center.

This was learned today by a reporter as he asked questions relative to a meeting Wednesday night of the Uptown Businessmen's Association held in the Stuyvesant-Kingston Hotel.

The public hearing, advertised in a legal notice in this issue of The Freeman, has been called by the Laws and Rules Committee of the Common Council to discuss putting a tract of land at the foot of Fair Street in the business zone.

It is proposed by a developer to use the land for a big shopping center.

When asked whether there was discussion at last night's businessmen's meeting about the subject there was no comment.

Those who talked, but not in official capacity, said some of the merchants seem in favor of the shopping center locating in their sector of the city, but others have expressed opposition.

It was reported that two groups likely will attend the public hearing, those who like the idea and others who oppose it.

Pedestrian deaths account for more than half of all motor vehicle accident fatalities among children up to 14.

Two Candidates For School Board File at Deadline

SHELDON C. FULLER

Sheldon C. Fuller of 94 Main Street filed a petition on Wednesday with district clerk Mrs. Margaret Marburger, as a candidate for the board of education in the election to be held July 12. Mr. Fuller has filed for the position now held by Steve Stycos of Main Street, who is running for reelection.

Fuller is the son of the former Gertrude Overbagh, whose father, Richard B. Overbagh at one time held the position of president of the board of education.

He and his wife Beverly and children, Reed, who will enter the Saugerties Junior High School in the fall, and Victoria, a fourth grade student at Main Street School, reside in the former Overbagh family home.

Fuller is a graduate of Ohio State University, College of Commerce and majored in accounting. An employe of the International Business Machines Corporation, Kingston, he is manager of financial planning.

A member of Trinity Episcopal Church, Barclay Heights, he is a member of the vestry and a former president. In his seven years in the community he has been active in civic affairs.

Before the deadline for filing Wednesday, Edward Somers of 15 John Street, filed a petition indicating his intention to seek election for the board post to be vacated by Mrs. Mary Lasher of Saxton.

Mrs. Everett T. Brandt of Quarryville is also seeking the post formerly held by Mrs. Lasher.

Special Awards At High School Exercises Listed

Dr. Grant D. Morse, superintendent of the Saugerties Central School, presented more than 50 awards to students at the Monday night commencement exercises held at Saugerties High School.

Recipients ranged from seventh grade students through to the graduating seniors, and were given for various personal qualities and achievements.

Receiving the greatest number of awards was Pamela LaPlante. She received $5 on behalf of David Hildebrandt of the Dads of Foreign Service Veterans for maintaining the best final grades over a period of four years in social studies; an award of $10, donated by the American Legion and its auxiliary, for attendance, punctuality, deportment and scholarship; the Mr. and Mrs. Overbagh memorial prize of $10 for the best record in public speaking; Saugerties Society of Little Gardens award for the highest average in final marks for a six year science sequence; a $10 award given by the French Club for the highest mark in French 2 examination; a $5 award for the best general average in English 2, 3, and 4, given by the Class of 1959.

Karen Fous, another graduate, shared in an award of $10 for the highest average in American History, given by Attorney Louis P. Francello in memory of Staff Sgt. Frank Martino Jr. She was also the recipient of the Gertrude M. Lamb award of $5 for the best record of the year in drawing; the B'nai B'rith of Kingston award of $10 for her understanding and appreciation of democratic values and principles; the Saugerties P-TA scholarship award for her good record and ambition.

Wins History Award

Michael Goff shared the $10 prize with Miss Fous for highest average in American History, given in memory of Frank Martino Jr. He also received the $5 award given by the Class of 1958 who had the highest average in the subjects required for a scientific diploma with honor.

Patricia Sasso received the Saugerties Monday Club, $200 Mary Pidgeon Gillespy scholarship award for maintaining an excellent record of scholarship and the Saugerties P-TA $100 scholarship award for high school record and ambition, both given to a senior planning to attend college.

Robert Riley was given the $5 award by the Class of 1959 to the boy in the Class of 1961 who has the best record in industrial arts, and the P. C. Smith award of $5 for demonstrating the best ability in industrial arts during his high school career.

Robert Francello received the Saugerties Chamber of Commerce prize of $20 as the high school boy whose conduct in and out of school during the year best typifies the American school boy in manliness, just consideration for teachers and students, sportsmanship, disposition and manners. He also shared in a $10 award given by the Junior Chamber of Commerce for outstanding performance in forensic competition, and whose character, cooperativeness and school citizenship are deserving of recognition.

Good Citizen

Terry McLaughlin received the $10 award given by William Ziegler to the senior, who in the estimation of the faculty exemplifies in his raily relationships with teachers, adults and all others right attitudes, fair dealing positive qualities of good citizenship. Terry also was awarded the $10 given by the Catskill Glee Club for the greatest contribution to vocal music during his years in high school.

Other awards to graduating seniors were: Mary Ianotti, $5, given by the Spanish Club for the highest mark in Spanish 2 and 3; Karen Jacobs, a music award from Mu Alpha for outstanding contribution to the senior choir during her high school career; A. Frank Galietta, Mu Alpha award of $5 for outstanding achievement in instrumental music; Mildred Overbaugh, the Art Department award for showing most ability, interest and has maintained a high standard in Art; Roland Mayone, an award og $5 from the class of 1960, who during the past four years has shown the greatest promise of being the best citizen in social, economic and political life by his attitude.

Mahoney Favors U.S. Rule Change On Welfare Fund

ALBANY, N.Y. (AP) — Senate Majority Leader Walter J. Mahoney joined state welfare leaders today in calling for a change in a federal rule that bars federal welfare funds to families of men working for municipalities in return for relief.

Mahoney, Buffalo Republican, called the rule "an outrageous intrusion on the rights of every state."

He also said in a statement issued here that the rule was "an unwarranted blow at the morale of those who are unable to find employment and are not content to be forced into a position of merely accepting a handout."

The rule is not new but became an issue in view of recent federal action permitting states to receive additional funds from the federal aid-to dependent - children program.

In order to obtain its full $16-million share of the funds, the New York State Social Welfare Department told the 15 local welfare districts that have work-relief programs to abolish them. Otherwise, the entire welfare aid to families on work-relief would come from the state and the localities, without federal assistance. There now are about 1,700 work-relief recipients in the state.

Raymond W. Houston, state social welfare commissioner, said he had protested to the federal government without success and so issued his directive to the local welfare departments last month. The federal government does not participate in the work-relief programs.

Someone Cares

BALTIMORE (AP) — A six-year, $2 mystery is still going strong at the Baltimore office of CARE (Cooperative for American Relief Everywhere). Every week since the fall of 1954, as regularly as clockwork, an envelope without return address has arrived containing two $1 bills but no identification. It's unusual for a small donor but CARE officials aren't kicking. So far, the anonymous donor has paid for 624 packages of food—13,728 pounds of it—for distribution to the needy overseas.

Meyner Favors North Jersey as Jetport Locale

TRENTON, N.J. (AP)—The politically explosive jetport controversy got some additional fuel today with an indication from Gov. Robert B. Meyner that he favors a North Jersey site.

"It's my understanding Morris County offers the best flight conditions," Meyner said Wednesday in Honolulu, where he is attending the National Governors Conference.

In residential Morris, where the issue has aroused strong opposition since it first was broached by the Port of New York Authority, Republican Assemblyman Joseph J. Maraziti said:

"If the governor takes any action in favor of the construction of a monstrous jetport in Morris County, he will long be remembered by the people of Morris County as the first governor of the State of New Jersey who arbitrarily, brazenly and outrageously disregarded the safety and welfare of hundreds of thousands of people who would live within the perimeter of the jetport.

Meyner said he would make no final decision until the subject is aired at a public hearing July 12.

But he did say Wednesday:

"My interest in this is development and growth of New Jersey while respecting the wishes of its citizens."

Still Serving

PORTSMOUTH, Va. (AP)—The battleship may be gone but its 16-inch guns are still serving the Navy. One such gun here has been converted into a pressure chamber for testing submarine models at simulated ocean depths greater than ever before possible.

Hunt Continuing In Buffalo for Woman Slayer

BUFFALO, N.Y. (AP) —The search for a demented killer blossomed out in several directions today as police doggedly tracked down possible leads — mostly up blind alleys.

While the hunt progressed Wednesday, little Andrew Ashley was buried in a small town cemetery beneath giant maples.

Andy was slain last Friday by a woman who police believe to be mentally deranged. When his body was discovered in a park lake on Sunday, a new search began and with it a flood of tips, most of them fruitless.

Several women answering the description of the slayer have been questioned here and one unnamed Guelph, Ont., woman was quizzed Wednesday, in Niagara Falls.

Investigators also checked a tip from a car rental agency in Erie, Pa., where a woman who rented a car Friday had identified herself as a former teacher of retarded children in Buffalo.

Neither the car nor the woman have been seen since.

Police found a plastic laundry bag on the shore of the lake where Andy's body was found and theorized it might have been placed over the child's head.

Within recent weeks two children were spirited from their homes by a woman described as about 5-5, in her mid-30s, with dark hair and wearing a cloth coat. Neither was harmed.

Andy was laid to rest in a plot in a small cemetery in the village of LeRoy, the family home of his parents, Mr. and Mrs. Francis Ashley.

As the services were conducted, police in plain clothes scanned the small gathering on the possibility that the murderer might be at the funeral.

PLOWER-DRIVE—West German farmer in Marktoberndorf rests in a beach chair as he demonstrates how to run a tractor by remote control. In case he falls asleep as he "plows" his field, he doesn't have to worry—the tractor will stop automatically upon contact with the first higher-than-ground-level obstacle.

New Rent Chairman

ALBANY, N.Y. (AP) — Assemblyman Anthony Barbiero, R-Nassau, is the new chairman of the State Rent Control Commission.

Assembly Speaker Joseph F. Carlino said Wednesday Barbiero was elected at a special meeting of the commission to succeed Palmer Farrington, R-Nassau, who has resigned from the Assembly.

Fire Chief Is Named To Safety Division

ALBANY, N.Y. (AP)—Ruppert C. Boucher, fire chief of the Mechanicville suburb of Hemstreet Park, has been appointed a State Safety Division field representative.

Boucher, of Mechanicville, will work with fire officials in Madison, Chenango, Otsego, Herkimer, Fulton, Montgomery and Schenectady counties in developing training programs for their firemen.

Boucher was appointed Wednesday to the $6,280-a-year post.

Girl, 6, Drowns

FULTON, N.Y. (AP)—A 6-year-old girl was drowned when she and two other children stepped off a ledge in Ross Pond into seven feet of water Wednesday. The other children were rescued.

The body of Kathleen Miller, daughter of Mr. and Mrs. Raymond Miller, was recovered. Her [illegible], 5, and a friend, David Harrison, 12, were pulled from the water by other children.

Read This: It Could Help You Save a Life—

STEP-BY-STEP method of mouth-to-mouth resuscitation shown in this series of pictures costs nothing, requires no equipment, can be put to use instantly. Know-how could well prove to be the difference between life and death for someone, pending arrival of professional help. Study these pictures closely: 1—Rescuer probes with finger into mouth of victim for obstructions which could prevent flow of oxygen to lungs. 2—Towel is placed beneath victim's neck. Rescuer extends victim's chin upward, pinches nostrils shut. In this position, windpipe is fully extended for the air flow.

Rescuer kneels close to the left ear, placing her lips over those of victim, and breathes into the mouth. When chest expands she removes mouth, lets air escape. Repeat at rate of 12 to 20 per minute; forcibly in adults, gently in children.

Between breaths, rescuer listens for gurgling sounds indicating foreign matter. By turning her head, she can watch chest cavity fall as victim exhales; when victim exhales breath hits rescuer's cheek: another check on air exchange.

HAPPY ENDING—GOAL OF EVERY LIFESAVER: Red Cross-approved, mouth-to-mouth resuscitation is used by fire and police departments across the nation. While preliminary training is desirable, according to safety experts, the method has been used many times by those who never tried it before. Enactment, above, is by "rescuer" Jean Lallv: "victim" Patricia Lott, of Cleveland Heights, Ohio.

Tag Day Slated For Volunteers' Children's Camp

Friday and Saturday will be tag days here for Kingston Post, Volunteers of America, to raise money for an underprivileged children's project.

This was announced today by the commanding officer of the Volunteers, Lt. Roland Bickford, who said the children will get two weeks at the organization's camp in Pine Point, Me.

"Our camp is properly supervised," Commander Bickford said, "and offers wholesome recreation, swimming and sunshine for the youngsters."

The camp tour is for two weeks.

"We are appealing for all to give who can regardless of the amount." Lt. Bickford stressed.

Legion Girls Are To Elect State Officers Today

Nomination of candidates for top state offices in Empire Girls State was held in caucuses Wednesday on the campus of the State University College of Education, New Paltz.

The Federalist Party nominated Sherry Ritchlin of Pittsford for the office of Governor. Named by the Nationalist Party was Janet Brazinski of Utica.

Other nominations:

Lieutenant Governor — Molly Morgan, of Webster, on the Federalist ticket; Nationalist, Marcia Robinson of Ithaca.

Comptroller — Marge Cody, Queens Village, Federalist; Cheryl Prigoff of Syracuse, Nationalist.

Attorney General — Julis D. Weber of Salamanca, Federalist Party; Helen Washington, Bronx, Nationalist.

There was a total of 3,500 feet of 2½-inch hose available on the four trucks. The test proved that they could feed water under pressure for 2/3 of a mile to fight a fire.

Approximately 60 feet of 2½-inch line was used in the drill supplying water to four 1½-inch lines of 150 feet each.

Gave Instructions

Manning and giving instruction on pumping at the Spring Lake pumper truck was Assistant Chief Seidel, John Mahoney, James Diperi, Robert Barnett and Donald Winslow. Supervising West Hurley was Charles Myers and Capt. Arthur Rice. John Riecharg and Robert Ferrigan supervised for Sawkill, and Jack Duffy and Paul Burton operated the portable pump.

Mutual Aid Control Center two-way radio was used throughout the drill to issue orders and coordinate the exercise. Refreshments were served following the drill.

Presbyterian Center

RICHMOND, Va. (AP)—Southern Presbyterians plan to build a new Christian education headquarters building here near the church's Union Seminary and its Presbyterian School of Christian Education, thus creating a Presbyterian education center in Richmond.

Lemnitzer Sees No Taylor Clash

WASHINGTON (AP) — The chairman of the Joint Chiefs of Staff expects no clash of authority with Gen. Maxwell D. Taylor, President Kennedy's new military adviser.

Sources close to the chairman, Gen. Lyman L. Lemnitzer, said today he welcomes the Taylor appointment.

Taylor is clearly on record as opposed to the joint chiefs system. On several occasions he has called for dissolving the joint chiefs setup and replacing it with a single defense chief of staff and an advisory board he has called the supreme military council.

Lemnitzer, who served under Taylor a little more than two years ago, does not regard Kennedy's new assignment for Taylor as imposing a new layer between the president and the service chiefs, these sources said. Under the law, the chiefs are the president's chief military advisers.

"Taylor will not be a fifth member of the Joint Chiefs of Staff," one authority said, noting that Taylor will have no place in the chain of command.

Lemnitzer presides over the joint chiefs, which includes the Air Force and Army chiefs of staff, the chief of naval operations and, when the situation dictates, the commandant of the Marine Corps.

Westchester Girl Still Critical, Mrs. Lewis Good

Miss Lucy M. Finlayson of Rye, Westchester County, who was injured in a vehicular mishap Monday evening which took the life of another Westchester County girl, was still on the critical list today at Kingston Hospital.

The 18-year-old girl suffered severe head injuries when the the convertible she was driving went out of control on Route 28 and turned over. Miss Finlayson was thrown from the vehicle.

Anne G. Moffat, 18, of Bedford Hills, was killed in the mishap which occurred on a left curve near Allaben. Miss Moffat was riding as a passenger in the Finlayson car.

State police reported that the Finlayson car was proceeding in a westerly direction when the driver lost control on a curve, skidded sideways, bounced off a large tree on the opposite side of the road and was in collision with a 1957 convertible operated by Eric Berglund, 36, of Malden-on-Hudson.

Mrs. Katherine Sue Lewis, 21, of Cementon, Greene County, a passenger in the Berglund car, was admitted to Kingston Hospital with lacerations and possible chest injuries. She was reported in satisfactory condition today.

Treated and released were Berglund and Mrs. Lewis' two children, Rene, 5, and Michael, 3. Her other son, Ben, 2, was not injured.

Miss Finlayson and Miss Moffat had been staying at the home of Miss Finlayson's grandmother, Mrs. Lucy M. MacBride of Shandaken.

Congress Speeds Action Prior to Long 4th Halt

WASHINGTON (AP)—Congress is speeding action on several legislative fronts in advance of the long July 4th holiday weekend.

It took only about an hour Wednesday night for President Kennedy's omnibus housing bill to clear the House after Senate passage. One of Kennedy's "big five" domestic proposals for this session, it's now ready for his signature.

Also on Kennedy's desk today—and also in much the form he wanted—is the perennial bill raising the national debt ceiling on a temporary basis for another year.

Added reason for quick action here: This year's temporary ceiling of $293 billion expires at midnight Friday, the end of the fiscal year.

Kennedy asked and got from the Senate Wednesday night by voice vote a temporary ceiling of $298 billion. Only about a dozen senators were on hand.

Again, only a scattering of senators was present Wednesday night to pass unanimously authorization for Kennedy's expanded multibillion dollar space program. There was only brief debate on the bill authorizing $1,784,300,000 civilian space programs during the next 12 months. One goal: Landing a manned space craft on the moon within a decade.

The bill returns to the House for consideration of increases of more than $442 million.

Improvement

Sapwood of a tree trunk carries sap from roots to branches and leaves. Sapwood, as time passes, becomes inactive and turns to heartwood, or duramen. Superiority in hardness and density of this heartwood makes it preferable to sapwood for furniture and flooring.

The flower trade began in Britain's Scilly Isles in 1881 when a consignment of blossoms was shipped to London in a woman's hat box. Soon the islands were sending 65 tons of flowers a year to the mainland.

Federal Gov't, State at Odds Over Work-Relief

ALBANY, N.Y. (AP) — New York State and the federal government were at odds today over whether a federal welfare program barred work-relief projects.

Raymond W. Houston, state social welfare commissioner, has ordered a virtual halt of the programs, where able-bodied men on relief work on municipal projects.

The state would lose $16-million in federal-aid funds if the programs continued, he has said.

Different Views

Miss Kathryn D. Goodwin, director of the Federal Bureau of Public Assistance, said in Washington Wednesday, that there was nothing in the federal program that required a state to abolish the work-relief programs.

A state welfare department spokesman in Albany said Wednesday night regional administrators of the U.S. Health, Education and Welfare Department had told the state the federal law specifically prohibits federal funds for work-relief programs.

Miss Goodwin said the law meant that the funds spent by state and local governments on work-relief programs could not be counted as state matching funds in the federal program.

Used in 15 Districts

The New York Public Welfare Association, at its convention at Ferndale, said there were 15 welfare districts in the state with work-relief projects. It asked modification of the federal program, based on Houston's order.

The City of Newburgh has announced plans to begin such a program as part of an economy-based revision of the city's welfare rules.

The association also passed last night a resolution terming the Newburgh action "dictatorial" and "inhuman" and condemning the city's new regulations.

Vehicle Bureau Lists Violations

The Department of Motor Vehicles today released the following list of driver license and motor vehicle registration revocations and suspensions for major causes during the first half of June:

Ulster County drivers included in the report were:

Miguel A. Arcavega, 177 First Street, Kingston, learner's permit and Leonard D. Byrd, 181 Center Street, Ellenville, licenses revoked for conviction of driving while intoxicated.

Maurice R. Luther, Route 3, Box 116, Saugerties and Robert W. Reisgil, 28 Plattekill Drive, Mt. Marion, licenses revoked for conviction of leaving scene of an accident.

William R. Relyea, Box 113, Stone Ridge, license revoked for conviction of a third violation committed within 18 months; three speedings.

Bernard Johnston, Box 124, Sawkill, license revoked for reckless driving conviction.

Rolf M. Widmaier, RD, Box 278, Saugerties, junior operator license suspended for misuse of junior license, for six months, effective May 22.

Have you ever wished on a wishbone? So did the Etruscans, ancient inhabitants of Italy. A sacred hen was killed and her collar bone left to dry. Etruscans believed the bone called up the services of a special god. When it was brittle, two people made a wish and snapped the bone. Then as now, the one with the biggest piece got his wish.

This family is the victim of hot weather stalling—one of three infuriating troubles that can strike your car on sizzling days. Super Shell's Hot Weather Blend fights all three.

HAPPY JULY 4th?

Fight hot weather stalls with Super Shell's Hot Weather Blend. Famous 9-ingredient formula now adjusted for top performance when highways sizzle.

Summer heat can make some gasolines bubble. This can stall you dead. It can also cause hard starting and rough idling.

Read how Super Shell's Hot Weather Blend fights these heat wave problems. It just might save you a lot of trouble this weekend. You can get it at any Shell station on your route.

ENGINES, like people, can suffer from heat prostration. Especially in the kind of hot and heavy traffic you may face during the weekend ahead.

Here are three infuriating troubles that are caused by excessive heat—and what Super Shell's *Hot Weather Blend* does to fight them.

How Super Shell fights hot weather stalls

If your engine sputters and dies on a hot day, it may have an ailment called *vapor lock*. Hot weather can make certain gasolines start to boil right in the fuel line. They literally *bubble*. Vapor lock takes place when the bubbles choke off the fuel supply.

Shell scientists attack vapor lock by revising Super Shell's nine-ingredient formula in summer.

They reduce its *volatility*. This produces a *Hot Weather Blend* of Super Shell that's not likely to boil in your fuel line. It cuts the chances of hot weather stalling to a minimum.

How Super Shell fights hard starting

Here's what can happen when you try to re-start your car after a hot drive. With the fan stopped and the cooling system idle, intense heat under the hood can actually make gasoline *percolate* in some carburetors. Just like coffee in a pot.

The gasoline spills over, floods the engine—and makes starting difficult.

Super Shell's *Hot Weather Blend* is formulated to stand high temperatures without percolating. You get quick starts even after a long, hard, hot drive.

How Super Shell fights rough idling

The same trouble that causes summer starting difficulties can give your car the shakes every time you stop for a traffic light.

Super Shell's *Hot Weather Blend* attacks both problems the same way. Its formula is adjusted so that it's in no hurry to boil and bubble. Result: smooth idling in hot weather.

Shell Trouble-Shooter

Your Shell dealer will be glad to prepare your car for the rigors of summer driving. His trouble-shooting may save you hours of delay on the road. See him now.

And ask him to fill your tank with Super Shell's *Hot Weather Blend*. Then you'll really be set for top performance.

The 9 ingredients in Super Shell—and what they do to give your car top performance

#1 is TCP* for power, mileage, and longer plug life.
#2 is "cat-cracked" gasoline—for power.
#3 is anti-knock mix to resist all kinds of knocks.
#4 is Alkylate to control "high-speed knock."
#5 is Butane for quick starts.
#6 is Pentane mix for fast warm-ups.
#7 is an "anti-icer." (*Added in cold weather.*)
#8 is gum preventive to keep carburetors clean inside.
#9 is Platformate for extra mileage.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U. S. Patent 2889212.

MILLBROOK

ENRICHED BREAD

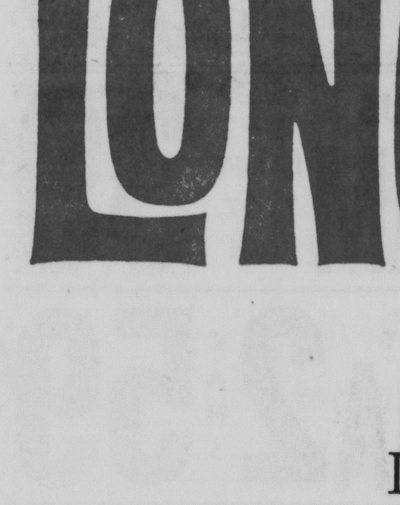
No Holes!

Miracle-Mix

Research proves Millbrook's Miracle-Mix gives you LONGER BREAD-BOX LIFE than ordinary bread!

Laboratory tests proved it! Ordinary bread, baked from old-fashioned dough, has big air-holes that speed drying out. But Millbrook's new batter-blending method whips air-holes out...keeps freshness in! Slice after slice...meal after meal...Miracle-Mix comes out of your bread box fresh-tasting, appetizing. Less waste...more good eating...in every loaf!

MIRACLE-MIX WINS IN ALL THREE TESTS. TEXTURE AND MOISTURE TESTS WERE MADE OVER A PERIOD OF FIVE DAYS UNDER BREAD-BOX-TYPE CONDITIONS.



MOISTURE: Ordinary bread lost at least twice as much moisture as Miracle-Mix!

TEXTURE: Miracle-Mix proved much *softer* than ordinary bread in controlled scientific tests.

TASTE: Consumer taste panels preferred Miracle-Mix almost two-to-one for flavor over ordinary bread "A."

Just to make sure you get genuine Miracle-Mix with longer bread-box life... we've put this M brand on every loaf!

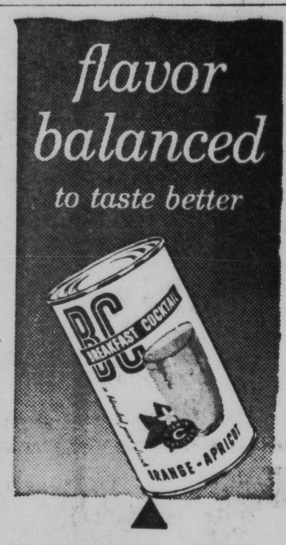
Fourth in Family Since '29 Dead, Linked to Curse

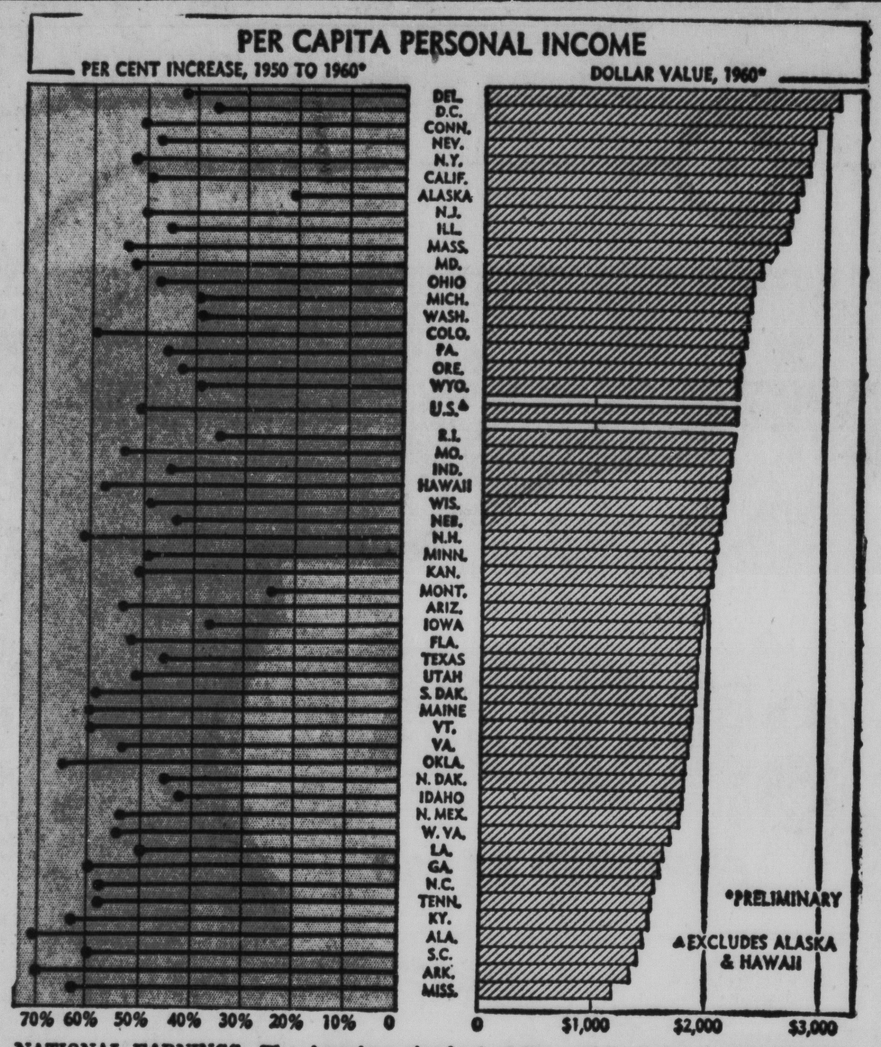
LONDON (AP)—Another member of the British family said to be marked by the legendary curse of the pharoahs has died an unexpected death, the fourth in the family since 1929.

The death of Lord Westbury was announced today. He died four days ago in Geneva, Switzerland, at the age of 46. The cause of death was not given.

His father, Capt. Richard Bethell, also died suddenly and at the same age.

Bethell had a hand in excavating the tomb of the pharoah, Tutankhamen, in 1923. A curse on a tomb relic said, "Death shall come on swift wings to him that toucheth the tomb of the pharohas."





NATIONAL EARNINGS—The American standard of living still climbs upward, despite increases in consumer prices. Average income in 1960 was $2,242. This was a 4 per cent increase over 1959 and a 50 per cent jump above 1950. Per capita incomes were the highest on record for every state except New Mexico. They ranged from a high of almost $3,100 in Delaware to about $1,200 in Mississippi. States in the mideast and far west recorded the biggest incomes, with states in the southeast and southwest the lowest. But the low-income states increased their totals faster than the country as a whole during the 1950-60 decade. Data from the National Industrial Conference Board.

Death Still Probed

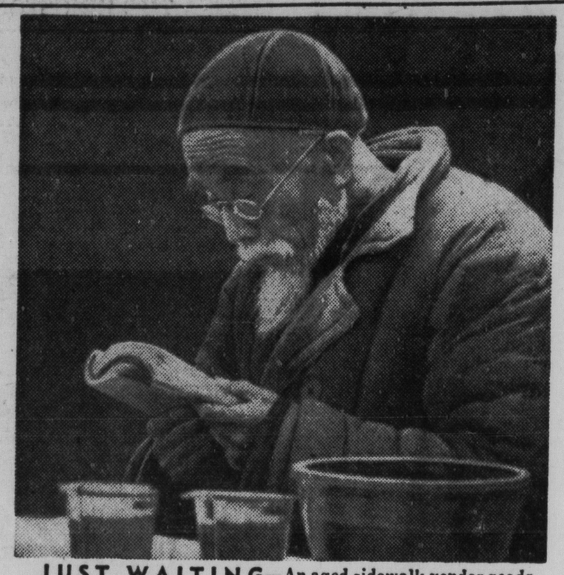
Investigation into the death of Roger Skeete, an inmate of the Eastern Correctional Institution at Napanoch, has not been completed and Coroner Arthur C. Chipp of Kerhonkson is withholding his verdict pending completion of the investigation and results of an autopsy. Skeete, 21 years old, a native of the Virgin Islands, was committed from New York City. He was found hanging in the institution Tuesday night by prison officers.

1 Bullet, 4 Wounds

LARAMIE, Wyo. (AP) — John Kastner, 35, was wounded four times by a single bullet.

He was fishing with friends Tuesday when he dropped a .44-caliber side arm. The pistol struck a rock at Kastner's feet and discharged. The bullet struck the calf of his right leg, grazed his right thigh, nicked his right wrist and struck his upper right arm.

Kastner, hospitalized here, was reported in satisfactory condition.



JUST WAITING—An aged sidewalk vendor reads during slack period of selling tea in the Communist China city of Shanghai. Tea sells for less than a penny a serving.

Japan Toll Now 213 Dead From Torrential Rains

TOKYO (AP)—Torrential rains, floods and landslides ravaged Japan for the fifth consecutive day today and the official toll jumped to 213 dead and 182 missing.

The weather bureau said the heavy rains lashing central Honshu—Japan's main island—would continue through Monday.

The national police said 71,000 houses were flooded, with 1,100 wrecked or washed away.

It Was Good Practice

NAUGATUCK, Conn. (AP)—Three policemen used a safecracker's kit and opened an old Police Department safe that was submerged in the 1955 flood. The safe hadn't been opened since the flood, and officers wanted to know what was inside. The contents? One parking ticket, 1955 vintage.

Funston Opposes Exchange Probe

WASHINGTON (AP) — Keith Funston, president of the New York Stock Exchange, today opposed extending a Securities and Exchange Commission investigation to include the exchange.

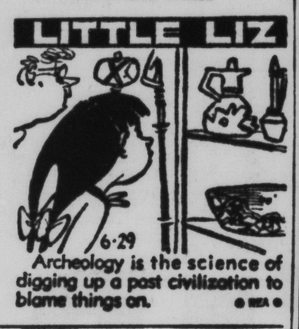
"We do not believe any special investigation into the rules and enforcement procedures of the New York Stock Exchange is necessary or would prove productive," he said in testimony prepared for a House subcommittee hearing.

The subcommittee, headed by Rep. Peter F. Mack Jr., D-Ill., is considering a resolution to authorize $750,000 for an SEC inquiry into all stock exchanges and over-the-counter trading in securities.

"I believe our rules are effective in those areas of the securities business in which we have jurisdiction," Funston said. "I also believe these rules are supported by an enforcement program that is both strong and vigorously pursued."

However, if the NYSE is included in the inquiry, Funston told the subcommittee, it will cooperate in every way possible.

He reported that the exchange has 219 staff members whose duty is to enforce its rules. He added that the registered representatives employed by member firms to serve the public "are screened, trained, tested, made aware of our rules and held accountable for their actions."



For men who love sharp cheddar

(and women who love them)

As far as we know, MacLaren's Imperial is the oldest brand of cheddar sold in North America, or maybe the world. In Canada, that able Scotsman, the late Mr. Alex MacLaren, started marketing this truly sharp club cheddar (in opal glass pots!) about 1891. When we bought the thriving MacLaren business in 1921 we discontinued the "pots," but never, never changed the quality of the cheddar one whit. Now we're proud to offer it, in a handy new 10-oz. stick, to all devotees of genuinely sharp cheddar. *Kraft Foods, Chicago.*

P.S. Please bear in mind this is *natural* cheese, *not processed*. "Club" simply means that long-long-aged cheddars have been blended together so they're SPREADABLE.

Kanemitsu Show Opens MiLi-Jay Gallery, July 2

The first exhibition in Woodstock of oils, lithographs, watercolors and sumi drawings by Matsumi Kanemitsu will be held at the MiLi-Jay Gallery on Woodstock's main street from July 2 through July 15.

Kanemitsu, who studied painting with Fernand Leger in Paris and Woodstock's Yasuo Kuniyoshi, works in a variety of media with an ease that is rare. In his oils and lithographs, his use of color is so integrated with his strong sense of design, the effect is dynamic and exciting. On the other hand, his unusual and original watercolors and sumi drawings are done with delicacy and deftness.

Kanemitsu, who also studied sculpture with Karl Metzler, in January of this year, won a Ford Foundation grant in lithography at the Tamarind Workshop in Los Angeles.

Besides one-man shows in the Baltimore Museum of Art, Southern Illinois University, Western Maryland College, the Zoe Dusanne Gallery in Seattle, Dwan Gallery in Los Angeles, the Stephen Raditch in New York, and others, he has also participated in many group shows, among which are, the Corcoran Art Gallery, Chicago Institute of Art, Museum of Modern Art, Whitney Museum, Berlin Academy of Art, Germany, Dallas Museum, and the Albright Art Gallery in Buffalo.

He is represented in private collections in New York, California, and Italy including Mr. A. Gevirtz, Mr. Martin N. Widdifield, Mr. Edwin L. Weisl, Jr., Mrs. Sloane Grigar, Mr. Peter Rainz, of New York, Mr. Gifford Phillips, Mr. and Mrs. Philip Kondratief, of California, and Michel Tapie, Torino, Italy.

About Prestige: By Schimmerling

From interviews with Mr. X, United States government employe, intelletual man in leading position who has worked abroad for many years; and with Mr. Y, who works in a similar position for the Italian government:

"Lifting heavy things can result in overstrained muscles," I said. "Perhaps President Kennedy incurred his bachache because he tried hard to lift American prestige abroad." Said Mr. X: "It is a hard job to get out of a swamp once you are in it up to your neck." Said Mr. Y: "The overall picture in our western world reveals our inability to understand and to cope with the situation brought about by historical developments in the society of mankind."

Mr. X is pessimistic. He says: "The U. S. government pours enormous amounts of money into foreign countries while the Russians send their messengers to underdeveloped areas of this world where they talk to the dissatisfied, poor and miserable in their own language. These people are most receptive for new ideologies because they have nothing to lose. We, however, talk to governments (not to people) in our language. Replied Mr. Y: "There is no better and more fertile ground to plant new ideologies than the mind of people who are stricken with poverty and disease, lowest standard of living and lack of education.' And as to the language we talk or rather are not able to talk, salesmen who do not talk the language of their customers cannot be too successful.

About Decisions

Sometimes it looks as though historic decisions are made by only a few ruling men who sit in red-upholstered fauteuils in their government places. This is not true. Historic decisions are more than often made in the souls and brains of the dissatisfied, in their homes, later in the streets; in front of the Bastille, on Nevsky Prospect; by the people who waited for the redcoats in Concord and Lexington, on the street corner near the bridge in Sarajevo where Archduke Francis Ferdinand of Austria was shot. The men who, as we are inclined to believe to be the rulers, are only the tools of historic developments, throw the torches into well-prepared powder kegs.

When I visited the Vatican galleries, I learned a lot about the past. But when I saw the cave-like holes called "houses" in Naples harbor, I learned a lot about the present and the future. On the one side, Via Parthenope, where you look from the balconies of elegant hotels across on the Bay of Naples, where you relax in the midst of indescribable beauty; on the other side, Via Marittima. Here you cannot relax. Here you look inland away from the bay and its beauty. Here you are enveloped in a compound feeling of pity and fear.

It was a most interesting hour of conversation with Mr. X and Mr. Y. And at the end we all agreed that even Little Rock, Arkansas, and Montgomery, Alabama of 1961 are not Little Rock and Montgomery of 1861. But some people in the south believe it is. This is a terrible mistake, one of the greatest obstacles on our hard road to success, one of the mighty destroyers of American prestige. Let's clean our own home first. This will lift our prestige without backache and headache. . . . H. A. SCHIMMERLING.

Reformed Church Pastor Exchange

The Bloomingdale Reformed Church of Bloomington and Woodstock Reformed Church will exchange pastors Sunday, with the Rev. Richard L. Brown, minister, occupying the pulpit of the Woodstock church for the 11 a. m. service. At the same time, Rev. Olson will be preaching in the Bloomingdale church. Services begin at 11 a. m. Nursery facilities are provided for small children. The adult Sunday School class which meets in the sanctuary at 9:30 will be taught by Mrs. Artine Artinian.

The Consistory meeting has been postponed from Tuesday, July 4, to Tuesday, July 11.

The Christian Education Committee is honoring the Sunday School teachers at a picnic meeting on Monday, July 10, at the home of Mrs. Allen Anthony in West Hurley. Martha Cammann, Joan Myer and Harriet Anthony are the committee in charge.

NEW TAXPAYERS UNIT—Fred Freitag, right, founder and past president of the Willow, Lake Hill, Shady Taxpayers Association, is about to present certificate of eligibility for a new chapter to Ben Merch, standing, of the newly formed Woodstock Chapter of the organization now known as the Taxpayers Association of Woodstock Township. Seated is vice president John Melia of the parent organization. (Greenspan photo).

Christian Science Sermon Is on 'God'

How obedience to the law of God opens the way to freedom will be explained Sunday at Christian Science services in Woodstock.

Among Scriptural passages to be read in the Lesson-Sermon entitled "God" is one from Psalm 119: "Teach me, O Lord, the way of thy statutes; and I shall keep it unto the end . . . And I will walk at liberty: for I seek thy precepts."

Man's right to freedom is also brought out in selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy which will include: "Discerning the rights of man, we cannot fail to foresee the doom of all oppression. Slavery is not the legitimate state of man" (p. 227).

WOODSTOCK PB-QA

Following is another series of questions and answers on planning and zoning in Woodstock, as furnished by the Woodstock Planning Board:

Q. If we have zoning, will I have to get rid of my horse?

A. No. In general, zoning does not affect existing use of land. Woodstock has no zoning ordinance. If one should be adopted, it might include some provision whereby in certain instances distinctly new owners of houses would be required to have a certain minimum land area per horse and that a horse stable should be a minimum distance from lot lines between your property and that of your neighbor. Other towns have zoning restrictions whereby in certain areas there is a limit on the number of horses, cows, pigs, chickens, goats and other animals allowed per acre of land. These restrictions have been created for sanitary reasons, such as the protection of neighboring water supplies, prevention of stream pollution and the spread of disease by insects and the elimination of smells.

Q. Will planning make Woodstock's development sterile?

A. Definitely not. A community Growth Plan as well as a Zoning Ordinance are "living" things, which are subject to continuous adjustments with time to reflect the changes of growth. Professional planners figure that a Growth Plan has a life of about 20 years, after which it has to be recast. Meanwhile a Planning Board carries through piecemeal adjustments, generally with the aid of part-time professional assistance. The Zoning Ordinance, of course, follows the gradual development of the community plan.

Margaret Wetterau Opens Art Classes

An art appreciation class directed by Margaret Wetterau will start on Tuesday, July 11, at the Woodstock Guild of Craftsmen.

This course is based on the art seminars of the Metropolitan Museum of Art. The class will meet twice a week on Tuesdays and Thursdays, at 10 a. m. A nominal charge will be made for the 12 sessions.

Persons interested in further details may call Mrs. Wangler at the Guild Shop in Woodstock.

Regular Schedule Due at St. Gregory's

Upon the return, July 1, of the Rev. Lloyd H. Uyeki, vicar of St. Gregory's Episcopal Church, and Mrs. Uyeki, from a vacation in Maine, the regular two Sunday service schedule of St. Gregory's will be resumed July 2, as follows: Holy Communion, 8 a. m.; morning prayer and sermon, 10 a. m.; Holy Communion first and third Sundays.

The Children's Church School is now closed for the summer and will reopen in early autumn.

Democratic Club Opening Proves Huge Success

More than 100 persons attended the open house and dedication of permanent headquarters of the Woodstock Democratic Club, despite a driving, all night downpour.

Among the guests was the Ulster County Democratic chairman, William A. Kelly of Kingston, who praised the Democratic Club for its progress and foresight in setting up permanent quarters in the Cousins building on the Village Green. The county chairman predicted the Democratic party could capture the Board of Supervisors with a hard campaign this fall. He commended the Democratic organization for their rising strength in Woodstock township. The county chairman was introduced by Charles J. Tiano, Woodstock town chairman.

The Democratic Club is now in the process of furnishing the headquarters which will be open on a daily basis after Labor Day. After that date, the headquarters will be manned by a group of volunteers for several hours daily. All information pertaining to registration, voting and campaign material will be available to the public.

Thomas J. O'Brien, of Lake Hill, president of the Democratic Club, served as official host for the open house. Other members of the committee on arrangements included Al Kronenberg, secretary; Robert Kaiser, treasurer; and committeemen George Eichler and Vito Di Benedetto. Members of the women's division who assisted were Mrs. Betty Eichler, Mrs. Grace Di Benedetto, Mrs. Connie O'Brien and Mrs. Lisa Tiano.

Plan Food Sale

Woodstock American Legion Auxiliary 1026 will hold a food sale on the terrace of the Woodstock Guild, Saturday, July 1, starting at 10 a. m. All kinds of homemade food will be on sale.

Legionnaires Ill

Two members of Woodstock Post of the American Legion are hospitalized. Edmund Gilligan of Bearsville is at the Albany Veterans Hospital and William Pierpont Sr., is at the Benedictine Hospital in Kingston.

Why We Say--

DETACHABLE CUFFS: It wasn't long ago when men always wore highly starched detachable cuffs. Unpaid balances at the "general store" were written on the cuff with the idea that they would be paid off quickly, presumably before laundry day.

Not Dust Bowl of 1930s Yet

Bad Drought Grips Northern Great Plains

By THE ASSOCIATED PRESS

Vast reaches of the usually-green Northern Great Plains are turning brown under a hot sun untempered with cooling summer showers.

The rains have not come. Snow was scarce last winter. The result is not yet a dust bowl, reminiscent of the 1930s, but there is no mistake—a drought grips an area stretching from much of Minnesota through North and South Dakota into the prairie provinces of Canada.

The lack of moisture has struck hard at small grain crops, has hit cattle unable to find the usual lush spring pasture grasses and has spawned scores of forest and brush fires in regions noted for their June verdancy.

Mass calls for help have gone to Washington from public officials on behalf of farmers.

In North Dakota all but 2 of the 53 counties have been declared drought disaster areas. Similar designations have been extended to large chunks of South Dakota and northwestern Minnesota.

This means farmers may cut hay and graze cattle on land retired from crop production under the new feed grain program in the soil bank plan instituted several years ago.

Forest fire towers in northern Minnesota, normally deserted in June, are manned around the clock. Palls of smoke from Canadian fires wrapped a dull haze over parts of Minnesota and North Dakota this week.

CLOSE VIEW—Here's a camel inquisitive enough to find out what all the fuss is about during the filming of "Lawrence of Arabia," on location in the Arabian Desert.

Canadian troops have been sent to fight the largest blaze, sweeping the Whiteshell Reserve forest about 100 miles northeast of Winnipeg.

Canadian officials have despaired of saving wheat and other crops in Manitoba, Saskatchewan and Alberta, where the unseasonable heat has sent the mercury soaring over 100 in some sections.

Panhandles One FBI Agent, 'Aids' Other

CINCINNATI, Ohio (AP)—Here is what happened to two FBI agents the other day:

The agents, dressed like bums, were loitering on a Cincinnati street, looking for a certain fugitive.

Along came a panhandler with a tale of woe.

He told his story to one agent and asked for a dime.

The agent turned out empty pants' pockets with holes in them and told the panhandler an even sadder story.

The panhandler nodded sympathetically and moved on down the street to where the other agent was stationed. He told his story and asked for 20 cents.

He got it.

Then, according to Ed Mason, special agent in charge of the Cincinnati FBI office, the panhandler went back to the first agent, handed him one of the dimes, and shuffled away.

She's Well Fixed

FAIRFIELD, Vt. (AP) — Relatives got to figuring after hearing of the birth of Jeanette Franciskovich in Canton, Ill., June 23.

They figured Jeanette has: two grandmothers, two great-grandmothers and three great-great-grandmothers.

And for good-fairy grandmother measure, Jeanette has one step-great-grandmother and one step-great-great-grandmother.

Grammie-rich Jeanette is the daughter of the former Dianne Sheltra of Fairfield, now Mrs. Bancil Franciskovich.

The U.S.S. Triton—the swift, nuclear-powered submarine — takes its name from a large marine snail. The name also is that of the merman son of Poseidon, the Greek god of the sea.

Jaycees Return From Convention

Six local Jaycees are back in Kingston helping with plans for the 1961 Miss New York State pageant following their attendance at the national convention in Atlanta, Ga.

Representing the Kingston Junior Chamber of Commerce were Robert V. Carlzon, president; Ernest Rowe and wife, Frances; Abe Trowbridge and wife, Joan; Frank Longto, Wayne Archibald and Burton Davis.

The Kingston Jaycees reported on the high excitement of last minute campaigning for various national officers and added that Robert Conger of Tennessee finally emerged victorious for national president on the sixth ballot. Balloting began at 3 p. m. and the eventual winner was not known until midnight.

Delegates were from such distant points as Alaska, Hawaii and Puerto Rico.

Next year's convention is slated for Las Vegas, Nev.

Would Withdraw Rule On Taking Waterfronts

ALBANY, N. Y. (AP)—Federal seizure of beach and waterfront property in 11 counties is possible under a U.S. Interior Department ruling, the state attorney general says.

The federal ruling declares offshore land formed by tidal action, storms or shifting currents belongs to the federal government and may be classified as public property.

Attorney General Louis Lefkowitz said last night he had appealed to New York congressmen to urge the interior department to withdraw the rule, which was adopted last Nov. 8.

Lefkowitz said the federal rule might affect counties on Long Island, and nine Upstate counties bordering Lakes Erie and Ontario.

FOOD FOR AMERICANS

Kase Kuchen Is Swiss Favorite

FOR MAIN COURSE, snack, or appetizer, serve this zestful, classic cold torte. It's made with Switzerland Swiss cheese.

GAYNOR MADDOX
Newspaper Enterprise Assn.

Switzerland is primarily a dairy country, which explains why their menus feature so many cheese dishes.

"Gateau au Fromage" or "Kase Kuchen" is a classic cold torte, made with their nutty Switzerland Swiss cheese.

It can be served as a luncheon or supper dish, cut in pie wedges. Or, cut in small sections, it serves as a snack or appetizer.

Switzerland Kase Kuchen

Dough:

2 cups all-purpose flour
1 teaspoon salt
1 stick (¼-pound) butter or margarine
¼ cup cold water

Filling:

6 egg yolks
3 tablespoons butter
2 cups sour cream
3 tablespoons flour
I teaspoon salt
1½ cups Emmenthaler Swiss cheese, grated.

Sift flour and salt together. Cut in butter or margarine until butter or margarine pieces are the size of peas. Sprinkle cold water over top of flour mixture. Stir until dough forms a ball.

Roll out pastry, fit into the bottom and 1-inch up on the sides of a 10-inch layer cake pan. Prick with a fork; bake at 400 degrees F. for 10 to 15 minutes, or until pastry is golden brown. Cool.

Beat egg yolkes. Add soft butter or margarine and sour cream. Cook over a low flame, stirring constantly until slightly thickened.

Combine flour, grated cheese, salt and garlic salt. Add all at once to the sour cream mixture. Stir until cheese is melted and mixture is thick and smooth. Chill.

Spread cooled mixture on pastry. Decorate with salted whipped cream, sliced tomatoes, black olive slices, flat fillets of anchovies and sieved egg yolk.

Father Burke Is Named Pastor of NewburghChurch

The Rev. Edmund D. Burke, a former assistant pastor at St. Joseph's Church in Kingston, has been appointed pastor of the Church of St. Mary in Newburgh.

His appointment was announced today by His Eminence, Francis Cardinal Spellman.

Father Burke, who was born Jan. 5, 1902, was ordained to the priesthood June 11, 1927. He served in Kingston following his ordination and later at St. Augustine's Parish in Ossining. On June 13, 1953, he was named pastor of the Church of Our Lady of Loretto in Cold Spring.

Replacing Father Burke at the Cold Spring parish is the Rev. Jeremiah J. Quill, former assistant pastor at St. Denis Church, Yonkers.

Father Quill was born Nov. 6, 1906, and was ordained to the priesthood May 21, 1932. Following ordination he served as assistant at St. Lawrence O'Toole parish in Brewster; Nativity of Our Blessed Lady parish, Bronx and Immaculate Conception parish, Staten Island. On Sept. 12, 1940, he was appointed assistant to the Yonkers parish.

Herkimer Turns Down Area Hospital Plan

HERKIMER, N.Y. (AP)—Residents of this community have voted overwhelmingly to expand their hospital rather than join in building an area hospital.

The voters Wednesday night turned down, 738-279, a proposal to join with neighboring German Flatts and Frankfort to build an area hospital, with the aid of federal funds.

The Herkimer residents approved, 956-372, a plan to expand the village-owned Herkimer Memorial Hospital, even though the expansion will not be aided by federal funds.

The vote in the referendum, however, is not binding on the village board, which must make the final decision.

Second Institute Set

ALBANY, N.Y. (AP)—The second, annual Institute of American Studies of the State University of New York will be held July 5-28 at the university's Long Island Center, Oyster Bay.

The theme will be "The American Tradition and the Challenge of World Communism."

Would Bar Race, Religion Basis In Naming Tickets

SCHROON LAKE, N.Y. (AP)—Atty. Gen. Louis Lefkowitz, head of a New York City political ticket that follows traditional religious and racial lines, maintains race, color or religion should be rejected as a basis for chosing candidates.

Lefkowitz, Republican candidate for mayor, told the annual convention of the State Association of Election Commissioners:

"Criteria of race, color or religion must not be allowed to become pivotal points in the selection of candidates for public office. When we allow such differences to dictate our choice, we are false to our American ideals."

Lefkowitz' ticket, however, followed the usual effort in New York City contests to give representation to Irish - Americans, Italian-Americans and Jews.

There is general agreement that the Democratic slate will have the same racial and religious representation as that of the GOP.

In another speech, at the session, State Comptroller Arthur Levitt said that New York State spent more than $10 million, or about $1.50 for every vote cast, for elections last year.

"That's a cheap price to pay for such a privilege, but it is an expensive waste in terms of citizens who did not vote," Levitt, a Democrat, said.

The Emperor Charlemagne (742-814) founded many cathedral and monastery schools although he himself was illiterate until his old age.

Boy Has Hopes H'll Get His Sight Back

ROCHESTER, N.Y. (AP) — A team of surgeons may be able to give Chris Wells the nicest birthday present ever.

The 12-year-old boy entered the hospital today to begin a series of operations to remove what has been diagnosed as congenital cataracts in both eyes.

Physicians at first had planned to wait until the boy was in his teens, but because of the fading sight decided to start today.

Chris hopes to be out of the hospital by July 8 to celebrate his birthday at home in Clifton Springs.

If all goes well, he may realize his fondest ambition: to get his regular turn at bat in the T-shirt baseball league. On bright days, Chris' view of the ball is clouded and he has to step aside for a pinch hitter.

A WOMEN'S HOTEL BILL

Q: A man I know very well has recently been transferred to another city. He has invited me to come and visit him when I get my vacation. He lives at a club and I will stay at a nearby hotel. I would like to know who pays the hotel bill. Shouldn't he pay this since he has invited me and I am his guest?

A: You can hardly go to a hotel and have your bill paid for by a man without risking criticism. Correctly, you pay your own hotel bill and he, of course, would take you out to meals and pay for any entertainment.

Stepfather's Name Was Ommitted

Q: My youngest son by a previous marriage is going to be married next month. The invitations read:

Mr. and Mrs. John Smith
request the honor of your presence
at the marriage of their daughter
Jane Smith
to
Mr. Henry Brown
son of Mrs. William Doe

Shouldn't they have read, "son of Mr. and Mrs. William Doe"? My present husband feels very hurt because his name was omitted. My first husband is still living.

A: Correctly, the bridegroom's parents' names are not included on the wedding invitations. However, since the invitations were made up as you describe, "son of Mrs. William Doe" was quite right as your son is not the son of his stepfather.

Introducing Baby Sitter

Q: When friends call for us to go out for the evening is it necessary to introduce the woman we have engaged to stay with the children, to them?

A: If she is in the room with your friends for any length of time, yes. If you merely go right out with them, no. In other words, you would not take them into the room especially to introduce them.

O'Connell-Sheeley Nuptials Performed At Holy Cross Church

Mrs. Ethel Mae Van De Mark Sheeley of Port Ewen and William Michael O'Connell of Ellenville were wed Sunday, June 18, at Holy Cross Episcopal Church with the Rev. Kenneth A. B. Hinds, rector, officiating at the double ring ceremony.

Henry Peyer, soloist sang Through the Years, Because and O Perfect Love, accompanied by Walter Kidd, organist. James Sheeley, son of the bride was altar server. Church decorations were arrangements of red and pink roses.

Given in marriage by her brother, Clarence Van De Mark of Lake Katrine, the bride wore an aqua lace gown matching hat and veil. She carried a nosegay of yellow roses and daisies.

Mrs. Ronald North of Kingston was matron of honor. She wore an orchid nylon frock with white daisy trim and a hat of orchid and white daisies. Her colonial nosegay was of yellow daisies with yellow ribbon.

Other bridal attendants were Miss Edna Van DeMark, sister of the bride and Mrs. Alfred Boomer of Port Ewen. They wore yellow nylon dresses with white daisy trim and hats of yellow and white daisies. They carried colonial nosegays of yellow and white daisies with white ribbons.

Linda Jean Sheeley, daughter of the bride, was flower girl. She wore a pink lace street length gown with matching headband veil, and carried a princess basket of pink and blue daisies with blue ribbons.

Samuel Wood of Kingston was best man with William Blume and Rocco Sorbella of Kingston as ushers. Ringbearer was Jesse L. Sheeley, son of the bride.

A reception for the bridal party and immediate families was held at Aiello's Restaurant.

The couple will make their home at 135 East Main Street, Port Ewen following a trip through central and southern New York State. For traveling Mrs. O'Connell chose a green sheath dress with white accessories and a corsage of yellow roses.

Mrs. O'Connell, daughter of Mrs. Clarence Van De Mark and the late Mr. Van De Mark, is the widow of Jesse Sheeley. She is a Kingston High School graduate.

Mr. O'Connell attended Kingston High School and is a veteran of service with the U. S. Army in the South Pacific.

Miss Patricia Ann Arnold, daughter of Mr. and Mrs. Edward R. Arnold Jr. of 196 Foxhall Avenue, and Richard K. Cooney son of Mrs. James Cooney of 45 Abbey Street and the late Mr. Cooney, exchanged vows before a nuptial Mass 12 noon Saturday, June 24, at St. Peter's Church. The bridegroom's brother, the Rev. Romaeus Cooney, a teacher at St. Albert's Carmelite Seminary, Middletown, officiated at the Mass and the double ring ceremony.

Miss Nan Goldrick was organist and Miss Joan Lynch, soloist, sang Ava Maria, Panis Angelicus, Jesus Thou Art Coming, and On This Day O Beautiful Mother. Arrangements of gladioli and mums decorated the altar.

Escorted in marriage by her father the bride wore a gown of nylon sheer over taffeta styled with a fitted bodice of Chantilly lace scalloped neckline trimmed with sequins and seed pearls and long tapered sleeves. The full skirt was trimmed with lace appliques and pleated bustle back. Her veil was secured by a wreath of orange blossoms.

Mrs. William P. Smith was matron of honor. She wore a blue nylon organza gown with a fitted bodice picture neckline and short sleeves. A coronet of embroidered horsehair secured her circular veil and she carried a basket of summer flowers.

Other bridal attendants were Mrs. Leo Keating and Miss Rose Deuire with her sister, Miss Jane Arnold, as junior bridesmaid. Attendants were gowned in pink nylon organza with matching coronets and baskets of summer flowers. Miss Arnold wore a floor length gown of pink silk organza styled with a scooped neckline, puff sleeves and a taffeta cummerbund. She wore a matching coronet and carried a basket of flowers.

Best man was Robert Finch of Kingston. Ushers were Thomas and William Van Etten, both of Port Ewen.

Approximately 130 guests attended a reception at the Capri Restaurant, Port Ewen.

For a trip to California, the bride wore a two-piece pink checked dress with white accessories and a white carnation corsage. Upon their return the couple will be at home at 143 Elmendorf Street.

Both are graduates of Kingston High School. Mrs. Cooney is employed by Brinnier and Larios. The bridegroom is employed by Channel Master, Ellenville.

Sciarrino-Pioli Double Ring Nuptials Are Performed at Ellenville Church on June 24

MR. AND MRS. JOSEPH F. SCIARRINO
(Photo Workshop photo)

The double ring nuptials of Miss Lorraine Theresa Pioli and Joseph Frank Sciarrino, both of Kerhonkson, were performed at 11 a. m. Saturday, June 24, at St. Mary's and St. Andrew's Church, Ellenville, by the Rev. John L. Cunningham, pastor.

Sister Mary Virginia, organist, and the Sisters Choir of Doughters of Mary, Health of the Sick, Ellenville, provided musical selections. Arrangements of white gladioli and mums decorated the altar.

The bride, daughter of Mr. and Mrs. Lawrence Pioli, Route 1, Box 358, Kerhonkson, was given in marriage by her father. She wore a gown of white silk organza fashioned with a fitted bodice, abbreviated sleeves and a circlet neckline. Her bouffant skirt swept back into an aisle wide circular train. The bodice and skirt were trimmed with Alencon lace motifs reembroidered with seed and oat pearls and iridescent sequins. Her wide veil of French illusion was shirred to a bridal crown of Alencon lace edged with seed pearls and she carried a white prayer book with orchids and stephanotis.

Miss Lucy Ann Sciarrino of Kerhonkson, sister of the bridegroom, was maid of honor. Her gown of peony pink organza over taffeta was styled with a softly draped bodice, satin midriff and bell shaped street length skirt. She wore a matching crown trimmed with aurora crystals and a circular flirtation veil. She carried a white satin and lace fan with rubrum lilies.

The Misses Maria Zazzi of Newburgh and Terry Zazzi of Bellrose, L. I., cousins of the bridegroom were bridesmaids. Their gowns of azalea pink organza were identical in style to the honor attendant's Their headpieces were single roses of nylon braid with tulle flirtation veils and they carried white fans covered with rubrum lilies.

Iris Wolfson, sister of the bridegroom, was flower girl in a bonbon pink Kate Greenaway gown. She wore a matching miniature crown and carried a basket of rubrum lilies and baby's breath.

Leonard Renna of Bellrose, L. I. was best man. Richard Zazzi of Babylon, L. I., a cousin of the bride and Neil McCawley of Kerhonkson were ushers. Junior usher was Randy Zazzi of Babylon, L. I., a cousin of the bride.

A reception for 130 guests was held at the Brookside in Accord.

After the wedding trip to Florida and Nassau the couple will reside in Kerhonkson. For traveling the bride chose a black crepe dress with white organdy hat and champagne mink cape.

A graduate of Rondout Valley High School. Mrs. Sciarrino is employed at the export office of Channel Master, Ellenville.

The bridegroom, son of Mr. and Mrs. Aleck Wolfson of Kerhonkson, is a graduate of Rondout Valley High School and is a foreman with Ulster Tile Company.

Summer Theatre

Hyde Park Theatre

The Tennessee Williams play, Sweet Bird of Youth, will open at Hyde Park Playhouse, Route 9, July 4 and continue through July 9.

Eileen Letchworth, remembered for her fine and definitive portrayals last season of Mrs. Dolly Levi in "The Matchmaker" and Minna Hinks in Gore Vidal's "On the March to the Sea," plays what has been called "an actress' dream role"; Alexander del Lago, and Don Janeck, an exciting, handsome newcomer to Hyde Park, as Chance Wayne — the young, opportunistic, would-be actor recreates the role played by Paul Newman on Broadway. Also appearing will be Jacqueline Hyde as Heavenly, David Clarke as Boss Finley, Eliza Kent as Lucy and a cast of 15. Entire production is under the direction of M. David Samples.

The age of dinosaurs lingers on four rarely visited islands of Indonesia. There, 10-foot-long lizards often weighing 200 pounds still stalk prey, sharp claws glinting and forked tongues flicking out of massive heads.

Ronald Perry Is On Dean's List

Summer Sessions Begin at New Paltz College on Monday

Nearly 1,400 students are expected to enroll in the 1961 summer session at the State University College of Education, New Paltz, which is scheduled to begin Monday, July 3, according to Dr. Richard F. Klix, director of the summer session.

The summer program includes an eight week session from July 3 to Aug. 26 for under-graduates, a six week session from July 3 to Aug. 11, and a six week session conducted by the College at New Paltz on the Campus of the State University Agricultural and Technical Institute in Farmingdale for graduates from July 3 to Aug. 12.

In addition, a three week course on Education Programs for the Early School Years, will be conducted from July 3 to July 21, and another three week course on Use of Creative Materials with Young Children, is scheduled from July 24 to Aug. 11. Several two week sessions are scheduled on the campus from Aug. 14 to 25. These courses include; a workshop in diagnosis and remediation of reading difficulties, a workshop on the teaching of science in the elementary school, a workshop in the social history of New York, and a workshop in driver education.

Another two week course scheduled from Aug. 14 to 25, entitled Field Studies in Conservation, will be conducted on the New Paltz College Camp in the heart of the Catskills. Students will be lodged in the camp dormitories and food will be served in the camp's dining hall.

The several other courses of study offered during the summer session on the campus include: an art workshop for high school seniors, Aug. 13 to 25; a seminar on Asia and a seminar on Africa from July 3 to Aug. 11; a seminar on Latin America and a course about the land and people of Japan, also scheduled from July 3 to Aug. 11. The 11th annual administrator's institute, an all day session on school law, will be conducted on the campus Aug. 3.

Further information concerning the summer session program and the various courses offered, may be obtained from the director of summer session at the college.

Public Hearing Slated on Rt. 23 Realignment Plan

A public hearing Thursday, July 13 at Catskill High School auditorium conducted by the State Public Works Department will hear viewpoints regarding the realignment of Route 23 in the Leeds area.

This, the third session will deal only with the plan for the proposed reconstruction from just south of Catskill Swimming Pool to Cairo Junction Road.

Oreste Vincent, a member of a committee named by Catskill Young Republican Club said 95 business establishments on Route 23 between Jefferson Heights and the Aratoga Hill will be directly affected by the proposed limited access highway proposed between Catskill and Cairo.

The club has gone on record opposing the proposed limited access and Attorney Vincent will attend the hearing to present their views on the proposal.

He said a limited access highway means that nothing can be constructed on such a highway and vehicles can only enter or leave it from a few designated intersections. This will either completely destroy businesses along the route or will do irreparable harm to them, he said.

Last July and again in January the department presented plans for the entire realignment project, a four-lane limited-access highway from the railroad bridge on Rip Van Winkle Bridge approach to a connection with the Cairo by-pass.

A great drought in the Colorado Wetherill Mesa put an end to farming and hunting activities of the Pueblo Indians who were cliff dwellers in that region.

The Cool and Airy Hats of Summer

There's a light and airy look for the hats of summertime. The romantic picture hat (upper left) is done in layers of cafe au lait veiling for a frothy effect. This is a Hattie Carnegie design. Ideal for travel is this turban-wrapped cloche of white, coffee and forest green silk (upper right) by Mr. Arnold. It compresses for easy packing; it provides protection for a coiffure. For hazy blue summer evenings, there's this pouf of seafoam green organza (lower left) that's pure flattery by Don Anderson. Lilly Dache does a version of sou'wester (lower right) in beige straw trimmed in grosgrain.

Braves Play Millbrook Monarchs Saturday Night at Dietz

Deke and Charlie Johnson to Play With Visitors

Kingston Braves fans get the first chance to watch the only all-Negro team in the New York-New Jersey League Saturday night at Dietz Stadium.

The Millbrook Monarchs, one of the new entries in the NY-NJ circuit, are scheduled to meet the Braves at 8:30 p. m.

This is a veteran aggregation that has been handled for several years by Morgan Reed, an old time Dutchess County area baseball star.

The arclighter at the stadium is preceded by an afternoon game at Beacon for the Braves.

Perhaps the best known performers with the Monarchs are the famed Johnson brothers — Charlie and Deke — a pair of Poughkeepsie High School athletic immortals. Both are fleet, hard hitting, hard throwing outfielders.

Gordon Is Pitcher

Bud Gordon is the Monarchs' No. 1 pitcher, with Jim Gordon available for relief and outfield duty. Another stickout is Bobb Reed, third baseman and son of the team manager. Reed started his professional career as a pitcher in the New York Giants farm system but has concentrated on playing the infield in recent years.

Boasting a 6-1 record and perched atop the Western Division of the NY-NJ, the Braves can further solidify their position with a sweep of Saturday's games.

Al Corwin, ex-Giant pitcher who has been virtually unbeatable to date, is expected to start the afternoon game at Beacon, with southpaw Bob Maines or Lerry De Vita going against Millbook at night.

Buffalo Ends Hitting Slump

By THE ASSOCIATED PRESS

The Buffalo Bisons have stampeded right out of their batting slump in the International League.

Held to only 15 hits in their last previous four games, they matched that Wednesday night in a 9-3 victory over Richmond.

League-leading Columbus increased its lead to three games as the Jets nipped Toronto, 1-0 in 10 innings. Charleston split with Syracuse, taking the opener, 6-1, but lost the nightcap, 2-1 while Rochester took a pair from Jersey City, 5-4 and 4-2.

RyneDuren Tops Yanks Whiffs 12

By ED WILKS
Associated Press Sports Writer

Ryne Duren, one-time New York Yankee relief ace, struck out 12 and allowed only three hits while just missing his first complete game in the majors as the Los Angeles Angels defeated the Yanks 5-3 Wednesday night.

The fire-balling right-hander also singled home two runs, with his first hit in three years, ahead of Albie Pearson's wrapup, three-run homer in the sixth inning.

The defeat left the Yankees 1½ games behind first place Detroit, The Tigers ended Chicago's winning streak at 12 by beating the White Sox 12-5.

Third-place Cleveland split a twi-night pair with Washington, winning 3-2 before the Senators took a 5-2 decision. Baltimore broke a tie with Chicago for fourth place by beating Kansas City 5-4. And Boston defeated Minnesota by a score of 6-2.

Duren (3-8) allowed only two singles through the first eight innings as he faced the Yankees for the first time since the May 8 trade. Then, pressing and tiring, he gave up his fourth walk, to Roger Maris, leading off the ninth, and Mickey Mantle followed with his 24th home run. Jim Donohue mopped up in relief, retiring Yogi Berra, Bill Skowron and Johnny Blanchard in order. Berra singled in the fourth inning for his 2,000th major league hit.

Mossi Wins 9th

Bob Turley (3-5) was the loser. The Tigers collected 16 hits and handed the White Sox their second defeat in 21 games with a seven-run seventh inning. Don Mossi (9-1) gave up 15 hits, but went all the way for the victory. Ray Herbert (6-7) was the loser.

An error by losing pitcher Joe McClain (6-7) and a sacrifice fly by Mike De La Hoz produced three runs as Cleveland came from behind in the fifth inning of the opener. Jim Perry (7-5) was the winner. Dale Long them homered and paired with Marty Keough for RBI singles in a winning two-run sixth as Washington took the nightcap behind Bennie Daniels (4-4). Jim Grant (7-2) lost his second in a row.

A three-run homer by Earl Robinson capped a clinching four-run second inning for the Orioles at Kansas City and beat Jim Archer (6-2). Wes Stock (3-0) was the winner in relief.

Jackie Jensen's two-run single, in the first inning, and solo homers by Gary Geiger and Frank Malzone did it for the Red Sox as Ike Delock (5-3) breezed in with a five-hitter. Camilo Pascual (5-10) was the loser.

L A Gains Half Game On Redlegs

by ED WILKS
Associated Press Sports Writer

The second place Los Angeles Dodgers, with expected ace Don Drysdale (5-5) still winless against the first division, lost 9-3 at Pittsburgh Wednesday night and picked up only a half-game on Cincinnati in the National League race.

Cincinnati came off with a 2½-game lead although dropping a doubleheader to the Chicago Cubs 16-5 and 7-2.

Third place San Francisco four times blew leads and wound up with a 7-7, 15-inning tie at Philadelphia in the longest night game (5 hours, 11 minutes) in major league history. Milwaukee moved over .500 for the first time since Memorial Day by slugging St. Louis 8-3.

Southpaw Joe Gibbon (6-3) beat the Dodgers for the third time in three decisions. He struck out seven, walked but one and allowed six hits, two of them solo homers by Frank Howard and Daryl Spencer.

The Cubs collected 25 hits, 12 for extra bases including five home runs, while beating Bob Purkey (9-4) and Jim O'Toole (6-7). Ron Santo, after going hitless in 14 trips, drove in seven runs, five with two homers, in the first game behind winning right-hander Glen Hobbie (5-9).

Southpaw rookie Jack Curtis (4-2) then held the Reds to four hits in the nightcap as the Cubs made it seven out of 11 against Cincinnati this season.

The Phils and Giants each got three runs in the 15th (last inning under the 12:50 a.m. curfew rule), with the Phillies getting the tying run on a freak error. Tony Gonzalez, who had singled home one run in the inning, scampered in from third when catcher Hobie Landrith got off a high peg on a routine, return toss to pitcher Mike McCormick.

Milwaukee stayed within one game of fourth place Pittsburgh as the Braves put away their eighth victory in 10 games with a three-game sweep at St. Louis. They scored three unearned runs in the second inning against loser Bob Gibson (5-5), then piled up four runs on homers by Joe Adcock and Frank Thomas in the third and fifth innings. Rookie Bob Hendley, a southpaw, won his first, but needed relief help when the Cards scored their three in the eighth inning.

SPORTS

By CHARLES J. TIANO
Freeman Sports Editor

Like many Texans, Sam Nunis, a dapper, dynamic auto racing tycoon out of Nunis, N. J., likes to do things big.

A one-time automobile racing announcer (rated the nation's best in his time), Nunis followed his native Lone Star instincts that led to the more lucrative side of the sport, first as driver and then as promoter. He enjoys high stature in the promotional field today. He is operator of the only paved one-mile speedway in the entire east coast, with a seating capacity of 22,000, namely the Trenton International Speedway located on the New Jersey State Fair Grounds in Trenton.

This colorful native of Farmersville, Texas, is in his 38th year in the profession, starting as a grease monkey, billposter, announcer and then driver. The first half of the name of his hometown is an anchronism, so far as Sam Nunis is concerned. Far from a farmer, he is urbane, polished and comfortably ensconced behind a glass of champagne and a Torino steak, he cut a commanding figure.

Surrounding Nunis, who introduces Indianapolis-type racing the 4th of July at Onteora Speedway, was Dick Lane, Onteora operator; Ed Ryan of Hyde Park and Fred McBride, Nunis' advance man. Nunis had driven up from Trenton to inspect the Olive Bridge oval where some 30 topnotch big car drivers are expected to perform before 5,000 persons on July 4.

The story of his life on and around the racing profession rolled from his lips in a delightful Texas twang he has not completely shed, although he migrated among the Pennsylvania Dutch at the age of eight. And that was some time ago.

• Of Friends and Money:

Dick Lane observed that he was going through a sometimes discouraging period trying to build Onteora Speedway into a track of stature. He wasn't making money but he was "meeting a lot of nice people and making many friends."

"I've been through the same thing in and out for 38 years," said Nunis. "But wouldn't it be nice if we made all these friends and a little money, too." Sam Nunis may or may not be a wealthy man, but, more important, he is one of the most respected figures in his business with a long list of impressive credentials compiled over the years.

He liked the sylvan setting along Route 28 fronting on the reservoir, he said. It took him back to Texas where this story began. A serious accident halted his racing career in 1926 and he carries an 8-inch silver plate in his left leg, an inch below the hip bone socket, as a memento of the occasion. For the next six years, Nunis served as talent scout, advance man, and booking agent for the late, great Ralph A. Hankinson.

Upon Hankinson's death in 1942, Nunis inherited the Hankinson circuit which was at the time the largest open cockpit professional racing organization. Nunis continued to operate the Hankinson circuit and in 1946 when racing was resumed after a wartime break, he started building his own empire which came to be known as the Sam Nunis Speedways. He has since conducted more than 80 auto race meets a year, more than all the races produced by other promoters in the United States.

A highly successful promoter, Nunis performs his mission with easy elegance. His makeup is devoid of the high pressure tactics common in many professional promoters. He may have inherited this elegance from his family which had an extensive background in theatre drama.

• A Man of Elegance:

Nunis is married to the former Dorothy Dunn, who was one of the principal performers in the great Winter Garden revues in pre-war New York City. They have two daughters: Josephine, 17, and Vicki, 15, and both children have shown outstanding dramatic and musical talent. A son by a former marriage is an assistant producer and director to the famous John Beck company in Hollywood.

Sam Nunis is cut from a different cloth than most professional operators. An exacting gourmet, he is a firm advocate of graceful living, a stark contrast to the tumultuous business which has brought him fame and fortune.

Since leaving the Ashokan area, Nunis has written he made the return trip to Trenton in 2 hours, 25 minutes. Proving that it's hard to break old habits.

Duren Has 3 Hits, Two Against NY

LOS ANGELES (AP) — Ryne Duren, who became a major league star as a fastballing relief pitcher with the New York Yankees, has had only three hits in have been against the Yanks.

His first was a run-producing single as he lost to the Yankees 3-1 in his first major league start, his six-year career — and two back on May 2, 1957. He was pitching for Kansas City then.

Wednesday night, he brought the Los Angeles Angels from behind with a two-out, two-run single in the sixth inning and went on to beat the Yankees 5-3.

That was his first hit since he laid down a bunt single against the Chicago White Sox on July 13, 1958. He had gone hitless in 34 at bats since then. Over-all, he's batting .050 in the majors, 3-for-60.

Lehigh Hanover Sets Spa Record

Lehigh Hanover set a national season record for two-year-old pacers in copping the first dash of the $10,000 Chatham Pace in 2:04 at Saratoga Raceway last night.

The colt proceeded to finish second in the second dash behind Raceaway to earn the trophy, based on the best combined finishes in both races.

Stanley Dancer drove Lehigh Hanover to its record victory with a great drive in the final quarter of the race.

Last night's double at the upstate track returned $83.00. The combination was 6 and 5.

Lavagetto Still Follows Baseball

ORINDA, Calif. (AP)—The first thing Cookie Lavagetto does when he opens a newspaper is turn to the sports pages for a look at the baseball box scores.

"Just call me Gus Fan," says Cookie. "I'm still as interested in baseball as anybody."

Lavagetto, back at his home near Oakland, says he isn't bitter after being fired by the Minnesota Twins.

"Why hold a grudge?" he asks with a shrug. "I'm sure I'll be back in baseball before very long."

Except for four years during World War II when he was in the Navy, this is the first summer since 1932 that Lavagetto hasn't been in professional baseball.

Now 45, he's enjoying a summer with his wife and children for the first time in his life.

"I've been promising to take the kids fishing for so long it's not funny. We're finally able to do it," says Lavagetto.

As for the American League, Cookie figures on a four-team race with the New York Yankees winning the pennant.

"Detroit, Cleveland and the White Sox will all be battling and in the first division," Lavagetto says, "but unless the Yankees run into injuries—especially to Mickey Mantle and Tony Kubek—I feel they're the team to beat."

Mike Boyle Hurls 10th Win; As Anchorage Routs Hilltop

Mike Boyle pitched his 10th City Softball League victory of the season, as Anchorage Rest put on a power display to rout Hilltop Rest, 18-2.

Boyle scattered eight hits, struck out seven and had a shutout until the seventh inning. The Anchorage, meanwhile, clubbed 16 hits off George Norton, including home runs by Barry Trafficante and Roy Casella.

In other games, Bill Costello of Armstrong's nipped Chick Carpino of Chez Emile, 3-2, in a duel of 5-hitters, while Subway Grill edged Nadler's, 3 to 2, behind the 2-hit pitching of Bob Lasher.

Jay Bertha went "4 for 4" for Anchorage, with three singles and a triple, as the winners extended their league lead to a game and a half. Ted Beland stroked a double and two single. Bud Schlanger paced the Hilltops with three singles.

Armstrong Hits Homer

Johnny Armstrong's home run was the difference in the Armstrong-Chez Emile contest. He also hit a single.

Lasher limited Nadler's to singles by John Kozlowski and Steve Tentowski. The winners had five safeties off W. C. Lindsey, including a pair of singles by R. Cea and a double by Champ Holstein.

FlintGolfTourney To Start Today

FLINT, Mich. (AP) — Gene Bone, head pro at Warwick Hills where the fourth annual Flint Open Golf Tournament started today, should have been a horseplayer—or perhaps a weatherman.

He's that good a forecaster.

"It'll take a 282 to win here," said Bone, whose job it is to know every inch of the vast Warwick Hills layout in suburban Grand Blanc.

He goes by the form sheet—his knowledge of the 7,280-yard course — when making his prediction.

Twice before Bone has made the same forecast on the eve of the 72-hole tournament—a 6-under-par 282 for the winner. He hit it right on the button both times.

Bone said 282 would win it two years ago, his first year as W wick Hills' pro. Art Wall and Dow Finsterwald tied at 282 after 72 holes. Wall won in a playoff.

Last year power-hitting Mike Souchak won with another 282, just as Bone predicted the winner would do.

A starry field of 148 professionals and 11 amateurs is entered in the tournament which ends Sunday.

Absent are the year's top two PGA money winners, Gary Player and Arnold Palmer. Doug Sanders, No. 3 on the year's money list and a runnerup in the National Open, thus becomes another favorite.

The sentimental favorite, of course, is Sam Snead.

Dickie Kerr Gets Baseball Award

HOUSTON, Tex. (AP) — The former major league pitcher who upheld baseball's honor during the 1919 "Black Sox" scandal, Dickie Kerr, received a silver tray from baseball Commissioner Ford Frick Wednesday night.

The presentation came during the American Association Houston-Indianapolis baseball game.

"To Dickie Kerr, a great baseball hero," the message on the tray read.

Kerr won two games during the 1919 series between the Chicago White Sox and Cincinnati. It later developed some of his teammates had been paid to lose.

Frick said Kerr is "a man of integrity and honor" and said baseball owes him an eternal debt.

Rebel Harris Wins at Lebanon

D. D. (Rebel) Harris of Poughkeepsie, who will be gunning for his 5th feature win in the 50-lap spectacular Sunday at Onteora Speedway Park, led all the way to capture last night's 20-lap feature at Lebanon Valley Speedway.

Doug Harrison of Hudson dogged Harris most of the way to finish second. Following this pair across the line were two popular Onteora favorites—Stretch Van Steenburgh of Saugerties and Ernie Beesmer of Olive Bridge.

Harris won the first heat; Garrison the second and John Rohan, Poughkeepsie, the third.

Onteora Speedway presents its first 50-lap feature Sunday and Harris is a strong favorite to make it No. 5 for the season. The Indianapolis-type big cars are scheduled at Onteora on Tuesday, July 4.

Stocking Bass

ALBANY, N.Y. (AP)—The Conservation Department is stocking Cranberry Lake, in St. Lawrence County, with bass in an effort to revive trout fishing there.

The department said Wednesday it hoped the bass would control yellow perch, which had ruined the once-good trout fishing in the lake.

Mrs. Howard DeWitt's Net 33 First in Calloway Tourney

Mrs. Howard A. DeWitt fired a 33 to win low net honors in the Calloway tournament staged by Wiltwyck Country Club women Wednesday.

Tied for second low nets with 35's were Mrs. C. Lincoln Christensen and Mrs. Seymour Werbalowsky. Miss Agnes Kennedy posted low gross of 52. Mrs. Maurice Davenport and Mrs. Haskell Naigles tied for second place with 53's.

The largest ladies day turnout of the season, 26 players, turned out for the Calloway event. This is a system of selecting a fair method of one-round handicapping where participants are not permitted to use their established handicaps on which to determine net scores for prizes. It proved to be an interesting innovation, with the result that there was only a 10-point difference from the lowest to the highest scorer. The nine-hole scores were doubled.

Because of the large turnout, additional prizes were awarded at the buffet luncheon that followed the tournament.

Mrs. C. Lincoln Christensen was the hostess for the day.

Qualifying rounds for the Wiltwyck Country Club women's championships are scheduled now through July 9. It is requested that all those who are qualifying report to the club pro, Scotty Robertson, before starting qualifying rounds. Qualifying rounds are based on continuous 18 hole scores. Mrs. George C. Rifenbary is the current champion.

The regular Ladies Day on Wednesday, July 5, will be a Poker tournament. Tee time is 9:30 a. m.

KPA, Elks Club, K of C Score Victories in Babe Ruth Loop

Two close games and a lopsided one were featured in the Babe Ruth league last night. The KPA pushed three runs across the dish with two outs in the seventh frame to nip the Vols, 4-3, at Loughran Park.

In a doubleheader at Dietz stadium, the Elks shutout the 35 Club, 1-0, on a seventh run, and the Knights of Columbus walloped Hurley, 14-9.

Dave Potter stroked a double in the seventh inning to bring the KPA from behind and give Gary Greiner a victory. Greiner struck out 12 and allowed six hits. Potter and Bill Rhinehardt had three hits each for the winners.

John Tremper singled to score Jim Leahy in the 1-0 verdict for the Elks at the stadium. This was a good pitching duel behind Wolf and loser Gene Rios. Both sides had only three hits with Paul Natale's triple being the only extra base knock.

The Knights overcame a 6-2 deficit with eight runs in the third inning. The winners banged out 11 base hits with Horton getting a double and triple, Thomas a double and Clearwater a triple. Prosser had a three base blow for the losers.

Thursday's schedule shows Rotary vs. the VFW at Loughran Park and Kiwanis meeting the Moose and Legion playing the K of C at the stadium.

EK Dodgers Win Pair From Braves

The Dodgers went on a hitting rampage in the Glasco-East Kingston Little League and won a pair of recent games. The club walloped the Braves, 17-2 and 10-6.

Bob Grosline hurled the 17-2 verdict. He allowed three hits while his mates pounded 10. Bill Mahoney and Randy Ciarlante had two doubles. Stelz also had hit doubles while Roger Stelz had two doubles. Stelz also had a pair of singles. Ciarlante and Carl Legregni scored four times each.

Stelz and Lou Beal homered in a fourth inning rally to spark the 10-6 decision. Ciarlante was the winner over John Beardi.

Legregni, Mike Amato and George Falcon slammed doubles.

Esopus Braves Stop Yanks, 3-0

Despite the fact they managed only one hit, the Braves knocked the Giants from the unbeaten ranks with a 3-0 decision in an Esopus Legion Little league tilt last evening.

The winners opened with a two-run surge in the first frame and added another in the fifth. Craig Johnson limited the Giants to three safeties in topping Jeff Lisman in a good hurling duel.

Johnson had the only hit for his club, a single. Shortstop Dick Kren had two singles and Rick Ahearn had the other single for the losers.

The line score:

	R	H
Braves ..... 200 010—3	1	
Giants ..... 000 000—0	3	

Craig Johnson and Rich Ives; Jeff Lisman and Clint Elting, Orlando Landi.

NLL Cubs Nip Tiger Nine, 3-2

The Cubs stopped a last ditch Tiger rally and nipped the first round champions, 3-2, in a National Little league contest last evening.

Glen DeWitt went all the way to get the win over Steve Van Dyke. Both clubs had four safeties with Warren Kelder and Chip Grover getting two each for the Tigers.

The winners scored single runs in the first, second and fourth frames while the Tigers tallied their pair in the sixth.

The line score:

	R	H
Cubs ..... 110 100—3	4	
Tigers ..... 000 002—2	4	

Glen DeWitt and Ray Lindhorst; Steve VanDyke and Bill Kilquist.

Mrs. de Lisio 2nd In Dutchess Play

Mrs. Julian J. Sudol scored an 85 to win first place in the annual Dutchess Golf and Country Club women's invitational Tuesday.

Mrs. A. J. (Wiggie) de Lisio of Woodstock Country Club was runnerup with an 86. The putting prize in Class B went to Mrs. A. B. Shufeldt of The Twaalfskill Club.

Mrs. Florence Perkins, Dutchess, won Class B gross honors, with Mrs. Willis Travis taking the net award. Mrs. John O. Fuchs made it a clean sweep for Dutchess by winning Class C gross, while Mrs. Richard C. Arnold won the net. Mrs. Edwin O'Reilly of Twaalfskill had second low net in Class C.

The tournament drew 81 participants.

Natale Powers 574 Pin Series

Paul Natale fired a 574 series, with games of 200, 205 and 169, to pace Bowlero Youth keglers. Tony Spada was runnerup with 522.

Gene Smith qualified for an AJBC award with three games of 111 for a 333 series.

Change of Schedule

Rondout Valley Babe Ruth League games scheduled for Tuesday, July 4, are Mollenhaur vs. Lions Club at 10 a. m. and Davenport vs. Foordmore Farms at 3 p. m. The contests will take place at the Marbletown School field.

The doubleheader has been made so that players and spectators might attend the holiday parade, slated to start at 1 p. m.

The league's All-Star game is slated for July 9 at 2 p. m., at Catskill and the annual Old-Timer's game will be held July 15, 1:30 p. m., at the Marbletown School field.

Inger Walker Fires Net 69 To Lead Woodstock Women

Inger Walker fired one of the best rounds of her career with 88 to win first place in the first Trophy tournament of the season for Woodstock Country Club women. She carded two nines of 44. Her 10 handicap gave her a 69 net.

There was a four-way tie for second low at 76 among Mrs. Louise Fitzsimmons, 99-23-76 (second low gross); Mrs. Doris Murray, 105-29-76; Mrs. Edna Rylance, 106-30-76; and Mrs. Elizabeth De Witt, 109-33-76.

Other net scores included: Mrs. Eleanor Van Vogh, 119-42-77; Mrs. Barbara Forno, 105-27-78; Mrs. Hulda Needes 102-24-78; and Mrs. Herta Wilhelm, 104-26-78.

First 'Firecracker 100' Set Saturday at Rhinebeck SW

The first "classic" racing event of the current season will be run Saturday at Rhinebeck Speedway, track operator Ed Ryan has announced.

The main event will be a 100-lapper in line with the usual holiday attraction at the Dutchess County track. Saturday's event has been thrown open to all competitors meeting Mutual specifications and is expected to attract several new drivers.

Along with an extra ration of money the event will carry double points as a lure to the winner in quest of the elusive seasonal championship at Rhinebeck, as well as Circuit points for those seeking the overall title.

Heading the list of entrants that are close to the top in points is Harry Brazee of Torrington, Conn., who will be at the helm of the Chrysler powered "Zero" owned by Rex Joy of Highland. Brazee will find opposition in the form of Carl Fink of Albany, at the wheel of the Hudson Hornet owned by Pete Simmons of Saugerties, Ben Stone of Cornwall, Conn. in his own Chrysler, Jack Campion of Poughkeepsie, will be on deck with a Packard powered Studebaker owned by Ray Teeter of Stanfordville.

Woman in Field

A lone woman pilot will pit her skill and daring against the men in the gruelling grind, "Doll" McIntire of Lime Rock, Conn. will drive her own Chrysler in the race that tests the strength of men.

A beautiful trophy will be presented to the winner of the event the first annual "Firecracker 100."

The "Smashing Sedans" will undergo their first distance test in their own race, the first of its kind this season, the race will be for a distance of thirty five laps with thirty six cars scheduled to start. As in all championships the winning sedan pilot will be awarded double points which will be added to his circuit aggregate. Ex-stunt man Gordy Hall of Kingston, N. Y. is the present point leader and has served notice that he means to clinch the title.

Saturday night gates at Rhinebeck open at 7:00 p. m. with the first race starting promptly at 8:30 p. m.

NYP Sluggers Are Hitting Hard

By THE ASSOCIATED PRESS

Baseballs continued to sail out of the parks and pitchers made the long walks to the showers as the warm weather set in over the New York-Penn League.

Wednesday night a total of eight home runs were clouted and 25 throwers saw duty in six games.

Geneva split a doubleheader with last-place Jamestown, the league leaders winning the nightcap 5-4 after losing the first, 11-3. Olean's second-place club split with seventh-ranked Auburn, losing the opener 7-6, and finished with an 11-6 victory. Erie beat Batavia 9-1 and Wellsville pounded Elmira 7-3.

Schenectady Star Signed by Tigers

SCHENECTADY, N.Y. (AP)—Donald Pepper, 17-year-old third baseman in the Schenectady Twilight Baseball League, was signed today by the Detroit Tigers for a bonus reported to be more than $10,000.

Detroit scout Edwin (Cy) Williams, who reported the bonus, said the Tigers had assigned the 6-foot-4 Pepper to play next season with their Jamestown farm club of the Class D NY-P League.

Pepper, who was graduated this month from high school in Saratoga Springs, had .500 or more in each of the last three seasons with the high school team. He lives in Gansevoort, Saratoga County.

Thomas Scores His 11th Victory

By THE ASSOCIATED PRESS

Jerry Thomas, the Eastern League's top winner, appears on route to a 20-game or better season.

Thomas pitched a six-hit 5-2 victory over Lancaster in the opener of a doubleheader Wednesday night to pick up his 11th victory of the year against three losses.

Some brilliant relief pitching by Bob Funge in the nightcap gave Lancaster a 3-2 victory for a split.

Springfield, however, gained a half game over second-place Binghamton which dropped an 8-5 contest to Johnstown.

In the only other action, Reading ended a nine-game losing streak—longest in 10 years—with a 13-4 pasting of Williamsport.

SEAT ARRANGEMENTS IN SMALL BOATS

SEVERAL SEATS DOESN'T MEAN ALL CAN BE FILLED WITH PASSENGERS. SUCH CROWDING WOULD OVERLOAD BOAT CAUSING LOSS OF FREEBOARD (SEE BELOW) AND HANDLING QUALITIES.

SEVERAL SEATS ARE PROVIDED TO GIVE A CHOICE OF SEATING ARRANGEMENT FOR A FEW PASSENGERS SO THE LOAD IS SAFELY BALANCED BEFORE LEAVING THE DOCK. (ONE SEATING ARRANGEMENT FOR 4 PERSONS IN AN OUTBOARD MIGHT BE AS SHOWN WITH X'S.)

Hollywood News, Views

By BOB THOMAS
AP Movie-TV Writer

MUNICH (AP)—German fans look in awe at "der tuff guy," James Cagney, convinced that he is equally adept with a gun or his fists.

They should know that he has never fired a shot in anger. And he hasn't been in a fist fight since he was 17.

"It was after school in New York one day," he confessed. "This mean character was bothering a friend of mine, and I told him to cut it out. The guy wouldn't quit.

"I happened to be standing on a high curb, so it brought me up to his size. I figured the only way to win the fight was to get it over in a hurry. I put one hand in back of his head and hit him with the other one. I broke his nose and that was the end of the fight."

That was also the end of Cagney's fistic career. But he has made toughness pay off on the screen; in fact, he is now marking 30 years as a star. His first big dent on the public consciousness was "Public Enemy" in 1931.

Though he has played everything from Lon Chaney to George M. Cohan (Academy Award, 1942), he is still best remembered for those two-fisted early years.

Cagney admitted that he and his fellow screen gangsters face social hazards.

"If you go out to night clubs, there is always some guy who wants to show off in front of his girl," he said. "Some actors go around looking for this sort of thing by sitting at the head tables. But there are ways of avoiding it."

Cagney has made a science of doing so. He has long stayed out of the movie whirl. For 25 years, he has lived at least six months a year away from Hollywood.

Next year he will mark 40 years with the same wife—"and it's been good all the way."

The star is in Germany to play a hard-hitting American businessman in Billy Wilder's "One, Two, Three." It's Cagney's first comedy since "Mister Roberts" and "the talkingest part I've ever had."

Actress in Hospital

NEW YORK (AP) — Actress Marilyn Monroe has been hospitalized for the fourth time in five months.

The blonde beauty was taken by ambulance Wednesday from her Manhattan apartment to Polyclinic Hospital, suffering from what a spokesman described as a mild intestinal disorder.

Commercial banks in the United States will spend an estimated $180 million in 1961 to advertise their services, according to an American Bankers Association survey. When asked which media they would use, newspapers took the lead, ahead of all others.

Crawford Stops Italian Ace

WIMBLEDON, England (AP) — Chris Crawford of Piedmont, Calif., eliminated third-seeded Nicola Pietrangeli of Italy today in the third round of the Wimbledon tennis championships 2-6, 6-3, 6-4, 6-4.

Pietrangeli was the hero of Italy's upset victory over the United States in the Davis Cup interzone final last year in Australia.

Crawford, at 21, is America's 10th-ranked man player.

Little Mimi Arnold of Redwood City, Calif., pulled off the first upset in the women's division by knocking over fourth-seeded Lesley Turner of Australia today. The score was 7-5, 6-4.

A teammate, Billie Jean Moffitt of Long Beach, Calif., was beaten in a second-round match, bowing to Yola Ramirez of Mexico 11-9, 1-6, 6-2.

Domestic Science

NORFOLK, Va. (AP)—Lawyer Bert Sachs says his -year-old son has taken up cooking as a hobby. When he heard strange noises from the kitchen he found the tot cooking "chocolate soup." The ingredients: two quarts of milk, one quart of orange juice, three raisins.

Kerhonkson Girl Struck by Auto Leaving Driveway

A three-year-old Kerhonkson girl was admitted to the Veterans Memorial Hospital, Ellenville, late Wednesday afternoon after she was struck by a car backing out of a private driveway.

Vicki Lee Sprague, daughter of Mr. and Mrs. Arthur Sprague, was reported in good condition today.

Trooper John Huntoon of the Ellenville state police reported that the child received a severe laceration of the right side of her head and multiple abrasions of her shoulder.

Sherwood Hommell, 40, of Kerhonkson, was backing out of his driveway on the Rock Haven Road when, he told Trooper Huntoon, he heard a scream. He stopped the car and found the Sprague child lying beside the left front wheel.

Deeded Land

Chief Samoset was a member of the Pemaquid Indian tribe. In 1625, he made what is said to be the first deed of Indian land to English colonists, transferring 12,000 acres of his tribe's land to John Browne, one of the settlers.

AFL-CIO Charts New Pay Drive, Restraint Urged

UNITY HOUSE, Pa. (AP)—The AFL-CIO today charted a new drive for pay increases despite an administration call for wage restraint.

Federation leaders said in a policy statement that wages have been rising too slowly for the good of the nation's economy. And they said that fears of inflation expressed by some of President Kennedy's aides are untimely and unwise.

George Meaney, AFL-CIO president, took issue with assertions that the recession is over. He insisted the recession continues so long as there are nearly 5 million unemployed.

"The problem is not inflation," Meany said. "The problem is to put the economy back to work and that means putting unemployed workers back to work."

The AFL-CIO executive council, in adopting its economic policy statement Wednesday, said that Secretary of the Treasury Douglas Dillon and Walt Rostow, deputy special assistant to Kennedy, have urged unions in recent talks to exercise wage increase restraint to avoid a new wage-price spiral.

"American labor," the council said, "now as always is willing to take the lead in any sacrifice required for the safety and welfare of our nation. But higher wages under the circumstances now are not a danger but a positive good.

"It is argued in some quarters that wage increases will force prices up, harm the competitive position of American goods in the world markets and therefore weaken us in our struggle with international communism. The exact contrary is true."

The union leaders again called for a $1 billion public works program, a tax cut for workers and lower interest rates as steps to stimulate the economy.

Ford Joining GM Urging Restraint On Contract Aims

DETROIT (AP) — The Ford Motor Co. today joined General Motors Corp. in telling the United Auto Workers union that new wage contracts must be non-inflationary.

The UAW moved on to Ford today from General Motors, where it opened 1961 bargaining Wednesday for new contracts to replace current three-year pacts expiring Aug. 31.

As he did at GM and Ford, UAW President Walter P. Reuther will lead union bargainers into conferences with Chrysler Corp. Friday and with American Motors Corp. July 6.

Malcolm Denise, Ford vice president for labor relations, issued a statement today calling for a non-inflationary settlement and expressing concern with "detractors" who hold that "the only way to avoid costly strikes and inflationary settlements is for the government to set the terms."

"The right of management and labor to work out their differences across the bargaining table appears to be on trial in this country," Denise's statement said.

Speaking for the UAW at General Motors Wednesday, Reuther said: "We hope to find a settlement at the bargaining table without the need of assistance or intervention from Washington. We are not looking for a fight. We are looking for economic justice."

At General Motors today bargainers turned to a union proposal of reducing work time via a shorter work week or shorter work day "to meet the problem of unemployment."

Louis G. Seaton, a GM vice president and its chief negotiator, voiced hope for a peaceful bargaining-table settlement, but also said that "an excessive increase in labor costs, whether in the form of wages or in fringe benefits, can only contribute to unsound wage and price movement.

"It must be clearly recognized" he continued, that any settlement "should not contribute to such inflationary pressures."

Deer Jumps Off Bank Into Car on Route 28

A deer jumped from the bank on the right side of Route 28 early this morning, into the path of a car, became entangled in the grill and was dragged some distance before the car came to a halt, Kingston state police reported.

Troopers said the driver of the car was Richard J. DiMuccio, 20, of 68 Howland Avenue, who was driving a 1961 sedan owned by Ralph DiMuccio of the same address.

Trooper T. J. Crowley said the car was proceeding west on Route 28 at the time of the mishap, 12:30 a. m. The driver was reported uninjured, troopers said.

As of now, man has discovered 102 chemical elements.

Health Department Has New Pamphlet On Ragweed Pollen

ALBANY — Sneezing, congestion, itching of the eyes and ears, breathing difficulties—these are some of the symptoms of ragweed hay fever. The disease, and ways in which persons suffering from hay fever may be helped, are discussed in Ragweed Hay Fever a new State Health Department publication.

The pamphlet was prepared by the department's Office of Public Health Education in cooperation with the New York State Air Pollution Control Board.

Stressing the importance of the hay fever problem, Dr. Herman E. Hilleboe, State Health Commissioner, said that an estimated one million persons in New York State suffer from hay fever. "Some 250,000 persons lose a week or more from work or school because of the disease," he said.

The pamphlet explains that hay fever is a seasonal disease. In New York State it is widespread from mid-August to mid-September when the weed blooms. During this period a single ragweed plant may produce up to one billion pollen grains.

In addition to discussing the scope of the problem, the pamphlet explains things that can be done by hay fever sufferers to ease the irritation. The pamphlet also includes illustrations of certain types of ragweed and describes how the ragweed plant can be destroyed.

Copies of the new pamphlet are available without cost to residents of New York State from County and City Health Departments, District Health Offices and from the Office of Public Health Education, 84 Holland Avenue, Albany 8.

Baptists Elect Winchell as New Club President

Abram D. Winchell of Forest Glen Park was elected president of the Men's Club of First Baptist Church Wednesday night during the annual summer meeting at Upper Hasbrouck Park.

Winchell, who will be installed with other new officers at the first fall meeting Wednesday, Sept. 27, succeeds George W. Chase of Hurley Heights as president.

Others elected were:

George Kenneda, vice president; Alfred E. Shultis, secretary and John Rogaski, treasurer.

The Baptist men had their annual softball skirmish last night with Albert O. Sonnenberg's Rinkydinks scoring an 8 to 7 squeaker over James L. Decker's Mudcats. Last reports, however, indicate that the Mudcats are protesting the outcome.

A steak dinner was served starting the program under the supervision of George Matthews and Billy Smallwood.

Kennedys Going To Cape Home

WASHINGTON (AP)—President Kennedy and his family will leave Washington at 3:45 p.m. Friday to spend a long Fourth of July weekend "just resting" at his Hyannis Port, Mass., home, the White House announced today.

The one-hour flight by jet transport will take off from Andrews Air Force Base in suburban Maryland and land at Otis Air Force Base, close to Hyannis Port at Falmouth, press secretary Pierre Salinger said.

The President and his family plan to fly from the White House to Andrew Field, and from Otis Field to the family residence at Hyannis Port, by helicopter.

Kennedy plans to return to Washington early Wednesday morning.

Three-Way Orbit Is U. S. Boost

Atomic Battery Fired Into Space

CAPE CANAVERAL, Fla. (AP) —The United States has hurled the first atomic battery into space as part of a spectacular sky-high triple play in which one rocket rammed three satellites into orbit.

The successful orbiting of the nuclear device in one of the satellites gives American scientists a significant lead over the Soviet Union in the race to harness atomic power for space exploration.

Like 3-Scoop Cone

A Thor-Able-Star rocket blasted off from Cape Canaveral Wednesday night with the satellites stacked in its nose like a three-scoop ice cream cone.

Both stages of the 50-ton rocket clicked with drill-like precision and flung the entire package into orbit. Almost immediately, spring devices kicked the payloads apart and they continued to circle the globe on separate paths nearly 600 miles above the earth.

Officials reported early today that the atomic battery was functioning and that clear signals were being transmitted by all three packages.

This was the first time the triple payload technique was attempted. It raised to 43 the number of U.S. satellites placed in orbit since the first went aloft 41 months ago. Another Thor-Able-Star pushed two satellites up a year ago.

The 4½-pound nuclear unit was attached to the base of the largest satellite. This is Transit 4-A, 175-pound, forerunner of the Navy satellite system designed to provide ships, planes and submarines with accurate, all-weather navigation.

Other Satellites

The other satellites were:

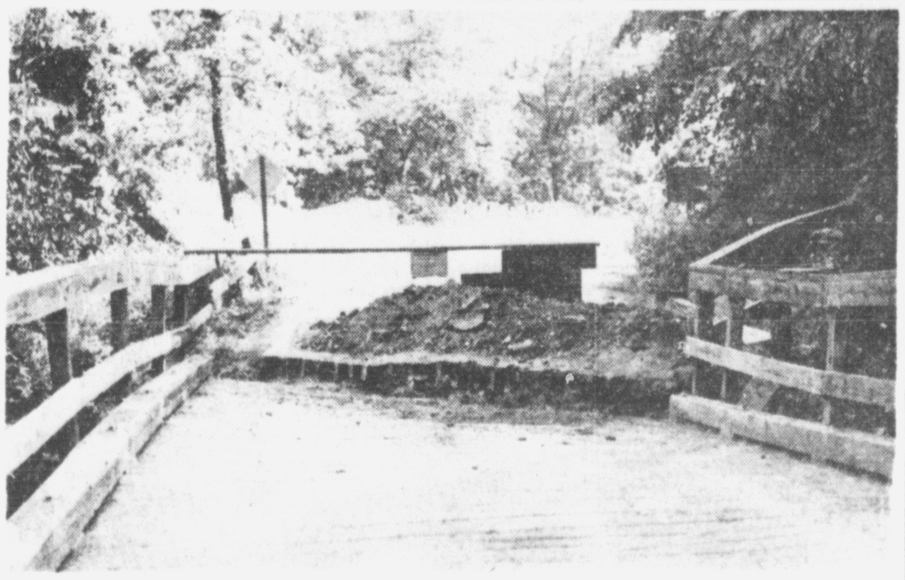
A 35-pound sphere nicknamed GREB which carried two detectors to measure X-ray radiation from the sun.

Injun, a 40-pound drum-shaped parcel to measure intense radiation in the Van Allen radiation belts and to report on auroral phenomena such as the northern lights. The instruments were devised by Dr. James Van Allen of the University of Iowa whose gauges on early U.S. satellites discovered the great bands of radiation.

But the starring role went to the grapefruit-sized atomic unit whose hot core contained a small amount of plutonium 238, a radioisotope which generated heat up to 1,000 degrees fahrenheit. Thermoelectric rods converted the heat to electrical energy which sent 2.5 watts of power to two of four radio transmitters and some instruments in Transit 4-A.

The United States thus scored a historic beat over the Soviet Union in sending the first nuclear power unit into space. Once perfected, these atomic batteries will provide satellites with unlimited power supply and permit communication with vehicles fired deep into the universe.

Speeches and articles by Soviet scientists report they are pushing development of nuclear units as being necessary for future space exploration.



CLOSED FOR REPAIRS—A barricade was placed Wednesday closing the old one-way wooden bridge over the Catskill Mountain Division of the New York Central Railroad on the Hurley Mountain Road. The route used by many as a short cut from Route 28 to Hurley-Lomontville and Route 209, will be closed for some time while the bridge is rebuilt. Located on a county road, the bridge is to be reconstructed by the railroad. No estimate of the period the road will be closed could be given by railroad officials. It was reported by them that the bridge, posted for six-ton loads has been used by vehicles carrying up to 24 tons causing the bridge to "sink" on one side. A railroad spokesman said "the loads get heavier and the bridge gets weaker."

Entire ILA Support Promised Brick Men

Support of the International Longshoremen's Association and possibility of further bargaining either this date or Friday were developments reported today in the strike of Hudson Valley brickhandlers.

Capt. William Bradley, a former Kingston resident, and ILA president, at a Wednesday night meeting in the Municipal Auditorium of more than 200 members of the striking Local 1467, Brickhandlers' Union, pledged support of the local by the entire ILA membership. The brickhandlers are affiliated with ILA.

Last night's meeting was called for a progress report on bargaining with the Hudson Valley Brick Manufacturers Association Inc., which is composed of manufacturers along the Hudson with plants at Kingston, Newburgh, Beacon and two at Coeymans. The strike is in its third week.

Star Brick Signs

It was noted that the Star Brick Company, East Kingston, which is not a member of the association, has "come to terms with the brickhandlers' union after only one day of work stoppage."

Joseph Amato, president of the Brickhandlers Union, last night reported that issues still unresolved include improvement of showers and sanitary conditions, work gloves for employes, sanitary drinking water facilities, seniority or job protection, and joint control by management and the union over an existing insurance program. He claimed that some published statements by manufacturers "were deliberately misleading and deceitful."

Mediators Coming

Some 400 members of the union are on strike. Operating engineers are also on strike. In indicating the possibility of further bargaining today or Friday, Amato said it would be under auspices of state and federal mediation services.

The brickhandlers feel that last night's reported ILA support "could have serious economic overtones," since most brick made in the Hudson Valley is transported to New York by boat. It is unloaded in the city by longshoremen who are affiliated with the ILA.

Wagner Endorsed By Liberal Party For Mayor Again

NEW YORK (AP)—A Liberal Party convention has endorsed Democratic Mayor Robert F. Wagner for reelection.

It also endorsed Wagner's handpicked running mate for City Council president, Deputy Mayor Paul R. Screvane.

The convention, held Wednesday night, delayed selection of a candidate for comptroller — an open spot on Wagner's citywide slate.

Kassem Backing Down on Claim, Kuwait Is Normal

KUWAIT (AP)—The city of Kuwait shrugged off the threat from Iraq and returned to normal today.

Officials generally believe Iraqi Premier Abdel Karim Kassem will quietly salvage his claim to the oil-rich sheikdom—at least for a while — because of the marked lack of support from other Arab governments.

Returns to Work

With the temperature already in the 90's an hour after dawn, Kuwait turned its back on patriotic demonstrations of the past two days and returned to work.

Crowds bustled in the fish market along the steaming waters of the Persian Gulf. Hundreds of flashy American and European cars, symbols of Kuwait's oil wealth, ferried between the city and the airport. At every corner groups of workmen waited for trucks to take them to the oil fields 40 miles inland or to the oil port north of the capital.

Bedouins Pledge Support

But the man in the desert was still excited. Lines of white-robed Bedouins in from the hinterland lined up outside the single-story post office in downtown Kuwait to hand in telegrams pledging support for their rulers, Sheikh Sir Abdullah As-Salim As-Sabah.

In Beirut, Kuwait's deputy ruler, Sheik Abdullah Mubarak, dismissed Iraq's claim on his little country as "shouts and talk."

Iraqi leaders kept up a radio drumfire demanding the "peaceful return" of the neighboring sheikdom on the Persian Gulf and hinted they would claim other oil areas on the west coast of the Gulf. But the usual throngs filling Baghdad's streets exhibited only calm interest, and Premier Abdel Karim Kassem's campaign so far appeared to be largely in the propaganda stage.

Sheik Mubarak, 33, heir-apparent to the Kuwait throne and head of its tiny 2,400-man army, interrupted a holiday in his mountain palace in Lebanon to rush home.

Allot $198,780 To County, Towns In Highway Aid

Ulster County has been allotted $55,278.90 and town highway departments in the county will share $143,501.44 in the distribution of annual payments of $8,429,177.90 in state aid for county and highway purposes announced today by the State Department of Audit and Control, Albany.

State Comptroller Arthur Levitt said the total includes $2,237,541.70 in state aid to the 57 counties outside New York City, and $6,191,636.20 for road building and repairs by the 932 towns in these counties.

The law provides that town may receive the difference between the amount of a tax of 1½ mills on actual property valuation and the sum of $150 for each mile of highway in the town, but not less than $75 per mile. Where the levy is less than the amount of 1½ mills but equal to the amount of $75 for each mile of highway, aid is paid at the $75 per mile rate, to all other towns to state aid payment is in the amount equal to the amount of the levy.

State financial aid for county highway purposes is allotted on a matching basis — the State matches county appropriations for construction or improvement of county roads up to $30 per mile.

Troopers Arrest Sholam Man for Discharging Gun

A resident of Sholam, near Lackawack, was arrested Wednesday for allegedly discharging a firearm in a populated area.

Charles Grumbach, 54, was picked up by Ellenville state police on complaint of Mildred Ross and William Moran, his Sholam neighbors.

Grumbach entered a plea of innocent upon arraignment before Justice of the Peace Herbert Poppel of Kerhonkson. Judge Poppel adjourned the case in order that the defendant might obtain counsel. Grumbach was released in his own recognizance.

Chief Gives Advice About Staying Alive Over July 4

Police Chief Robert F. Murphy today joined officials of the state and nation in urging utmost caution on the highways over the long holiday weekend.

The National Safety Council fixes the potential death toll at 450 to 480 and it is expected that some of these will be in New York State.

Chief Murphy emphasized that traffic will be "extremely heavy" and he advised that those who go on trips "drive carefully and stay with the legal speed limits. Too many serious accidents are caused by speeding and reckless or careless driving."

Those on long trips, he said should "take a ten minute break every hour or hour and a half, walk around a bit and sip a cup of coffee."

If weather permits, he noted, "There will be much boating and swimming. These areas too can be extremely dangerous if we are careless. Operate that boat carefully. Have consideration for the other fellow."

The chief advised no swimming "immediately after eating or when extremely overheated. Above all, don't go swimming alone. Have at least one companion who can come to your aid if you get into trouble."

"Last, but not least," he said, "is the question of fireworks. Not only are fireworks dangerous, but they are illegal. Our officers have been instructed to enforce all laws prohibiting the sale or possession of fireworks. Let us all try to make this a really safe and sane Fourth of July. Remember, death is terribly permanent. Don't become a holiday statistic."

A Liberty Mutual Insurance Company report fixes the "cost of carlessness" over the holiday at $46,500,000 between 6 p. m., Friday and midnight Tuesday.

This, it said, is the "dollar cost of human mutilation alone" and does not include vehicle and property damage.

Carpenter Strike Continues, Area Jobs Are About to Halt

With no agreement for a new contract between the Hudson Valley District Council of Carpenters and local contractors, work at many of the jobs in the area is beginning to come to a halt as other trades which are working "catch up" to carpenter work and it becomes necessary to shut down jobs.

It was reported today that work at the State Training School for Boys at Highland, where four large buildings are under construction, has begun to feel the effects of the carpenter strike. Work by other trades has been "practically" halted on three of the buildings which are approximately three-quarters completed as the job reaches the stages for carpenter work. Work on the dining hall building which is being done by Stewart-Scott Construction Company of Poughkeepsie continues, that contracting firm having signed an independent agreement with the Hudson Valley District Council some time ago.

Work on the dormitory at New York State Teachers College in New Paltz, about a third completed, is also slowing down as work catches up to carpenter work, George E. Yerry Jr., president of the Council, said today, and other trades will be laid off in a few days if the carpenter strike continues. Work on another job at New Paltz was halted after excavation had been commenced and need for carpenters became evident.

3rd Ward to Dedicate Memorial on Sunday

Sunday at 2 p. m., residents of the Third Ward will gather to dedicate the new veterans' memorial at the triangle between Clifton and Highland Avenues.

The monument replaces one destroyed in a different sector of the ward last year by Hurricane Donna.

Many residents of the ward, veterans' organizations, clergy and city officials are expected to participate in the dedication of the memorial.

Will Register Friday

Registration for the summer classes at Kingston High School will begin Friday at 8:30 a. m., it was announced by school officials this morning.

No Opening Date Set For Store

Completion Near On Route 28 Site

Construction on the Big Scot Department store on the former Modica farm property off Route 28 at the New York State Thruway interchange, is rapidly reaching completion but no date has been set for the opening.

Being erected on the 27-acre tract just west of the Kingston Thruway interchange, the Big Scot store with 60,000 square feet of floor space, will house a complete department store. Parking space for 1,500 cars will be provided on the premises.

When the store is completed, Manager Ben Becker expects to give employment to 175 local people for both day and night shifts.

Interviews with applicants have already been held and several key persons have been engaged. Becker said there is need for additional help.

Using Employment Service

The New York State Employment Service will continue to accept applications and pre-screen applicants.

Becker said that those with "some experience" would be desirable but there are also openings for other personnel qualifying in retailing.

To Be Dept. Store

It was pointed out that the Big Scot will be a complete department store.

When the Modica property was purchased last March it was announced by Ralph Bienbaum, vice-president and general manager of Food Fair Properties, Inc., and Richard G. Hirsch, president of Great Scot, Inc., that the Big Scot was the first of an "18-unit shopping center to be dominated by the Big Scot discount department store."

At that time it was announced the second unit, including a large Food Fair supermarket, would be started in September.

In addition to the Newburgh store Big Scot operates a store in Peekskill.

Cole More Hopeful On Maritime Accord

NEW YORK (AP) — President Kennedy's emergency fact-finding board met with ship owners today as it strove to settle the 14-day-old maritime strike and avoid a Taft-Hartley injunction.

Board Chairman David L. Cole seemed a bit more optimistic than previously. Asked his view of the situation, he crossed his fingers and said: "With my fingers crossed, I can't be definite but I feel a little better this morning than yesterday."

May Ask Extension

The board was set up under the Taft-Hartley law as part of the process of moving for an injunction, but in its initial efforts it has placed emphasis on trying to negotiate a settlement.

It had been directed to report to the President Friday but Cole said if by this afternoon "I feel that sufficient progress has been made toward a voluntary settlement, I will ask the President for an extension of time before we have to complete our report."

The board was to meet with striking unions in the afternoon.

When joint negotiations recessed at 1:30 a.m. today there was no sign of progress toward a settlement and Cole was loath to advance any possibility of delaying the board's return to Washington.

Slight Concessions

Only slight concessions were said to have been made by the disputing parties.

Kennedy has instructed the board to report to him Friday on whether it found the nation's security endangered by the two-week-old strike of 85,000 officers and crewmen.

If the board reports that the nation is endangered, Kennedy presumably will instruct Atty. Gen. Robert F. Kennedy to obtain a federal court injunction ending the strike for an 80-day cooling-off period.

Secretary of Labor Arthur J. Goldberg, at the request of Kennedy, has appealed for settlement of the contract dispute by Friday.

An estimated 250 passenger ships, freighters and tankers have been immobilized on the Atlantic, Pacific and Gulf coasts. The rest of the American-flag merchant marine of almost 1,000 ships is also tied up and the ships will not be allowed until they reach a United States port. Foreign-flag ships are not tied up.

The striking unions are the National Maritime Union, the Seafarers International Union, the

Unemployment Office Closing Friday to Move

New York State Department of Labor, Division of Employment, announced today that its office at 18 Pine Grove Avenue will be closed Friday. The reason for closing is because the office is moving to new and larger quarters at 16 Pine Grove Avenue adjacent to its present address.

All Friday unemployment insurance reporters are requested to mail the cards that were given last week, properly completed, certifying to their eligibility for benefits for the preceding week.

All those filing new claims or reinstating old claims, who normally report on Friday, should report on Monday.

Showdown Readiness One Step

U. S. May Propose East-West Talks

WASHINGTON (AP) — President Kennedy meets with the National Security Council today to discuss possible military, diplomatic and civilian defense measures which he may take to deal with the growing crisis between the Soviet Union and the Western powers over Berlin.

The range and actions under study within the government is reported to include partial mobilization, increasing NATO strength in Europe, a new round of East-West negotiations on Berlin and a stepped up civilian defense program.

Meet in Afternoon

The National Security Council, embracing the President's top military and diplomatic advisers, was summoned to meet at the White House this afternoon. Kennedy announced Wednesday that proposals for dealing with the Berlin situation will be discussed.

Proposals for action are going to the President from the State and Defense departments and other government agencies. At Kennedy's request they are being pulled together in a report being prepared by former Secretary of State Dean Acheson.

Highly placed officials indicate that Kennedy, Secretary of State Dean Rusk and other administration leaders are thinking on two fronts as the Berlin crisis develops during the next few months.

Two Front Action

1. Military—They intend to take steps that would get the United States and its allies ready for a Berlin showdown if Soviet Premier Khrushchev presses his Berlin demands to that point. At the same time they hope the steps will impress upon Khrushchev the determination of the United States to back up its commitments to protect West Berlin against Communist pressures.

2. Diplomatic — They seriously are considering proposing a new round of East-West negotiations on Berlin within the framework of the over-all problem of divided Germany. Such a proposal, if finally decided on, probably will be made in the next few weeks.

Reply Due for Nik

Kennedy expects to send a note on the Berlin situation to Khrushchev in a week or 10 days. But, as presently planned, this note primarily will be a reply to a memorandum Khrushchev gave Kennedy in Vienna June 3-4.

The reply is expected to tell Khrushchev formally that his proposed peace treaty with Communist East Germany cannot wipe out Allied rights to maintain forces in West Berlin and to sup-

Congress Passes Housing Bill, Easier Way to Buy

WASHINGTON (AP) — The $5.6 billion omnibus housing bill has cleared Congress, carrying easier terms for buyers of FHA-insured homes.

A 53-38 Senate vote followed by a 221-175 House tally sent the bill to President Kennedy late Wednesday, giving him another victory on one of his "big five" domestic proposals of the 1961 session.

The housing bill includes $2 billion for urban renewal, by far the largest amount ever voted for the slum clearance and redevelopment projects.

Under the moderate-income family section, a new administration-devised program, homes that cost up to $15,000 can be bought on 35-year mortgages and on up to 40-year mortgages if the buyer's income is too low for the 35-year plan.

The longer the mortgage, the lower the monthly payment. The down payment on a $15,000 home would be $450.

The bill also extends the maximum mortgage term on FHA-insured loans for all family income levels from 30 to 35 years, and raises from $22,500 to $25,000 the mortgage ceiling on one-family homes.

And the bill puts in an easier down-payment schedule under the general FHA program: 3 per cent on the first $15,000, 10 per cent on the next $5,000, and 25 per cent on the remaining $5,000.

Another provision would permit sale of land to developers in urban renewal areas at lower prices so they could build middle-income housing. There have been charges such projects result in homes only for the wealthy and the poor.

LIONS HAVE NEW PRESIDENT—Dr. Stephen T. McGrath, a local dentist, right, receives gavel from Richard M. Kalish at installation of officers of Kingston Lions Club Wednesday night in the Governor Clinton Hotel. Dr. McGrath is the new president of the club, Kalish the retiring president. (Freeman photo).

Dr. McGrath Becomes 21st President of Kingston Lions

Dr. Stephen T. McGrath, well-known Kingston dentist, became the 21st president of the Kingston Lions Club at installation services Wednesday night in the Governor Clinton Hotel, succeeding Richard M. Kalish.

Approximately 50 Lions and their wives were present. J. Wilson Tinney introduced Kalish who spoke briefly of the accomplishments of Lionism during his term of office.

International Counselor William R. Stall conducted installation services for incoming officers. He remarked that "this has been an exceptionally outstanding year in the history of the Kingston Lions Club."

Other officers installed:

Leon C. Miller, Joseph D. Saccoman, Howard M. Shultis, Gerald W. Sumber, Karl L. Pitcock and Leo F. Kileoyne, members of the board of directors; Stuart E. Munson, first vice-president; Dr. Saul Goldfarb, second vice-president; Joseph D. Scholar Jr., third vice-president.

Also, Alexander Yosman, secretary; John Ferguson, financial secretary; Matthias G. Richardson, treasurer; Maj. Arthur W. Foehser, tail twister; J. Warner Rush, Lion Tamer; Rabbi Herbert I. Bloom, chaplain; Roger Baer, organist; William R. Stall, historian; Bert Bishop and Stall, International Counselors.

In receiving the club gavel from the outgoing president, Dr. McGrath said that "to follow in Kalish's footsteps will be difficult, yet I am confident that with cooperation, planning and hard work, the club will enjoy yet another successful year."

Dr. McGrath attended Harvard College and the Harvard School of Dental Medicine and held postgraduate residencies at Massachusetts General Hospital.

Today's Business Mirror

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—More jobs, higher take-home pay, plentiful bargains, better selections—these are the good things seen in store for you the rest of this year.

Bigger tax bills, costlier services, slightly higher interest rates, among the unskilled—these are the bad probabilities.

Short-Term Prospects

Both sets are short-term prospects. They are the guesses of the majority of the economic soothsayers, based on indications the economy will enjoy a healthy if quiet summer and move ahead steadily if slowly in the fall.

The experts divide sharply on the longer range outlook. Some see a big upsurge in economic growth, getting under way early next year. The contrary minded fear the current plans to stimulate such growth will bring either a feverish but short-lived boom or a creeping and debilitating inflation.

Let's look at the short term prospects.

JOBS — more but still not enough.

More Jobs by Fall

Increasing industrial output already means longer work weeks. And after a summer bobble for plant vacations, it should bring more jobs by fall. The service industries should absorb still more workers. But contraction in unskilled job opportunities is likely to continue for some time.

INCOMES — a bit higher for many.

Wage-scale trends are still upward, with the business recovery encouraging union leaders to ask more and with the effectiveness of Washington's restraint pleas questionable. Corporation profits will still be pinched by rising costs, but dividend payments tend to hold up well. Rents are weakening in a few areas, but rising in others.

Prices Fairly Balanced

MONEY—still fairly easy.

The best bet is that the financial agencies will keep money and credit plentiful if the recovery is at a measured pace. Some relaxing of mortgage terms are in the cards, but other interest rates may stiffen as business picks up.

PRICES—mark ups and mark downs fairly balanced.

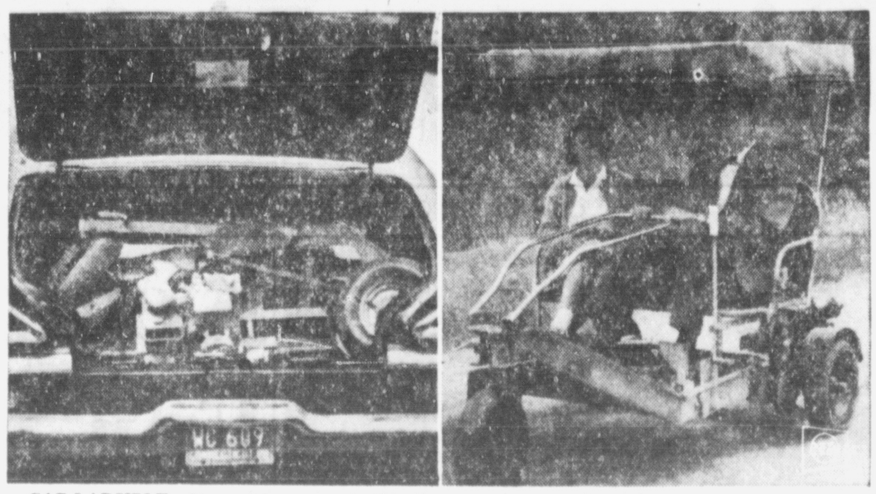
The cost of living probably will rise, but with seasonal trends the main influence. In spite of production costs there is much price cutting now in industrial materials. And for consumers keen competition for sales is keeping bargains plentiful. So too is the spread of discount houses into new areas and under new sponsorship by older retailing forms.

SHORTAGES—few if any.

Industry can produce more of almost anything, save its newest products, than Americans are currently prepared to buy. There are eager foreign suppliers looking for openings. Only an international flareup could change the general picture.

American Native

Squash is a fruit native to America, where it was widely cultivated by the Indians long before European settlement, according to the Encyclopedia Britannica.



CAR-LAPSIBLE—For outdoorsmen is this three-passenger, collapsible, lightweight, motor-driven three-wheel cart. It has four forward speeds and reverse. Introduced by a Connecticut firm, it can be stowed in small space, such as trunk of a car, left. Manufacturer says it can be assembled, ready to run, as at right, with a 50-cent piece as the only tool.

Mt. Marion

MT. MARION—Mr. and Mrs. Herman Lee of Staten Island were weekend guests of Mrs. Fred Osterhoudt and Sara Osterhoudt.

The Sunday school teachers met at the church hall Tuesday night.

The Rev. Henry Reinewald attended the Veterans of Foreign Wars state convention in Syracuse from June 22 through June 24.

Victor Haslam, Kenneth Brink, Lorraine Becker and Judy Allison were members of the graduating class at Saugerties High School Monday night.

Mrs. George Brink returned to Albany Hospital Wednesday.

The fire company was called out Monday afternoon to extinguish a fire in a cottage at the home of Mrs. John Plass.

Mr. and Mrs. E. W. Kreeft of Middletown and Miguel Gasco of Staten Island spent Sunday with the Rev. and Mrs. Henry Reinewald.

Mrs. Donald Beaumont was given a stork shower Tuesday night at the parsonage by the Sunday school teachers.

The annual fair and dinner of the church will be held Saturday, July 8, on the church grounds.

Barbara Brennan of Kingston and John Scheffel of Ruby were united in marriage at the church Sunday afternoon, the Rev. Henry Reinewald officiating.

Mr. and Mrs. George Myer of Union City, N. J., Mr. and Mrs. Warren T. Myer and son, Peter of Munsey, spent the weekend with Mr. and Mrs. Warren Myer Sr.

Vacation Bible school will be held at the church from July 3 to July 14. All children are invited.

Circulation Increased

Editor & Publisher reports that total daily circulation of newspapers in the United States in 1960 increased by more than half a million copies as compared with 1959. Part of this increase is due to the fact that eight more dailies came into existence last year, bringing the total number of daily newspapers in the United States to 1,763.

5,967 MV Plates Suspended Under Inspection Law

ALBANY—The Department of Motor Vehicles revealed that since the first of February it has suspended the registrations and number plates of 5,967 vehicles under provisions of the Periodic Inspection Law.

The suspensions resulted from failure of 2,221 of the vehicles to pass inspection, from failure of 2,674 owners to obtain approval for their vehicles which are subject to the law, and from reports on uninspected vehicles in which driver license applicants appeared at the department test lines.

The department also has revoked the registrations of two vehicles determined to be unrepairable by inspectors. Fifteen other cars and trucks which could not be repaired have been reported removed from use by their owners.

Suspensions are effective from 10 days following the vehicle's rejection until inspection approval has been obtained. Owners have the 10-day period following rejection to have their vehicles repaired or adjusted and reinspected without penalty.

State police have conducted 12,219 periodic investigations of the 8,965 inspection stations licensed by the state during the four-month period together with 99 complaints against stations by motorists. As a result of the investigations, the department has held 171 station hearings after which 64 station licenses were suspended and 34 others revoked.

In the four-month period, 639,697 vehicles have been inspected, the stations reported.

California Will Probe Death of Jeff Chandler

HOLLYWOOD (AP)—The State Bureau of Hospitals will investigate the death of movie actor Jeff Chandler.

"We feel that on the basis of the wide public interest in this case," Gordon R. Cumming, head of the state agency, said Wednesday night, "we should verify that hospital procedures over which we have enforcement responsibility were in order.

"Our jurisdiction does not apply, however, to relationships or actions between the doctor and his patient."

Chandler, 42, died June 17 in Culver City Hospital after a series of operations, the first of which was to correct a ruptured spinal disc. The death certificate listed cause of death as shock and vascular collapse, with pneumonitis and an infection of the blood —staphylococci septicemia — as contributing causes.

A group of Hollywood actors, headed by TV star Clint Walker, has asked the Screen Actors Guild to appoint a committee to investigate the husky actor's death.

Edward M. Rose, executor of Chandler's estate and a close friend, said he and the actor's ex-wife, Marjorie Hoshelle Chandler, also are studying circumstances of Chandler's death.

July 5 Is Date To Open Bids on Repair of Roads

Bids are to be opened by the Board of Public Works July 5 for street repair and other public works projects, Mayor Edwin F. Radel announced today.

The bids will be for paving of Prince, Maple and DuBois Streets, curbing, paving and drainage on Greenkill Avenue, sidewalk work at Academy Green Park, and for replacement of a Chapel Street bridge. They will be received up to 3:30 p. m., July 5.

The board usually meets on the second Wednesday of each month. The earlier meeting is slated so that tabulated bids may be forwarded to the Common Council which meets July 11.

Kennedy Closes Door on Swap, Havana Charges

HAVANA (AP)—A foreign ministry source said today that President Kennedy's comments on the tractors-for-prisoners issue seem to have closed the door to further negotiations.

Kennedy told his Washington news conference Wednesday that the volunteer committee of Americans had done all it could and it was now up to Fidel Castro to "change his views."

The general feeling here was that the Cuban prime minister won't reduce his demands and if the Tractors for Freedom Committee does not meet them, negotiations are probably ended.

The committee disbanded Friday after Castro rejected its offer of 500 farm tractors—estimated to cost about $3.5 million—in exchange for nearly 1,200 captives from the ill-fated Cuban invasion.

KHRUSHCHEV'S TROUBLES

All is not well with the Russians, whatever some despondent Americans may think. Their efforts to take over The Congo have broken down. Nasser's Egypt no longer regards them with the same enthusiasm, allowing attacks on Moscow to appear regularly in the newspapers. And there is the Chinese problem.

Mao Tse-tung seems to be much more violent in policy than Khrushchev, perhaps because he relies on the immensity of China's population to pull him through almost any foreign difficulty. And Khrushchev cannot help feeling annoyed because Communist Albania is showing a preference for Chinese guidance rather than Russian.

On top of all this, every day witnesses the flight of more disillusioned East Germans to West Berlin. Many of the refugees are East Germany's most valued citizens—trained technologists, doctors and others who can ill be spared. Already some East German plans have had to shut down because the technical help formerly available is no longer in East Germany.

Khrushchev may bluff and threaten. But he cannot be as satisfied with the way things are going as he purports to be.

PROOF THAT WE CARE

One kind of foreign aid that never seems to become embroiled in controversy is the justly famed CARE program.

Now 15 years old, this program has seen Americans volunteer 35 million aid packages worth $408,500,000 to needy persons in more than 50 countries. Included, of course, are foodstuffs, textiles, tools and other items.

While food represents 90 per cent of CARE aid, it would be wrong to think of the program as a relief effort and nothing more.

For instance, with the help of CARE wood-working kits 82,000 men and boys have been trained and equipped to make improvements in their villages and earn a living as carpenters. Both classroom materials and items useful in school construction have helped one million children get a better education.

CARE today is a going operation in every continent outside North America except Africa, an even there service may soon begin. Americans by the millions prove daily that this country's tradition of help to needy people everywhere is very much alive.

The recession is over, recovery is brisk—and by year's end, if all goes as planned, the national debt will reach 300 billion dollars.

THE SPREADING CITIES

Many a motorist has had a laugh at coming upon a sign, while he is still in a rural setting, that says something like "Soonover City Limits." Many such signs evidence the growing community's need to catch up with thrifty folk who seek to escape higher city taxes by making their homes outside the city limits.

The extent of this municipal spread-out practice is pointed up in figures just released by the Census Bureau. Los Angeles, as any visitor to that sprawling metropolis must have guessed, has the largest land area of any city in the nation. In 25th place is Babbit, Minn., with 108 square miles against Los Angeles 454.8. But Babbit has only 24 persons per square mile, while Los Angeles has 5,451.

New York City, though the largest in the nation, ranks only fourth in area and thus has 24,697 people per square mile. Seattle, with 20 square miles less area than Babbit, has 216 times its population. Milwaukee, too, is smaller in area than Babbit but has 741,324 citizens to Babbit's 2,587.

One point suggested by all this is that America is rapidly becoming an urban nation. This tends to support the need for the proposed Cabinet department to deal with urban affairs.

'These Days'

By GEORGE SOKOLSKY

THE CUBAN STORY —

The most complete account of the Cuban fiasco that has yet been published appeared in an article in "The Saturday Evening Post" by Stewart Alsop. He entitles it "The Lessons of the Cuban Disaster." It might more correctly be called, "The American Disaster."

As one reads this account, it becomes obvious that while plotting and planning is a pleasant occupation, the implementation may be unrelated to reality. That inevitably leads to disaster.

First of all, it must be recognized that the attempt to invade Cuba and take over the government was an American enterprise. There is no use denying that. Many Americans would have been proud. It was organized and managed by the CIA; it should have been the task of the Marine Corps. If there was to be any kind of intervention, it should have been open annd direct. The American mind does not lend itself to the trickiness employed in the Cuban affair.

The trouble seems to have been that the plan was devised by the CIA during the Eisenhower Administration; that Admiral Arleigh Burke and General Lyman Lemitzer, of the Joint Chiefs of Staff, endorsed the plan under certain conditions. As one reads Alsop's article, which represents by far the most complete study of the situation, it becomes evident that President Kennedy has inordinate respect for experts, his assumption being that the professional must know more than the layman or the amateur. This can be extremely costly to him because the expert often becomes a fanatic. Alsop says:

"The men responsible for mounting a major covert operation like the Cuban landings must not also be responsible for judging the operation's chances of success or failure. Those chances must be assessed instead — and with a cold and fishy eye — by experts who are in no way involved in the operation, and who have their own independent sources of information."

Alsop attempts a psychological study of why this should be so. Such profundity is unnecessary; experience shows that an outside, disinterested, objective opinion is useful. In business lawyers, outside engineering firms, public relations counsels, management analysis firms are brought in to check on a situation. An outside look often seems necessary. Government officials tend to judge themselves which is never good enough.

According to Stewart Alsop, President Kennedy's "new boys" were less favorably disposed toward the CIA's plan but were unwilling to set themselves up against the pros. He says that Secretary of State Dean Rusk and adviser McGeorge Bundy had misgivings and that Senator Fulbright and Arthur Schlesinger Jr. were sharply opposed, Fulbright saying so outright but Schlesinger being somewhat quiet about it, which is astonishing.

There has been an element of childishness about the entire activity in the assumption that such an enterprise, with men drilling in camps, could be kept secret. The preparations were in the making. Anyone in Miami who knew Cubans knew what was going on. Here in New York, the projected invasion was openly discussed. There were even quarrels among the Cuban revolutionary organizations because it was felt that the CIA's judgment as to who should be supported was not correct.

The President throughout was opposed to direct American intervention which meant that the correct plan was doomed to failure. It is unfortunate that those who enjoy the President's confidence and who opposed the CIA nonsense did not fight hard for their point of view. There is another side to this which Stewart Alsop states:

"Bobby Kennedy, who hates failure more even than most Kennedys, was present. He remarked, as the sad meeting ended, about the Cuban debacle that what worried him most was that now nobody in the Government would be willing to stick his neck out, to take a chance, to plan bold and aggressive action against the Communists.

"Surely the President's brother was essentially right. If the Communists are permitted indefinitely to retain their present monopoly of the techniques of the oblique thrust, the invasion by proxy, they will win in the end all over the world."

This is essentially true. After our failure in Cuba, we lost in Laos and we lost at the disarmament conference at Geneva. It is impossible to take a small loss in the present big game. Every failure is an enormous failure and will produce bitter fruit. Some errors are historically uncorrectable.

'Complete Formula' Diet— What It Will, Will Not Do

By HAROLD T. HYMAN, M.D.
Written for Newspaper Enterprise Assn.

I cannot remember a time when there wasn't some craze for some sort of on-again, off-again weight reduction diet that resulted in down-again, up-again fluctuations of the bathroom scale. At the moment, the craze is for some one or other of the scores of "complete formula" recipes sold in powdered or liquid forms.

The ingredients of these formulas are pretty much alike. The constituents of something more than a pint of skimmed milk, the equivalent of a few portions of a cereal concentrate, a mixture of key vitamins and minerals, and flavoring agents.

These formula diets do not and cannot take into account your weight, your basic caloric needs or the amount of fuel you require to fulfill your daily obligations.

If you go on the formula diet you will lose weight, of course. The amount you lose will depend on how heavy you were at the start, the rate at which your body consumes fuel and the amount of activity you expend in the course of your day.

If you are like most enthusiasts for the diet, you will soon experience a hunger for the ordinary foods that grace your table. You will find your energy and efficiency somewhat impaired. And you will note increasing nervousness and irritability, particularly if you are also taking an appetite-killer.

You will start "creating" a bit. Perhaps you'll take the formula as a substitute for, or supplement to, one or more of your regular meals. And, sooner or later, your weight will begin to crawl up until you're back where you started.

No weight control diet is of any permanent value unless it is one on which you can live comfortably and carry out your daily obligations for an indefinite period.

In the complex and highly competitive world in which we live, we cannot afford to experiment with health and efficiency. And the conscientious housewife will not want to pay an exorbitant price for skimmed milk, cereal concentrate and a mixture of vitamins and minerals for which her body has no particular need.

If your weight is excessive and you truly want to effect a reasonable reduction, you have only to eat smaller portions of the basic American diet and get in more healthful exercise.

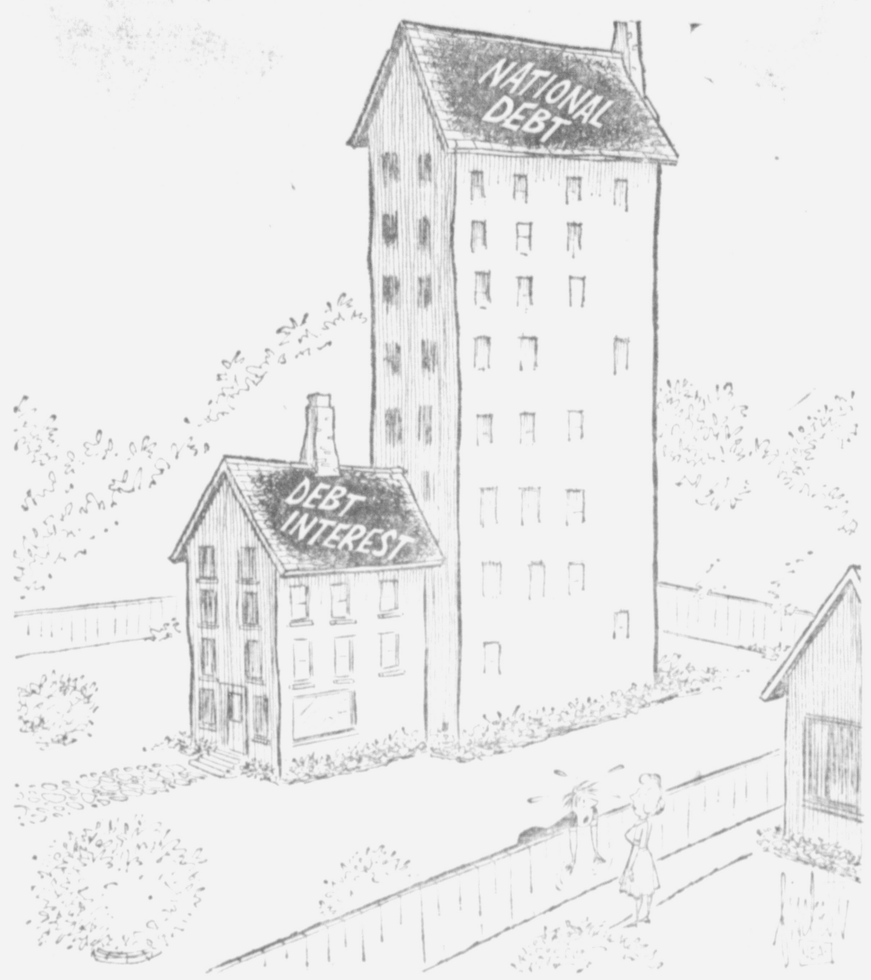
Breakfast of whole orange or a pared apple, a cold cereal with skimmed milk and a little sugar, a boiled egg, a slice of toast with a thin layer of butter and a pot of coffee or tea.

Luncheon of vegetable juice, a hamburger on half a roll or a hot dog and fruit salad.

Principal meal of clear soup, a generous portion of meat, fish or poultry, a choice of two vegetables, a green salad with a liberal helping of cottage cheese and, for between meals or at bedtime, fresh fruit or a spread of cottage cheese on a cracker.

You may only lose a pound or so a week. But, if you persist, you'll soon get down to fighting weight. And, what's more, you'll be able to stay there without weakening yourself and impairing your efficiency.

"Some Split-Level . . . the Stairs Are Killing Me"



Washington News

BY PETER EDSON

WASHINGTON — (NEA) — President Kennedy's appeal that labor and management must pursue responsible wage and price policies in these critical times is heading for a couple of severe tests.

First sparks have been flying from the nation's steel centers that an increase in some prices might be in the making, in spite of a recent cut on reinforcing bar costs.

And June 30 is the deadline for United Auto Workers to give notice they wish to reopen and modify their September 1958 contract.

THE ADMINISTRATION MAY HAVE A HARD TIME heading off these moves. Any idea of imposing controls has been rejected. But curbing inflation by the maintenance of stable price and wage levels is essential to the Kennedy recovery and growth program.

When the steel strike was settled in January 1960, it was generally understood there would be no immediate increase in steel prices. This in spite of the fact that the companies estimated the wage increases would add $1 billion to their costs.

Two increases of seven cents an hour were granted, effective Dec. 1, 1960 and Oct. 1, 1962, plus cost of living increases up to six cents an hour and additional fringe benefits.

THE IDEA WAS THAT IN THE EXPANDING ECONOMY then envisaged, the companies could absorb these increased costs without raising prices or cutting profits. But the first increase went into effect at the bottom of a recession.

Steel production and employment are recovering now. Increased demand might justify some price rises.

But the steel industry is in a bad competitive position now internally, from foreign suppliers and from the lighter metals and plastics. A price increase might be disastrous.

The Kennedy administration has made no direct overtures to the steelmakers to hold down their prices and does not intend to. But if the companies are making money now, a price increase would be hard to justify, at least until the second-round wage increase goes into effect in October 1962.

LABOR SECRETARY ARTHUR J. GOLDBERG, then counsel for the steelworkers' Union, was one of the principal negotiators of the 1960 Steel-contract. He argued then it was not inflationary. Working for the government now, he has to see to it that it isn't.

The possibility of an automobile strike on top of a steel price increase might also be disastrous for the steelmakers.

Goldberg, wearing his government hat, has to use his influence to prevent an auto strike. He says now that a statement he made on the subject in Detroit recently, to the effect that the country "could not tolerate" an auto strike was both misquoted and misinterpreted.

What he says he said then was that the automobile unions and the companies are both experienced in labor relations, and that the government had no intention of trying to dictate a settlement. He added that a shutdown now, as the economy is emerging from a recession, would not be good for the country.

United Auto Workers President Walter Reuther has indicated that the union will demand annual salaries instead of hourly wages, expanded unemployment medical benefits and full hospital-surgical-health insurance paid for by the companies. Also more attention to job displacement by automation and use of company-held pension funds for worker housing.

But the auto workers, too, have taken a beating in the recession. High unemployment rates have not left the union in any position to make excessive demands or take a long strike.

Goldberg feels that wage increases granted in other industries so far this year have been moderate. An auto wage increase of similar proportions might not be considered inflationary.

BUREAU OF LABOR STATISTICS, reporting on 120 wage agreements negotiated since Jan. 1, puts the range of increase from one cent to 17.5 cents an hour, the median increase being eight to nine cents an hour. This does not include cost of living increases because the price index has held steady so far.

BLS reports for both 1959 and 1960 show median increases of nine to eleven cents an hours, including cost of living increases but excluding fringe benefits.

Ruling of Supreme Court On 'Belief in God' Deplored

By DAVID LAWRENCE

WASHINGTON — Just ten days ago the Supreme Court of the United States ruled that it is unconstitutional for the Federal government or any state to require a "belief in the existence of God" as a qualification for public office.

Now the question has arisen as to whether any illegality surrounds nearly $32 billion in U. S. currency bills and coins in circulation—dollars, half dollars, quarters, dimes, nickels and pennies—on which are inscribed the words: "In God We Trust." A law of Congress, passed in 1955, required that this phrase be put on all new money issued by the United States. For 80 years previously it had been inscribed only on certain silver coins, and not on currency bills.

But there's a further complication. Are oaths taken heretofore by public officials still valid? Is the law prescribing the official oath of office, as passed by Congress in 1884, now unconstitutional? This law provides that "the oath to be taken by any person elected or appointed to any office of honor or profit either in the civil, military or naval service" must include the words, "So Help Me God."

Furthermore, in almost every court in the land and, indeed, in hearings by every committee of Congress where a witness swears to "tell the truth, the whole truth and nothing but the truth," the oath concludes: "So Help Me God."

'Invades Freedom'

In its recent ruling, the Supreme Court held that requirement of a "belief in the existence of God" as a qualification for public office "unconstitutionally invades the appelant's freedom of belief and religion and therefore cannot be enforced against him."

Are the oaths prescribed by existing law, therefore, an invasion of the citizens' rights? What happens if a witness before a court refuses to be sworn, proclaiming that there is no God and that such an oath is not binding and is, in addition, a violation of religious freedom? What action can the court take to get truthful testimony and at the same time protect such a witness against invasion of his "freedom of belief and religion"? Is, in fact, the prescribed oath binding upon a person who denies the existence of God, and could a charge of perjury be prosecuted against such a person who testified falsely?

Formal Report

A formal report of the judiciary committee of the House of Representatives in May, 1954, just before the passage by Congress of an amendment to include the phrase "under God" in the pledge, said in part:

"At this moment of our history the principles underlying your American government and the American way of life are under attack by a system whose philosophy is at direct odds with our own. . . .

"The inclusion of God in our pledge therefore would further acknowledge the dependence of our people and our government upon the moral directions of the Creator. At the same time it would serve to deny the atheistic and materialistic concepts of communism with the attendant subservience of the individual.

"The Supreme Court ruled in 1892 that 'this is a religious nation.' It reiterated this holding, more recently—in 1951—when it stated:

"'We are a religious people whose institutions presuppose a Supreme Being.'

"Those words by our Supreme Court are true in a very fundamental and realistic sense. From the time of our earliest history our peoples and our institutions have reflected the traditional concept that our nation was founded on a fundamental belief in God. . . .

"On July 4, 1776, our founding fathers proclaimed our declaration of independence which no less than four times refers to the existence of the Creator. . . .

"This same document appeals to 'the Supreme Judge of the world' that this nation be free, and pledges our nation to support the declaration with a firm reliance on the protection of Divine Providence.' . . .

"The Supreme Court has clearly indicated that the references to the Almighty which run through our laws, our public manuals, and our ceremonies in no way flout the provisions of the first amendment. In so construing the first amendment, the court pointed out that, if this recognition of the Almighty was not so, then even a fastidious atheist or agnostic could object to the way in which the court itself opens its sessions, namely, God save the United States and this honorable court.'"

What a pity that the Supreme Court on June 19 last didn't follow the reasoning cited by Congress instead of arbitrarily reversing the ruling of the high court in the past! Maybe it's time for the Supreme Court justices to re-read carefully the warning given by George Washington in his farewell address in 1796:

"Let it simply be asked, where is the security for property, for reputation, for life, if the sense of religious obligation desert the oaths which are the instruments of investigation in courts of justice? And let us with caution indulge the supposition that morality can be maintained without religion. Whatever may be conceded to the influence of refined education on minds of peculiar structure, reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principle."

Do You Remember by Sophie Miller

Tom Walsh of 37 Boulevard, dealer in Hudson River and Ulster County historical books, some time ago gave me a book called, "Old Time Schools and School Books." It was written by Clifton Johnson and published by the MacMillan Co. in 1904. It has illustrations dating back to the 1600 and 1700.

Education was difficult to come by in those days, especially for girls. Going back to 1790, President Quincy of Harvard College, in his history of Boston, wrote that Boston girls were allowed to attend the public schools in the summer months only, and not then unless there were seats left vacant by boys. This semi-exclusion lasted until 1822, when Boston became a city. The girls were given free access to the common schools.

Then came the establishment of a high school for them with a three year course without Latin or Greek, but this was such an "alarming success" that it was abolished after 18 months' trial. It seems the authorities were dismayed the way the girls crowded into the new high school. They did not feel that the "female health" was robust enough for schooling in winter weather.

The following may dismay students of today. In those days they were taught reading, writing and spelling, and great importance was paid to polite behavior. The scholars "made their manners" that is, the girls dropped a courtsy and boys bowed to the teacher when they came into the schoolroom and when they left.

They also "made their manners" while out at play to passing strangers; and if the minister or some other prominent person went by, they formed in line and bowed and curtsied all together. At the end of the school day the teacher would tell them that as soon as they reached home they must remember to make their manners to their parents.

Besides studying their books the girls did regular stints of sewing and knitting at school and each made an elaborate sampler which was expected to be a household treasure ever after. No doubt many readers have seen these samplers, they were made of square or oblong coarse linen; once in a while you run across one of silk. On these they stitched, very carefully, the alphabet in capitals and small letters, the digits, a verse of sentiment. They also cross-stitched their name, age and place of abode. They were so wise in those days, for when these samplers are now found, several hundred years old, all that information is on the sampler.

I have seen some very elaborate samplers, with fancy borders, flowers, trees, birds, houses, boats and people. That certainly was a wonderful way to learn the alphabet and the numbers.

He writes about academies, such as our Ulster Academy and Kingston Academy, for they seemed to teach the same subjects. They were considered private schools. They had a code of laws, such as "ball and similar games near the Academy was prohibited under a penalty of 6 cents, and a like sum was extracted from students found out of their rooms during study hours."

Khrush May Be Stirring New Concessions

'61 Crisis Over Berlin Just A Repetition of 58-59 Woes

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — It's like playing a slow waltz on an old phonograph record all over again.

Almost move by move, statement by statement, Russia and the West are going through a repetition of the Berlin problem of 1958-1959.

That time Premier Khrushchev threatened a showdown in six months but let it melt away. Now he's set another six-month deadline.

Neither Wants War

Maybe now it will reach a crisis. Maybe it won't since neither Khrushchev nor the West wants war.

It's possible he's stirring the Berlin kettle, with all its dangers, just to get concessions later from the worried West on something not now guessed.

Here's a quick run-down on the similarity:

1. Khrushchev proposed West Berlin be made a "free city" with the Allies pulling out their troops (Nov. 27, 1958).

Khrushchev at the Vienna meeting with President Kennedy earlier this month proposed the same thing. (June 4, 1961).

2. President Eisenhower said this country had a firm obligation defend the people of West Berlin. (Jan. 7, 1959).

Kennedy said the Allies are determined to maintain their Berlin rights "at any risk" and their obligations to the Berliners. (Jan. 6, 1961).

3. Soviets called for a 28-nation conference to negotiate peace treaty based on reunification of Germany. (Jan. 19, 1959).

Soviets proposed calling a peace conference on a German peace treaty. (June 11, 1961).

No Blockade: Khrush

4. Walter Ulbricht, Communist boss of East Germany, pledged there would be no blockade if the West "respected" East Germany's "sovereignty," although the West doesn't recognize East Germany as a sovereign government. (Jan. 18, 1959).

Khrushchev said there would be no blockade of Berlin. (June 27, 1961).

5. Khrushchev warned it would be the "beginning of war" if the Allies tried to force their way through to Berlin, although, in view of Ulbricht's promise of no blockade, no force would seem necessary. (Feb. 18, 1959).

Khrushchev, while saying there would be no blockade, warned the Western powers they'd get their come-uppance if they tried any rough stuff. (June 27, 1961).

6. In early 1959 Eisenhower said—because of talk about mobilizing to defend Berlin—mobilization would be disastrous. Kennedy, asked Wednesday about talk of mobilization said no such proposal had come to him.

7. Eisenhower told the Russians to cut out making threats. (Jan. 1, 1959).

Kennedy told the Russians to cut out making threats. (June 27, 1961).

Ready for Talks

8. State Department said the United States would insist on discussing Berlin only as part of the wider problem of German unity. (Jan. 24, 1959).

Kennedy said discussions with Russians would be profitable if for East and West Berliners and they'd accept self-determination for East and West Berliners and Eruope — meaning the satellites, which would mean some unity. (June 27, 1961).

9. Eisenhower said the United States would be glad to join Russia in "any talks that deal fruitfully with the differences between our different people and our different governments." (Jan. 28, 1961).

High government officials said they're considering proposing a new round of East-West talks on Berlin within the framework of the over-all problem of divided Germany. (June 28, 1961).

10. Soviet and Western foreign ministers—at the suggestion of the West—met from May 11, 1959 to July 13, 1959 to talk about Berlin and Germany. About all they agreed on was to give up trying to agree. So they went home.

1961 Meeting Likely

There'll probably be a foreign ministers meeting in 1961.

11. Sen. Mike Mansfield of Mantana, then assistant Democratic Senate leader, proposed on his own a plan for solving the Berlin dilemma. Khrushchev thought it was good but West German Chancellor Adenauer wanted no part of it. (Feb. 12, 1959).

On June 14, 1961, Sen. Mansfield, now Democratic leader in the Senate, apparently on his own proposed pretty much the same plan. It got a dim reception in Germany. Khrushchev was somewhat approving, but not altogether.

Swimming Pool Needs Planning

By VIVIAN BROWN
AP Newsfeatures Writer

Before you plunge financially into a backyard swimming pool, be sure to acquaint yourself with the requirements of installation and maintenance. It could save you a lot of headaches.

The popularity of the swimming pool has ushered in a new set of municipal codes. Boards of health in all 50 states have set rigid requirements for community pools, those used by three or more families.

These pools must be equipped with scum gutters, skimmers, a main drain and water purification. Some states require special low voltage lighting as a safety measure against electrical shocks. All communities require a backwash. Where there are no sewers, a drywell must be built. Where there are sewers, a direct connection is mandatory. Filtration is based on a six to eight-hour cycle.

Many communities have codes relating the swimming pool to the property line. A recent survey shows the smallest set back allowed in the nation is three feet, although some vary to 20 feet with the average about 18. A majority of communities require submission of plot and pool plans in advance of installation.

Residential pools are not governed by filtration codes. Most pool owners just follow the recommendations for good sanitation suggested by experts. They say the pool should be turned over once every 22 hours, although some exceptions require a 12 to 16 hour filteration cycle.

Most local laws require that pools be enclosed by fence of a type and height that discourages children and animals. Some communities require a four-foot chain link fence, although one township requires a six-foot fence.

Once you decide you can meet the standards and can afford the maintenance of a pool, you are ready to go ahead with your plans.

Take your choice of cement, fiber glass or vinyl liner pools, and remember—the cost of your pool installation is only the beginning. It costs money to maintain them.

One manufacturer is touting a do-it-yourself pool kit (12 by 24) which can be installed with a filter over a weekend.

The initial cost of a fiber glass pool is higher than most pools but it is algae deterrent and does not require painting.

Cement pools must be painted, patched and drained every year at a cost of about $250.

Vinyl liners must be replaced about every 5 to 10 years at a cost of about $250.

In northern sections of the country, swimming pool use has increased to six months with the new vinyl inflatable pool houses and pool heaters. Sales figures indicate that 60 per cent of all swimming pools are sold in the northeast.

U.S. hospital admissions for the treatment of appendicitis have been almost halved since 1930.

Elected to Post Of Firm Proposing New Industry Here

Nytralite Aggregate Inc., a newly formed subsidiary of New York Trap Rock Corp., which is planning the construction of a new $2 million plant on Rondout Creek in the Town of Ulster, this week named William W. Karl of Verona, N. J., vice president of the corporation.

A former president of Lehigh Materials Company, Karl is currently performing his duties at the parent organization's main office in West Nyack, assisting Paul M. Hedley, Nytralite president. The two officials are making preliminary plans for the proposed plant here.

Karl's six years with Lehigh Materials Company, Tamaqua, Pa., started March 15, 1955 when he joined the firm as sales manager developing the use of lightweight aggregate in structural concrete. The firm became a subsidiary of the Warner Company in 1957 and in April 1959, Mr. Karl was named president of Lehigh Materials Company. Prior to that service, the Nytralite vice president was a manager with the M. F. Hickey Company, ready mix concrete producer, active in various phases of the business. His duties included material analysis, sales, labor relations, plant layouts and production.

After graduating with a BS degree in civil engineering from Duke University in 1944, Karl served for nearly three years in the U. S. Navy. A Lieutenant (jg) he saw active duty as engineering officer on an LSM in the Pacific Theatre of Operations.

WILLIAM W. KARL

Upon returning from the service he worked as assistant borough engineer for two years in the Borough of Glen Ridge, N. J., conducting surveys and building inspections, planning and supervising new construction. Another two year stint saw him the Universal Atlas Cement Company as technical service engineer.

Karl and his wife Mary Anne are parents of two sons, William Jr. 11, and Stephen, 8.

Spitsbergen, an island group 400 miles north of Norway, is believed to have been discovered by Vikings in 1194. Few Europeans knew it existed until it was rediscovered in 1596 by Dutch explorer Willem Barnets.

2 Hornell Inns Wrecked by Fire

HORNELL, N. Y. (AP)—Fire today wrecked two neighboring downtown restaurants with upstairs apartments. Fire Chief Herman Young estimated the damage at $100,000.

Several families on upper floors of the two-story buildings housing The Steuben and The Cornish were forced to flee.

No one was reported injured.

Young said the fire apparently started in the kitchen of one of the restaurants, both in Canisteo Street.

Firemen controlled the flames in three hours.

Rotary President Inducted Into Office

Dr. Milton M. Grover Jr., was inducted into the presidency of Kingston Rotary Club Wednesday during the luncheon-meeting of the local service club. He succeeds John W. Barton, who served during the 1960-61 fiscal year.

The induction was under the direction of Frederic Snyder, who used the Frank Thompson memorial gavel of Civil War significance during the impressive ceremonies.

As this was the final meeting of the year, a review of activities by committee chairmen was given. Past District Governor Sam Scudder conducted the review.

Knows U. S. Is Ready to Discuss People's Rights

Khrushchev Appears Seeking Way Out on Berlin Situation

By WILLIAM L. RYAN
Associated Press News Analyst

Perhaps concluding it is too risky to assume the United States is bluffing on the Berlin issue, Nikita Khrushchev appears to be seeking a face-saving way out of an uncomfortable situation—and trying to salvage some profit from it.

The Soviet premier seems to be offering President Kennedy and the Western allies a deal: Just an innocent-looking concession or two in exchange for postponing Khrushchev's year-end deadline for a perilous showdown on Berlin.

The curious coincidence of Kennedy and Khrushchev statements on the same day concerning the West Berlin issue raises speculation about backstage diplomacy looking toward some sort of negotiation.

U. S. Ready to Talk

But from President Kennedy the Soviet leader has nothing more tangible than a statement that the United States is ready to discuss any proposals that protect the rights of the people in West Berlin, isolated 110 miles inside Communist East Germany. The President has a little more from Khrushchev: An implication that there is something to negotiate and a statement denying any plans for a new Berlin blockade.

What is behind this guarded Khrushchev bid?

Khrushchev's maneuvers must be viewed against his plans and problems.

Prestige on Line

His plans include convening late in October the 22nd congress of the Soviet Communist Party. There the Kremlin expects to lay down a 20-year program—a model for the whole Red bloc—for the development of Soviet and world communism. Moscow is asserting undisputed leadership in this respect. The October congress will attempt to present Soviet-brand communism to the world as the inexorable wave of the future.

Khrushchev is approaching his all-important October meeting with his prestige laid on the line. He has vowed to drive the Western allies out of Berlin by signing a one-sided peace treaty with East Germany and assigning authority over access to Berlin to East Germany. In this he could travel to the brink of World War III—at the risk of stumbling over the line—or he could retreat. Either prospect would be unpleasant.

Like Appeal to Kennedy

Khrushchev's words Wednesday —even salted with tough remarks —had the ring of an appeal to Kennedy to recognize his dilemma. With his prestige at stake, he would like to deliver at least a token result from his repeated Khrushchev has described prosBerlin threats.

perous West Berlin—an open show window to the eyes of the drab, Communist-ruled East—as a bone that sticks in the Communist throat. It provides a glaring contradiction to the boast he will present to the October congress in Moscow that capitalism is in the final stage of decline. West Berlin also provides a haven for an endless flow of refugees from communism streaming in from the East.

Political surgeon Khrushchev wants to get that bone out of communism's throat. But apparently he is fully aware it is a dangerous operation.

THE PRESIDENT SPEAKS—President Kennedy gestures during his Washington news conference. During the conference the President said the crisis over Berlin is "Soviet manufactured" and that nothing Russia does can affect the West's rights in Berlin. (AP Wirephoto)

Eichmann Denies Red Cross Charge

JERUSALEM, ISRAEL (AP)— Adolf Eichmann, denying for the eighth day on the witness stand all responsibility for the Nazis' mass slaughter of Jews, today repudiated a Red Cross report that called him a powerful man in the vast plot.

"I had no role, I had no authority," testified the former Gestapo lieutenant colonel in charge of "Jewish affairs" in the Third Reich.

This was his reaction to a report made by the International Red Cross after a visit to the Theresienstadt concentration camp north of Prague early in April 1945, a few weeks before the Nazi collapse.

The report told of meeting with Eichmann at the huge Habsburg palace in Prague and described him as a man "who played a first rate part in all these concentration camps—a reich plenipotentiary in the SS."

To this Eichmann said: "no, I had no role whatsoever (in the camps). I had no function, I had no authority."

Defense counsel Robert Servatius led the defendant over a series of prosecution documents linking him with measures against the Jews in France, Belgium and Luxembourg and in each instance Eichmann portrayed his Berlin IV-B-4 headquarters as merely a relay point for instructions and correspondence.

Eichmann put the onus for the persecutions and finally the deportations of the Jews eastward to their death on Otto Abetz, Hitler's hand-picked envoy to the French-speaking lands overrun by Nazi troops.

All Work, Small Take

DALLAS, Tex. (AP)—Muscular thieves were thorough today in pilfering three parking meters in South Dallas.

"These thieves not only removed the whole meters, but they took the posts—digging them out of the concrete," said Police Traffic Engineer W. H. Garsten. "And that's mighty hard work for only $1.50 to $2.50 in each meter."

Buffalo Driver Killed

BUFFALO, N.Y. (AP)—Robert S. Novek, 19, of Buffalo, was killed today when his automobile and a bus collided at an east side street intersection.

The bus driver, Edward Sharp, 65, of Kenmore, suffered a broken leg and fractured pelvis.

One of the three passengers in the bus was treated for minor injuries.

IBM Will Build LargerHomestead At Dutchess Site

POUGHKEEPSIE — IBM announced today that it will build a new Homestead at Poughkeepsie near its present Homestead on Boardman Road.

The new facility will be designed to accommodate 110 guests and will be complete with dining and recreational facilities.

The new Homestead will be in addition to the present Homestead, which was formerly the residence of the Kenyon family until IBM purchased the property in 1944. Some 35 guests can be accommodated in the present facility.

According to IBM Resident Vice President William J. Mair, the new Homestead will be used for customer executives who are attending educational programs at Poughkeepsie. IBM employes studying here will continue to use commercial facilities.

A company-operated Homestead will foster an effective host-guest relationship, Mair explained, and will provide customer executive trainees with the benefit of full-time participation in an informal training atmosphere. Moreover, the attractive location, convenient to laboratories, plant, and IBM's Education Center, is already equipped with education and recreation facilities.

The precise location and appearance of the new Homestead has not yet been finally determined. It will be built on IBM owned property.

In making the announcement, IBM said that the construction of a new and larger Homestead reflects the continued growth of IBM and the Poughkeepsie educational program.

During 1960, some 1,600 customer executives and more than 1,000 IBM sales and service personnel attended training programs at Poughkeepsie. This year a total of approximately 4,000 students in these two categories are expected to study here.

Weekly Food Review

By THE ASSOCIATED PRESS

Beefsteak leads the parade of bargains among Fourth of July weekend specials featured by supermarkets and neighborhood stores.

Porterhouse, sirloin and round steaks are in the spotlight.

Prices of sirloin are down 7 to 20 cents a pound from last week, depending on the area.

Beef, pork and lamb prices have been reduced because of the competition from poultry, which is at the lowest level since World War II.

Fryers, because of their attractive price, are widely featured.

Shrimp tops are the fish specials. Others include crab, salmon, lobster and halibut.

Egg prices are moving up. Increases from last week ranged in various areas from 4 to 5 cents a dozen for large whites

Best buys among vegetables are beets, carrots, Florida celery, endive, escarole, green onions, radishes, parsley, all varieties of greens, lettuce and green and yellow squash.

Among good buys are asparagus, cabbage, California celery, corn, cucumbers, eggplant, potatoes from Virginia and the Carolinas, chinese cabbage, watercress, Italian peppers, broccoli and green peas.

Best buys among fruits are strawberries, limes, mangoes, plums and lemons.

Good buys include apricots, blueberries, honeydew melons, peaches, nectarines, grapes, small California oranges and avacados.

Milky Way

Earth's home in space, the Milky Way, is round and flat with outward-spiraling pinwheel arms. In this galaxy are some 5,000 million stars, including all those visible in the sky and great clouds of dust and gas.

Popularized

Mahogany became popular as a fine furniture wood in the early part of the 18th century, when cabinetmakers began to carve decorations on this strong wood, according to the Encyclopedia Britannica.

King Play Is Best on This

By OSWALD JACOBY
Written for
Newspaper Enterprise Assn.

Playing at six clubs, South had no 100 per cent play for his slam. In fact, he had no 50 per cent play, but he did have a best play.

I was South. It was the finals of the 1945 Spingold Cup and I was playing my first tournament bridge since Pearl Harbor Day.

Needless to say, I had overbid, but I had not been playing for several years and was trying to make up for lost time. I won the opening lead in dummy and being over there for the first and last time, I led a club. East played low and I rose with the king. West played the queen. I conceded a trick to the ace of clubs and chalked up my slam contract.

Apart from the fact that it succeeded, why was the king play better than a small one? If the clubs were going to break 2-2 the plays would be equal because the king play would win against the queen in the West hand and the small play against the queen in the East hand.

No play would work against a 4-0 break or against any 3-1 break except the actual one which was the singleton queen in the West hand. Thus there was a definite percentage in favor of the king play and this time the percentage worked.

JFK's Proposal

Permanent Arms Cut Group Asked

WASHINGTON (AP)—President Kennedy proposed today the establishment of a permanent U.S. disarmament agency. It would have sweeping powers to draw up disarmament plans, negotiate and handle enforcement if any international arms-control agreement is reached.

Administration aides contend the new U.S. agency—first of its kind in the world—would underscore the importance the United States attaches to the disarmament problem.

Kennedy sent his proposal to Congress in the form of a bill to set up a "United States disarmament agency for world peace and security."

The new autonomous federal bureau would replace the "U.S. Disarmament Administration," which now operates in the State Department under John J. McCloy, Kennedy's special adviser on disarmament.

The basic idea is to create a long-term agency to deal with a long-term cold-war problem: how to check the spiraling arms race.

A White House statement said Kennedy's plan would carry out a 1960 Democratic platform promise. The statement said the bill also included elements of a bill for an arms-control research institute Kennedy proposed as a senator.

The new agency would expand on the disarmament administration that former President Dwight D. Eisenhower set up last October.

Kennedy wants the new agency to be headed by a $22,500-a-year, subcabinet-level director who would be the president's disarmament adviser and would report both to the president and to the secretary of state.

William C. Foster, who has held important disarmament, foreign affairs and defense jobs under the past two administrations and is assisting McCloy now, has been mentioned for the top post. McCloy intends to retire.

Preliminary plans call for stepping up the 80-man disarmament staff to some 200 the first year, raising its budget from $800,000 to $6 or 7 million.

As a starter, the disarmament agency would take on more experts from the State and Defense Departments and other agencies, such as the Atomic Energy Commission.

Area Vols Conduct Pumper Relay Drill at Sawkill

A relay drill was conducted this week by four area volunteer fire companies at Sawkill Firehouse.

Participating were Spring Lake Fire Company under Chief Clayton Elmendorf; Zena Volunteer Fire Company, Woodstock No. 4, under Capt. Charles Wolven; West Hurley Fire Company under Chief Howard Hopkins, and Sawkill Fire Company under Chief Francis Joy.

40 Men Participate

More than 40 men attended the session using the combined equipment to relay water from a distant point by pumping from one pumper to another with the terminal crew fighting the fire.

Used to good advantage was a recently purchased portable 1,000-gallon tank of Sawkill Fire Company. Sawkill set up two 5-HP portable pumps at a creekside at a point the engine pumper could not reach. These pumped water up to the portable tank from which both West Hurley and Sawkill pumpers drew water.

West Hurley and Sawkill were able to supply constant pressure to Spring Lake and Woodstock No. 4, who were each playing two 1½-inch lines on the practice field.

Heed His Advice

When dieting under a doctor's guidance, stop at the weight figure he suggests. If you go no, believing that you will look more willowy and glamorous you'll probably only succeed in looking pale, wan and weary.

Harmonious Hint

When you wear a flower hat in multiple hue, choose as your color key the one shade that stands out from the mass. Then match it to harmonize it with your lipstick shade.

Legion Girls Are To Elect State Officers Today

Nomination of candidates for top state offices in Empire Girls State was held in caucuses Wednesday on the campus of the State University College of Education, New Paltz.

The Federalist Party nominated Sherry Ritchlin of Pittsford for the office of Governor. Named by the Nationalist Party was Janet Brazinski of Utica.

Other nominations:

Lieutenant Governor — Molly Morgan, of Webster, on the Federalist ticket; Nationalist, Marcia Robinson of Ithaca.

Comptroller — Marge Cody, Queens Village, Federalist; Cheryl Prigoff of Syracuse, Nationalist.

Attorney General — Julis D. Weber of Salamanca, Federalist Party; Helen Washington, Bronx, Nationalist.

There was a total of 3,500 feet of 2½-inch hose available on the four trucks. The test proved that they could feed water under pressure for 2/3 of a mile to fight a fire.

Approximately 60 feet of 2½-inch line was used in the drill supplying water to four 1½-inch lines of 150 feet each.

Gave Instructions

Manning and giving instruction on pumping at the Spring Lake pumper truck was Assistant Chief Seidel, John Mahoney, James Diperi, Robert Barnett and Donald Winslow. Supervising West Hurley was Charles Myers and Capt. Arthur Rice. John Riecharg and Robert Ferrigan supervised for Sawkill, and Jack Duffy and Paul Burton operated the portable pump.

Mutual Aid Control Center two-way radio was used throughout the drill to issue orders and coordinate the exercise. Refreshments were served following the drill.

Elections will be held at 2:30 p. m. today on the campus, with announcement of the results at dinner this evening. State officers will visit the State Capitol in Albany on Friday.

On Friday morning there will be an address by Mrs. Philip J. Woodard, director of special liaison, executive office of the President, Office of Civil Defense Mobilization, Washington, D. C. She will speak on the subject, "Continuity of Government."

On Friday evening the state officers of Girls State will be inducted, with Abraham N. Davis, executive deputy Secretary of State (New York), administering the oath.

S. James Matthews, Kingston attorney, is serving as political instructor for the week-long training program in citizenship and government. This is his seventh year of service in this capacity. The girls, high school juniors, hail from each of the state's 62 counties. Two hundred and eighty girls are participating in Girls State.

Wallkill

Young GOPers Plan

WALLKILL — A meeting of the Young Republican Club, Town of Shawangunk, was held Monday, June 19th at the Wallkill Firehouse. Secretary Edythe Crowell read a letter from the Third District Republican Club of Walker Valley in which they invited the Young Republican Club to attend a picnic. The picnic will be held Sunday, July 9, at 2 p. m. at the home of Thomas Mance, which is located on the Oregon Trail near Walker Valley. Members may bring their families and guests. There will be games for the children and swimming. Club members wishing to attend, should contact either M. J. Oscar Smith or Norman Eckert.

President Vegliando announced that there will be an executive meeting next week to discuss and act on a proposed By-law change.

Picnic for July 8

The annual Reformed Church Sunday school picnic will be held Saturday afternoon, July 8, at Camp Isis, the Newburgh YMCA Camp. Camp Isis is reached by turning in at the entrance to Lake Osiris and then following signs after passing the golf-club house.

There will be no buses for transportation, and anyone going is asked to meet at the church at 2 p. m., including those who are driving in order to provide transportation for all.

It is planned that the picnic will end at 7:30 p. m. and parents are invited to remain through the day or join the group for the picnic supper to be served about 5:30 p. m. Parents are asked to furnish either potato salad or baked beans. The Sunday school will furnish sandwiches, beverage and dessert. If the last name begins with letter A-L, they will furnish salad; and if your last name begins with letter M-Z please furnish baked beans.

In the event of rain or threatening weather, Saturday morning, contact a member of the committee, either Harry P. Vogt, Rev. Walter N. Van Popering, George F. Vogel or Howard C. Terwilliger, between 11 a. m. and 12 noon.

The Wallkill Reformed Church Sunday school closed for its summer recess Sunday, June 25, and will remain closed through Sept. 3. On Sept. 10, 1961, Sunday school will be resumed at the regular hour at 10 a. m.

Harold F. King, Business Leader, Died Wednesday

HAROLD F. KING

Harold Frederic King, 77, president of the H. F. King Corporation, auto accessories distributor of 721 Broadway, died suddenly Wednesday at his home, 127 Fair Street.

For many years he served as vice president of the National Ulster County Bank of Kingston, corner of Wall and John Streets, and following its merger with the State of New York National Bank, he was elected a director of that bank.

He was a veteran of World War 1 having served as first lieutenant in the army.

Born in Brooklyn April 27, 1884, the son of Arthur R. and Alice Nelson King, he moved to Kingston 57 years ago where he has since resided.

After receiving his early education in East Orange, N. J., grammar and high school, he attended Columbia University, New York City from which he was graduated with the class of 1906. He was awarded a mining engineer degree. He was a member of Phi Gamma Delta Fraternity, University Club and Columbia Club of New York.

A member of St. John's Episcopal Church, he served that church as vestryman and warden for over 40 years.

His civic activities included chairmanship of the Academy Green Committee.

A pioneer member of Twaalfskill Club, he was an enthusiastic golfer. He held various offices in the club down through the years including that of president. He also was president and director of the Ulster County Seniors Golf Association of which he was one of the founders.

Surviving are his wife, the former Dorothy Chipp; a daughter, Mrs. William K. Darling of this city; a sister, Mrs. Thomas Miller of Rockville Center, Long Island and two grandchildren and a niece.

Funeral services will be held at St. John's Episcopal Church, Albany Avenue, Friday afternoon at 2 o'clock. Burial will be in Wiltwyck Cemetery. There will be no calling hours.

Shokan

James Carpenter Sr., who with his family formerly came here each summer for 15 years, is again at his Richmond Hill, L. I. home following a serious illness and hospital sojourn. "Jim," a World War 1 veteran, was wounded while serving with the 78th, or Lightning Division in the Argonne. He has been a member of his local draft board for many years.

Mr. and Mrs. Patrick Kelly and Mrs. William J. Loos of Inwood, L. I., were at their Shokan summer homes over the weekend.

Mr. and Mrs. Philip Chase, Putney, Vt., were in town Saturday. They have the old Peter Winchell place near Tice Teneyck Mountain.

Sunday callers in the hub of the reservoir country included Mrs. Raymond Armengal, Fairlawn, N. J., and Lillie Carr, East Paterson, N. J.

Also here Sunday were Mr. and Mrs. Ezra Burgher, Oneonta, and their children: Carol, Lawrence, Donna, Darla, Donald, Rebecca, John and Charles. Another son, Curtis, is in Hawaii with the 14th U. S. Infantry. Burgher, a contractor, is a native of Brodhead. He was employed in waterworks days by McArthur Bros. and Winston Co., contractors for the main Ashokan dam and dikes. Ezra is a cousin of Martin Gulnac of Shokan.

Memoriam

In loving memory of my husband, Harry Nenni, who departed this life one year ago, June 28, 1960.

Somewhere back of the sunset,
I see that smiling face
Of the kindest one
Whom God never can replace,
I live in happy memories
As I go on my way,
Until God sees fit
That we shall meet again some day.

Governor of Boys State to Give Address Today

HAMILTON, N.Y. (AP) — Kenneth J. Howard Jr., newly elected governor of Boys' State, will deliver his inaugural address today to the first meeting of the Boys' State's Legislature.

Howard, 17, of Manhasset, L.I., was elected Wednesday on the Nationalist ticket, defeating John T. Nimmons, 16, of Scarsdale, the Federalist candidate.

Other officers elected included: Gary R. Morrow of Geneva, controller; and James M. Irish III of Kinderhook, judge, Court of Appeals.

The conference is sponsored by the American Legion and closes Saturday. The practice-political session is being attended by 1,020 boys.

State Mental Hygiene Post Goes to Woman

ALBANY, N.Y. (AP) —Mrs. Jonathan Bingham of Riverdale, The Bronx, was appointed by Gov. Rockefeller today to succeed her husband on the State Mental Hygiene Council.

He has been appointed by President Kennedy as U.S. representative on the Trusteeship Council of the United Nations.

Mrs. Bingham, vice president of the U.S. Committee of the World Federation For Mental Health, ends her term on the council Dec. 31, 1963.

Rockefeller also appointed Paul C. Bosse of Warrensburg and reappointed Dr. Sandor Rado of New York City to full terms ending Dec. 31, 1966.

Bosse succeeds the Rev. Dr. William A. Crawford III of Monticello, whose term has expired.

Members are paid $1,500 a year and expenses.

Two Parties Busy Keeping State Issues Alive for 1962

By ROBERT T. GRAY

ALBANY, N. Y. (AP) — The official, 1962 campaign for governor of New York State is more than a year away but the script is rapidly becoming tattered and decayed.

The beats, exaggerations, indignant accusations, glowing promises, conflicting statistics and other dialogue that will sound from political platforms next year already has been heard at length.

The debates will echo and re-echo through the summer, the local elections this November, the 1962 legislative session, the state conventions and the campaign.

Different Views

Republicans and Democrats are concentrating on their respective interpretations of what has happened —or not happened—during the 2½ years of Gov. Rockefeller's administration. He will seek reelection.

Republican orators see the period as one of great gains for business, labor, taxpayers, students from kindergarten through graduate schools, the elderly, commuters, state employes, minorities and various other groups and individuals.

Democrats see the same period as one of oppressive tax increases, assaults upon labor, shabby treatment of schools and favoritism for big business.

While there may be minor variations and some major, additional issues not now apparent, this basic approach is likely to carry through the election.

Reasons for Activity

There are various reasons for the intensive political activity when the election is so far off.

The tax issue is one of them, sharply after the 1959 tax increases. The GOP wants to turn the emphasis from what voters are paying to what they are receiving.

Rockefeller, GOP State Chairman L. Judson Morhouse and other party orators have been stressing such things as the scholar-incentive program to provide state grants to college students, increased state aid to school districts, tax relief and highway-building.

This formula, if used long enough, will eliminate the tax issue as a serious political problem, the Republicans apparently have reasoned.

The Democrats have no desire to see the tax issue die and are giving it careful attention to keep it alive into 1962.

The Democrats also appear to have under way a planned, long-range effort to create an image of Rockefeller as a friend of big business interests and the wealthy. Morhouse has called this "shop-worn, New Deal political claptrap."

Democrats are handicapped in their preliminary campaign activity by the fact their party is torn by factional strife and still is searching for a candidate for governor.

When they choose one, he will find his campaign has been well broken in.

Lightning seldom is seen in the polar regions.

In 1890 the streets of Medicine Hat, Alberta, were lighted with natural gas both day and night because it was cheaper to let the lights burn than pay someone to turn them on and off. Medicine Hat is built over a natural gas pool.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)— Playwright Tad Mosel and actress Shirley Booth joined forces Wednesday night to turn out an exceptionally effective Steel Hour on CBS.

Mosel's "The Haven" was more a vignette and character study than a drama, the story of a weak but sensitive man's brief revolt from his wife and two children —and his return.

Miss Booth played the type of woman she did so well in "Come Back Little Sheba," a good warm-hearted slob. But Gene Raymond, as her errant husband, was so wooden and withdrawn that all the sympathy stayed on the side of the wife.

The plot wasn't much: Just a couple and their two children returning to their summer cottage husband had been there with another woman. Miss Booth pulls off convincingly a difficult scene when she changed instantly from hurt and anger at betrayal to warmth and concern for her husband's unhappiness.

NBC's early-bird "Continental Classroom" will return Sept. 25 with two courses for which it expects some 300 colleges and universities to offer full academic credit.

The first half-hour—6 to 6:30 a.m.—will be a repeat of this season's two-semester course on contemporary mathematics. From 6:30 to 7 there will be lectures on American government, a new series.

ABC's vice president in charge of news, Jim Hagerty, had a closed circuit TV meeting with heads of affiliated local stations recently and "talked firmly"—words—to them about the necessity for their clearing time for his 11 p.m. network news shows.

The project is close to Hagerty's heart because it is a vital part of his blueprint for upgrading ABC's news and public affairs activities. But the local stations, apparently, have been reluctant to open up the late time period because it is more profitable for them to keep the programs local, with local sponsors.

Sam Levenson, who was on Ed Sullivan's show the other Sunday, will fill in for vacationing Jack Paar next Wednesday and Thursday nights. Durward Kirby will continue on the Garry Moore Show next season as well as play host on "Candid Camera."

Recommended tonight: "The Groucho Marx Show," NBC, 10-10:30 (Eastern Daylight Time). One of the final new programs of a long-running show which will not return next season.

Grange News

Plattekill Grange

"Building for the Future" was the program topic presented by on the lecturer's program at the regular meeting of the Plattekill Grange Saturday night. The program took the form of a Youth Talent Show with the following participants: Instrumental selections, piano, Suzanne Richter and Johnny Orlowski; Clarinet, Judy Bruning; guitar, Tommy Harris; vocal duets, Janet and Muriel Fosler, Patty Kleeman and Mary Zalezak; ballet dance, Donna Chesser; pantomime, Denise Winchell; recitations, by Linda and Marilyn Mintuolo, Dorothy, Kevin and Billy Christopher, Marybeth Woodruff, Calvin Bruning, Connie, Debbie and Billy Chesser; reading of original poems by Joseph Powell. The committee in charge included Mrs. Thomas Christopher, Mrs. Frank Woodruff, co-chairmen; Mrs. William Chesser, Mrs. Albert Bruning, Mrs. Charles Richards.

Final plans were announced by Mrs. Burton Ward of the Community Service Committee for the card party to be held at the Grange Hall Wednesday night, June 28 with proceeds for the benefit of the Building Fund of the St. Luke's Hospital of Newburgh.

Mr. and Mrs. Alfred Harris and Mr. and Mrs. Charles Everett of the local Grange were among those who attended the banquet at Highland Grange on Saturday night in honor of the 61st anniversary of the Grange unit. The local Youth Committee presented a part of the evening's program with Mrs. Alfred Harris director.

The next regular meeting of the Grange will take the form of the annual picnic to be held on the Grange lawn Saturday, July 8 at 6:30 p. m. with all members of Grange families participating.

Common size of Colonial American newspapers was four pages, each about 10x15 inches, according to the Encyclopedia Britannica.

$10-17 Million Yield

Legal Way Cleared For Jersey's New Tax on Commuters

TRENTON, N.J. (AP) — Highway Commissioner Dwight R. G. Palmer has cleared the legal path for New Jersey's new commuter tax.

New Jersey plans to start withholding the tax from the pay checks of 40,000 to 60,000 New York residents Saturday.

Palmer complied with a technical requirement of the newly adopted law Wednesday by declaring New York and New Jersey a critical transportation area.

New Jersey expects to collect $10 to $17 million a year from New York residents. It will turn this money over to New York next April. In return, New Jersey wants the $50 million a year its residents have been paying under New York state's income tax.

The $50 million could be used only for transportation facilities between the two states.

In Albany, N.Y., Tax Commissioner Joseph H. Murphy said New Jersey's new commuter tax has hampered a plan to liberalize deductions for New Jersey residents who pay New York state's personal income tax.

Murphy said Wednesday the new deduction plan is snarled in legal difficulties because there is the possibility that an estimated 5,000 New Yorkers working in New Jersey might be subject to a double withholding tax.

He said that, under the New York income tax and the New Jersey commuter tax, a worker employed in the New Jersey plant of a New York company might be subject to having taxes withheld in both states.

A rebate probably would be made later, Murphy said, but the worker would have his take-home pay reduced. "This would be unthinkable," he added.

Order: Stay Neutral

WASHINGTON (AP) — County agricultural agents and other members of the state and county Agricultural Extension Services have been cautioned against taking sides in arguments over the Kennedy administration's omnibus farm bill.

In letters to state extension directors, Dr. E. T. York Jr., administrator of the Federal Extension Service, said he wished to "reaffirm extension's position of strict neutrality with respect to development of government policy..."

4 Governors Ask U. S. Loan to Save Railroads

HONOLULU (AP)—Four Eastern governors have appealed to President Kennedy to save the New Haven Railroad from bankruptcy with a government loan.

They said in a telegram to the chief executive Wednesday that a loan from the office of civil and defense mobilization is vital to provide time for steps already begun by the states to take effect.

The telegram was signed by Govs. Rockefeller of New York, John Dempsey, of Connecticut, John A. Volpe of Massachusetts and John A. Notte Jr. of Rhode Island.

IBM Announces Promotions

JOSEPH P. MURPHY JR.

ERNEST K. FRIEDLI

Two appointments to higher administrative positions at International Business Machines Corp., Kingston were announced today.

The appointment of Ernest K. Friedli, of Poughkeepsie, as administrative assistant in the office of the works manager has been announced by Richard J. Whalen, general manager of the IBM Federal Systems Division Command Control Center, Kingston.

Named Senior Engineer

The appointment of Joseph P. Murphy Jr., of Woodstock, as a senior engineer, Army Fieldata systems management office, has been announced.

Friedli is the son of Mr. and Mrs. W. H. Anderson, of West Hurley. He joined IBM in 1947 as an engineering trainee at Endicott, and was transferred to the Poughkeepsie oganization the following year as a design engineer. After advancing through several technical positions, he attended the administrative training program, corporate headquarters, in 1953, returning to Poughkeepsie in December. Late the following year he was transferred to San Jose, Calif., as project manager in pilot production. There he was named assistant manager of product engineering.

In early 1958, he was transferred to General Products Division Headquarters, White Plains, as an administrative assistant. In mid-1959, he joined the Data System's Division Headquarters, White Plains, as assistant for equipment scheduling, a post he has held until his present appointment.

Friedli attended Bloomsburg State Teachers College and received a Bachelor of Science Degree in mechanical engineering from Duke University.

He, his wife, Sheila, and sons, Kipp, 6, and Brett, 3, reside on 7 Woodward Road, Poughkeepsie.

Joined IBM in 1950

Murphy joined IBM in 1950 as a customer engineer in New York City. After several assignments in the IBM, Poughkeepsie engineering organization, he was transferred to early SAGE computer development there in mid-1953. He was named a project leader in SAGE product engineering at Kingston two years later.

In late 1957 he was named product engineering site coordinator for SAGE site engineering and one year later development engineer in the Army FIELDATA Systems management office, a post he has held until his present appointment.

Murphy is a member of Woodstock Junior Chamber of Commerce. He received a Bachelor of Electrical Engineering Degree from the City College of New York.

Murphy, his wife, Anne, and children, Kathryn, 5, Joseph, 4, Mary, 2, and John 8 months, reside in Woodstock.

Financial and Commercial

NEW YORK (AP)—Indecision and inaction prevailed in the stock market early this afternoon.

The mixture of small changes was reflected in The Associated Press 60-stock average, which was up .10 at 243.0. Industrials were down .30, but rails rose .30 and utilities were up .10.

Steels and rails were steady, while rubber and aircraft shares were higher on balance. Oils joined chemicals and metals on the downside, but other groups were a jumble of fractional gains and losses.

U.S. Freight rose more than 2 and Fruehauf Trailer held most of an early gain.

Carrier gainers included New York Central, Southern Pacific, Illinois Central and Santa Fe. U.S. Steel pushed ahead nearly a point with other steels trailing along.

Bonds were irregular.

County Faces Two Actions on Charge Of Bad Drainage

Two actions against the County of Ulster are pending in Supreme Court as a result of alleged change in the drainage area in the Ulster Heights section of the Town of Wawarsing when the Music Festival was being held in the area.

Levine and Koplick, doing business under the style of Ellenville Scrap Iron Company, seek $30,000 under a business claim and Levine and Levine, owners of the property occupied by the scrap iron plant, seek $10,000 property damages, alleging that a change in the highway grading for the Music Festival caused an enlargement of the drainage area. During a flood in October 1959, it is charged the premises were damaged by flood water. The run-off from the Ulster Heights area allegedly damaged the Levine premises on Cape Road.

Originally the business claim action by Levine and Koplick was to recover $10,000. A motion was recently made by Manuel Dittenheimer in special term to increase the amount to $30,000. Plaintiffs are represented by Manuel Dittenheimer and the County of Ulster by Donald H. McCann.

Arrest Lawyer As Cage Fixer

NEW YORK (AP)—Dist. Atty. Frank S. Hogan today announced the arrest of Charles Tucker, 25, an attorney from Yonkers, N.Y., as a basketball fixer.

Tucker, a former college basketball player at Kalamazoo, Mich., College in 1955 and 1956, was booked on charges of conspiracy and bribery.

Tucker was the ninth man arrested as a basketball fixer in the ever-widening scandal. He has law offices in midtown New York.

The scandal already has involved 35 players from 21 colleges, covering 41 games.

Hogan said Tucker offered $1,600 to Peter Kelly, University of Connecticut captain, to shave points in a game with Holy Cross played Feb. 18 at Storrs, Conn. Kelly of Orlando, Fla. had been named previously in the investigations. Hogan said Tucker called off the deal at the last minute because things were "too hot."

Honor Students Are Speakers at Local Lions Club

Guest speakers at the Tuesday luncheon meeting of the Kingston Lions Club were Helmut Altneder, valedictorian and Edith Borchardt, salutatorian of the Kingston High School Class of 1961.

Miss Borchardt, who came to America only five years ago from German said, "Though it has been said many times, America is a land of opportunity. Specifically the opportunity of free education." She commentted on the fact that she would have quit school after the eighth grade in Germany and have taken a secretarial course. Since she came to America, where a high school education is free, she continued school and graduated. Miss Borchardt will attend Vassar College from which she received a scholarship.

Altneder who graduated with an average of 96.71 per cent, the fourth highest average ever obtained at KHS. A native of Hungary, Altneder came to this country in February 1950, and has lived in New York State seince 1955.

The speaker, a recipient of a New York State Regents scholarship and a Kingston Lions Club scholarship will study electrical engineering at Union College starting this fall.

President Signs Highway Bill, '72 Completion

WASHINGTON (AP)—President Kennedy signed into law today legislation to assure completion of the interstate highway system by 1972.

In a White House ceremony attended by a large group of senators and representatives and other government officials, Kennedy said the legislation would "increase the nation's defense readiness and decrease the appalling highway death toll."

The bill Kennedy signed "with great pleasure" pumps an additional $11.7 billion into the interstate program.

The financing arrangements include $600 million a year from continuing the gasoline tax at its present 4-cents-a-gallon rate, $150 million from other highway taxes, and the switching of 5 per cent of the excise tax on trucks and buses from the general treasury to the highway fund, for another $150 million annually.

The diversion, which the administration opposed, was postponed until July 1, 1963.

The bill also continues for two years the provision granting bonuses in allocations to states that ban advertising billboards along the new roads.

The bill contains these tax increases:

The use tax on trucks and buses over 26,000 pounds, now $1.50 per 1,000 pounds, to $3.

The tax on highway tires from 8 cents a pound and on inner tubes from 9 cents a pound to 10 cents.

The tax on tread rubber from 3 cents a pound to 5 cents.

NASD Self-Police Over-Counter Dealings

Q) "In over-the-counter listings, I've seen a "bid" and an "asked" price. Is the seller guaranteed the bid price? Who is responsible for the publication of these figures?" A. P.

A) While the seller may receive the quoted bid price for his stock, there is certainly no guarantee that this will happen.

Daily over-the-counter listings do not represent actual transactions, which are a matter of individual negotiation. The quotes are published only as a guide to the range within which securities could be sold, as indicated by the bid price; or bought, as shown by the asked price.

These figures are supplied as a service to the public by the National Association of Security Dealers, an organization set up by the investment fraternity itself to regulate and govern the activities of its members in the over-the-counter market. Much of the NASD's fine work is in enforcement of rules and policies laid down by Congress and administered by the Securities and Exchange Commission, which must approve all NASD rules and has the authority to review the Associations decisions.

While the SEC is directly concerned with enforcing federal laws, the NASD polices questionable practices and ethics among its own group. During the last 20 years, some 253 members have been expelled for violations; others have been suspended and a great many have been fined.

I have continually suggested to readers that it is to their best advantage to do business with NASD members.

Q) "I bought Rexall Drug at 7, and it is now 54. Should I sell or hold?" E. R.

A) Unless this stock represents a disproportionate amount of your total portfolio, I would hold. Rexall has slowed down somewhat since the meteoric run-up of 1958-1959, but I believe the general trend is toward higher levels. And don't forget the capital gains tax, which in this instance would take a pretty healthy bite.

Border Situation Quiet

Mubarak flew back to Beirut Wednesday night and said his return was "clear evidence of the calm situation in Kuwait." He added that "the situation on the Iraq - Kuwait border is very quiet."

Sources in the Lebanese foreign ministry said the Arab League is studying the possibility of sending a delegation to Iraq and Kuwait to mediate.

Arab diplomats in Cairo have been conferring continuously since the crisis broke.

So far Saudi Arabia is the only Arab state to pledge military support to Kuwait if the little sheikdom is attacked. President Gamal Abdel Nasser's United Arab Republic has moved cautiously but one of his government ministers expressed disapproval of the Iraqi claim as a menace to Arab unity.

Kennedy

ply them by surface and air routes across East Germany.

Washington officials reported a new East German regulation decreed Wednesday would be ignored. The regulation states that radio-equipped planes of nations not having air agreements with East Germany must receive special permission after Aug. 1 to cross East Germany. Western rights for air access to West Berlin are in no way dependent upon approval or disapproval of the East German Communists.

Kennedy spoke at his news conference Wednesday of the possibility of negotiations with the Soviet Union on the Berlin problem. He said the United States was ready "to discuss any proposals" which would increase West Berlin's security and independence.

All for Negotiation

About the same time Khrushchev also said in a speech at the Kremlin that he was prepared to "negotiate honestly."

British Prime Minister Harold Macmillan had mentioned the possibility of negotiations in a statement in Parliament on Tuesday.

U.S. officials said there probably would be some advantage to the Western powers in taking the initiative now in formally proposing negotiations. By that means they might be able to decide at least in part the subject matter of such negotiations.

Molina Is Given 20 Years to Life For N.Y. Slaying

NEW YORK (AP)—Francisco (the Hook) Molina, a former soldier in Fidel Castro's Cuban army, was sentenced to 20 years to life today in the death of a girl caught in gunfire between Cuban factions. Castro has sought to trade a leader of the recent invasion for Molina.

Molina was convicted of second-degree murder in the killing of Magdalena Urdaneta, 9, a Venezuelan girl who was vacationing here with her parents.

The family was sitting in a West Side restaurant when gunfire broke out between pro- and anti-Castro groups. This occurred last year while Castro was in New York.

Molina, 28, got his nickname of "the Hook" because he has an artificial hand, which replaces a member lost in an industrial accident.

Castro has maintained that Molina's trial was of a political nature. He offered to exchange Capt. Manuel Artime of the Cuban invasion forces for Molina.

Molina's lawyer asked a suspended sentence for Molina and that he be deported to his native Cuba. He said that if Molina were returned "it would put the Tractors for Freedom movement in a better light."

This was a reference to the unsuccessful effort of an American committee to exchange tractors for other prisoners from the rebel invasion. Castro himself initiated the idea, but negotiations broke down in a hassle over Castro's changing terms.

Merchants Are Divided About Shopping Area

Indications are that a considerable number of uptown merchants will attend a future public hearing relative to a zoning change for a shopping center.

This was learned today by a reporter as he asked questions relative to a meeting Wednesday night of the Uptown Businessmen's Association held in the Stuyvesant-Kingston Hotel.

The public hearing, advertised in a legal notice in this issue of The Freeman, has been called by the Laws and Rules Committee of the Common Council to discuss putting a tract of land at the foot of Fair Street in the business zone.

It is proposed by a developer to use the land for a big shopping center.

When asked whether there was discussion at last night's businessmen's meeting about the subject there was no comment.

Those who talked, but not in official capacity, said some of the merchants seem in favor of the shopping center locating in their sector of the city, but others have expressed opposition.

It was reported that two groups likely will attend the public hearing, those who like the idea and others who oppose it.

Pedestrian deaths account for more than half of all motor vehicle accident fatalities among children up to 14.

Two Candidates For School Board File at Deadline

SHELDON C. FULLER

Sheldon C. Fuller of 94 Main Street filed a petition on Wednesday with district clerk Mrs. Margaret Marburger, as a candidate for the board of education in the election to be held July 12. Mr. Fuller has filed for the position now held by Steve Stycos of Main Street, who is running for reelection.

Fuller is the son of the former Gertrude Overbagh, whose father, Richard B. Overbagh at one time held the position of president of the board of education.

He and his wife Beverly and children, Reed, who will enter the Saugerties Junior High School in the fall, and Victoria, a fourth grade student at Main Street School, reside in the former Overbagh family home.

Fuller is a graduate of Ohio State University, College of Commerce and majored in accounting. An employe of the International Business Machines Corporation, Kingston, he is manager of financial planning.

A member of Trinity Episcopal Church, Barclay Heights, he is a member of the vestry and a former president. In his seven years in the community he has been active in civic affairs.

Before the deadline for filing Wednesday, Edward Somers of 15 John Street, filed a petition indicating his intention to seek election for the board post to be vacated by Mrs. Mary Lasher of Saxton.

Mrs. Everett T. Brandt of Quarryville is also seeking the post formerly held by Mrs. Lasher.

Special Awards At High School Exercises Listed

Dr. Grant D. Morse, superintendent of the Saugerties Central School, presented more than 50 awards to students at the Monday night commencement exercises held at Saugerties High School.

Recipients ranged from seventh grade students through to the graduating seniors, and were given for various personal qualities and achievements.

Receiving the greatest number of awards was Pamela LaPlante. She received 8 on behalf of David Hildebrandt of the Dads of Foreign Service Veterans for maintaining the best final grades over a period of four years in social studies; an award of $10, donated by the American Legion and its auxiliary, for attendance, punctuality, deportment and scholarship; the Mr. and Mrs. Overbagh memorial prize of $10 for the best record in public speaking; Saugerties Society of Little Gardens award for the highest average in final marks for a six year science sequence; a $10 award given by the French Club for the highest mark in French 2 examination; a $5 award for the best general average in English 2, 3, and 4, given by the Class of 1959.

Karen Fous, another graduate, shared in an award of $10 for the highest average in American History, given by Attorney Louis P. Francello in memory of Staff Sgt. Frank Martino Jr. She was also the recipient of the Gertrude M. Lamb award of $5 for the best record of the year in drawing; the B'nai B'rith of Kingston award of $10 for her understanding and appreciation of democratic values and principles; the Saugerties P-TA scholarship award for her good record and ambition.

Wins History Award

Michael Goff shared the $10 prize with Miss Fous for highest average in American History, given in memory of Frank Martino Jr. He also received the $5 award given by the Class of 1958 who had the highest average in the subjects required for a scientific diploma with honor.

Patricia Sasso received the Saugerties Monday Club, $200 Mary Pidgeon Gillespy scholarship award for maintaining an excellent record of scholarship and the Saugerties P-TA $100 scholarship award for high school record and ambition, both given to a senior planning to attend college.

Robert Riley was given the $5 award by the Class of 1959 to the boy in the Class of 1961 who has the best record in industrial arts, and the P. C. Smith award of $5 for demonstrating the best ability in industrial arts during his high school career.

Robert Francello received the Saugerties Chamber of Commerce prize of $20 as the high school boy whose conduct in and out of school during the year best typifies the American school boy in manliness, just consideration for teachers and students, sportsmanship, disposition and manners. He also shared in a $10 award given by the Junior Chamber of Commerce for outstanding performance in forensic competition, and whose character, cooperativeness and school citizenship are deserving of recognition.

Good Citizen

Terry McLaughlin received the $10 award given by William Ziegler to the senior, who in the estimation of the faculty exemplifies in his daily relationships with teachers, adults and all others right attitudes, fair dealing positive qualities of good citizenship. Terry also was awarded the $10 given by the Catskill Glee Club for the greatest contribution to vocal music during his years in high school.

Other awards to graduating seniors were: Mary Ianotti, $5, given by the Spanish Club for the highest mark in Spanish 2 and 3; Karen Jacobs, a music award from Mu Alpha for outstanding contribution to the senior choir during her high school career; A. Frank Galietta, Mu Alpha award of $5 for outstanding achievement in instrumental music; Mildred Overbaugh, the Art Department award for showing most ability, interest and has maintained a high standard in Art; Roland Mayone, an award og $5 from the class of 1960, who during the past four years has shown the greatest promise of being the best citizen in social, economic and political life by his attitude.

Dale Ferraro, an award of $5 given by the class of 1958 for the highest average in five or more units in commercial subjects; Russell Talmadge, a $5 award from the faculty men for the best all round athlete; Albert Giannotti, the Sawyer athletic prize $5 to the boy who has actively engaged in athletics and maintained a high average in his studies.

Miss Saugerties Wins

Also, Susan Schirmer, Saugerties Area Chamber of Commerce prize of $20 for the typical American girl; Anthony Misasi, an award of $5 given by Steve Stycos in memory of his mother Maria, for showing respect for teachers and other adults and has demonstrated a manly ability to get along with others without being spiritless or merely acquiescent; Theodore Olson and Judith Cooke shared a $10 award from Mr. and Mrs. Fabian L. Russell for good attendance, a genial disposition, a modest manner, cleanliness of mind and body; Walter Freligh, from Asbury Grange for the greatest improvement in English between September and June; Mary Smith, the DAR award of $5 for her exceptional interest and ability and other qualities and completed a three year sequence in homemaking.

Also, Meredith Mayer, the Saugerties Public Health Nursing committee award for her scholastic record and promise as a nurse; Allen Welcome, $100 P-TA scholarship award for the graduate entering the field of education; Valerie Herb P-TA scholarship award of $100 for good high school records and ambition, and will attend college.

Other awards presented to under graduates included Susan Gaglianello, American Legion auxiliary prize of $5 for best record in seventh grade social studies; Robert Mayone, VFW prize of $5 for eighth grade social studies; Cheryl Goff, VFW auxiliary prize of $5 for eighth grade social studies; Richard Wilde, DAR prize of $5 for eighth grade American History; Harold Hommell, P. C. Smith industrial arts prize of $5 to an eighth grade boy; Pamela McLaughlin, Daniel Lamb Memorial prize of $5 for 9th grade social studies; Jean Stemmerman, the B. W. Gifford prize of $5 for the best general science average; Mary Metzler and Frank Mauro the $10 award given by the Stays of Bramble-croft for careful preparation of subjects and contribution to the success of the debating team.

Also, Gerard Rea, $5 given by Mrs. Joseph Frankel in memory of her husband, to the student in plane geometry who maintained the best average for the school year; Sara Imhoff, an award of $10 given by the Girls Community Club for service to her fellow students; Janet Beaton, an award of $10 from the class of 1941 for junior English student who shows clarity in expression, and thoughtful consideration of subject in written endeavors; Sharon Johnson, the Jayncees award of $10 for recognition in forensic competition; Marguerite Fuzo, the Res Publica Romano Club $5 prize for highest mark in Latin 1 examinations.

Award for Latin

Linda Boettcher an award of $5 from the Res Publica Romano for highest mark in Latin 2 and a $5 award from the French Club for the highest mark in French 1; Carole Finger, $5 from the French Club for the highest mark in French 3; Mary Metzler, $5 award from the class of 1959 for the best record in June examinations in the Junior year; Bruce Mundy received a trophy from the AAA as an outstanding student in driver education.

SAUGERTIES LIONS INSTALL OFFICERS —Here are the officers who will guide the Saugerties Lions Club through the ensuing year's program of meetings and projects. Installed Monday at a meeting in the Flamingo they are (l-r) Joseph Bosco, secretary; William Brinnier 3rd, vice president; John Kerns, past president; Henry Breitenbach, president; Willis Tinney, installing officer; Frank Costello, first vice president and Louis Francello, second vice president. Mahoney Favors U.S. Rule Change On Welfare Fund

ALBANY, N.Y. (AP) — Senate Majority Leader Walter J. Mahoney joined state welfare leaders today in calling for a change in a federal rule that bars federal welfare funds to families of men working for municipalities in return for relief.

Mahoney, Buffalo Republican, called the rule "an outrageous intrusion on the rights of every state."

He also said in a statement issued here that the rule was "an unwarranted blow at the morale of those who are unable to find employment and are not content to be forced into a position of merely accepting a handout."

The rule is not new but became an issue in view of recent federal action permitting states to receive additional funds from the federal aid-to dependent - children program.

In order to obtain its full $16-million share of the funds, the New York State Social Welfare Department told the 15 local welfare districts that have work-relief programs to abolish them. Otherwise, the entire welfare aid to families on work-relief would come from the state and the localities, without federal assistance. There now are about 1,700 work-relief recipients in the state.

Raymond W. Houston, state social welfare commissioner said he had protested to the federal government without success and so issued his directive to the local welfare departments last month. The federal government does not participate in the work-relief programs.

Someone Cares

BALTIMORE (AP) — A six-year, $2 mystery is still going strong at the Baltimore office of CARE (Cooperative for American Relief Everywhere). Every week since the fall of 1954, as regularly as clockwork, an envelope without return address has arrived containing two $1 bills but no identification. It's unusual for a small donor but CARE officials aren't kicking. So far, the anonymous donor has paid for 624 packages of food—13,728 pounds of it—for distribution to the needy overseas.

Meyner Favors North Jersey as Jetport Locale

TRENTON, N.J. (AP)—The politically explosive jetport controversy got some additional fuel today with an indication from Gov. Robert B. Meyner that he favors a North Jersey site.

"It's my understanding Morris County offers the best flight conditions," Meyner said Wednesday in Honolulu, where he is attending the National Governors Conference.

In residential Morris, where the issue has aroused strong opposition since it first was broached by the Port of New York Authority, Republican Assemblyman Joseph J. Maraziti said:

"If the governor takes any action in favor of the construction of a monstrous jetport in Morris County, he will long be remembered by the people of Morris County as the first governor of the State of New Jersey who arbitrarily, brazenly and outrageously disregarded the safety and welfare of hundreds of thousands of people who would live within the perimeter of the jetport.

Meyner said he would make no final decision until the subject is aired at a public hearing July 12.

But he did say Wednesday:

"My interest in this is development and growth of New Jersey while respecting the wishes of its citizens."

Hunt Continuing In Buffalo for Woman Slayer

BUFFALO, N.Y. (AP) —The search for a demented killer blossomed out in several directions today as police doggedly tracked down possible leads — mostly up blind alleys.

While the hunt progressed Wednesday, little Andrew Ashley was buried in a small town cemetery beneath giant maples.

Andy was slain last Friday by a woman who police believe to be mentally deranged. When his body was discovered in a park lake on Sunday, a new search began and with it a flood of tips, most of them fruitless.

Several women answering the description of the slayer have been questioned here and one unnamed Guelph, Ont., woman was quizzed Wednesday, in Niagara Falls.

Investigators also checked a tip from a car rental agency in Erie, Pa., where a woman who rented a car Friday had identified herself as a former teacher of retarded children in Buffalo.

Neither the car nor the woman have been seen since.

Police found a plastic laundry bag on the shore of the lake where Andy's body was found and theorized it might have been placed over the child's head.

Within recent weeks two children were spirited from their homes by a woman described as about 5-5, in her mid-30s, with dark hair and wearing a cloth coat. Neither was harmed.

Andy was laid to rest in a plot in a small cemetery in the village of LeRoy, the family home of his parents, Mr. and Mrs. Francis Ashley.

As the services were conducted, police in plain clothes scanned the small gathering on the possibility that the murderer might be at the funeral.

PLOWER-DRIVE—West German farmer in Marktoberndorf rests in a beach chair as he demonstrates how to run a tractor by remote control. In case he falls asleep as he "plows" his field, he doesn't have to worry—the tractor will stop automatically upon contact with the first higher-than-ground-level obstacle.

New Rent Chairman

ALBANY, N.Y. (AP) — Assemblyman Anthony Barbiero, R-Nassau, is the new chairman of the State Rent Control Commission.

Assembly Speaker Joseph F. Carlino said Wednesday Barbiero was elected at a special meeting of the commission to succeed Palmer Farrington, R-Nassau, who has resigned from the Assembly.

Fire Chief Is Named To Safety Division

ALBANY, N.Y. (AP)—Ruppert C. Boucher, fire chief of the Mechanicville suburb of Hemstreet Park, has been appointed a State Safety Division field representative.

Boucher, of Mechanicville, will work with fire officials in Madison, Chenango, Otsego, Herkimer, Fulton, Montgomery and Schenectady counties in developing training programs for their firemen.

Boucher was appointed Wednesday to the $6,280-a-year post.

Girl, 6, Drowns

FULTON, N.Y. (AP)—A 6-year-old girl was drowned when she and two other children stepped off a ledge in Ross Pond into seven feet of water Wednesday. The other children were rescued.

The body of Kathleen Miller, daughter of Mr. and Mrs. Raymond Miller, was recovered. Her [illegible] and a friend, David Harrison, 12, were pulled from the water by other children.

Read This: It Could Help You Save a Life—

STEP-BY-STEP method of mouth-to-mouth resuscitation shown in this series of pictures costs nothing, requires no equipment, can be put to use instantly. Know-how could well prove to be the difference between life and death for someone, pending arrival of professional help. Study these pictures closely: 1—Rescuer probes with finger into mouth of victim for obstructions which could prevent flow of oxygen to lungs. 2—Towel is placed beneath victim's neck. Rescuer extends victim's chin upward, pinches nostrils shut. In this position, windpipe is fully extended for the air flow.

Rescuer kneels close to the left ear, placing her lips over those of victim, and breathes into the mouth. When chest expands she removes mouth, lets air escape. Repeat at rate of 12 to 20 per minute; forcibly in adults, gently in children.

Between breaths, rescuer listens for gurgling sounds indicating foreign matter. By turning her head, she can watch chest cavity fall as victim exhales; when victim exhales breath hits rescuer's cheek: another check on air exchange.

HAPPY ENDING—GOAL OF EVERY LIFESAVER: Red Cross-approved, mouth-to-mouth resuscitation is used by fire and police departments across the nation. While preliminary training is desirable, according to safety experts, the method has been used many times by those who never tried it before. Enactment, above, is by "rescuer" Jean Lally; "victim" Patricia Lott, of Cleveland Heights, Ohio.

Tag Day Slated For Volunteers' Children's Camp

Friday and Saturday will be tag days here for Kingston Post, Volunteers of America, to raise money for an underprivileged children's project.

This was announced today by the commanding officer of the Volunteers, Lt. Roland Bickford, who said the children will get two weeks at the organization's camp in Pine Point, Me.

"Our camp is properly supervised," Commander Bickford said, "and offers wholesome recreation, swimming and sunshine for the youngsters."

The camp tour is for two weeks.

"We are appealing for all to give who can regardless of the amount," Lt. Bickford stressed.

Legion Girls Are To Elect State Officers Today

Nomination of candidates for top state offices in Empire Girls State was held in caucuses Wednesday on the campus of the State University College of Education, New Paltz.

The Federalist Party nominated Sherry Ritchlin of Pittsford for the office of Governor. Named by the Nationalist Party was Janet Brazinski of Utica.

Other nominations:

Lieutenant Governor — Molly Morgan, of Webster, on the Federalist ticket; Nationalist, Marcia Robinson of Ithaca.

Comptroller — Marge Cody, Queens Village, Federalist; Cheryl Prigoff of Syracuse, Nationalist.

Attorney General — Julis D. Weber of Salamanca, Federalist Party; Helen Washington, Bronx, Nationalist.

There was a total of 3,500 feet of 2½-inch hose available on the four trucks. The test proved that they could feed water under pressure for 2/3 of a mile to fight a fire.

Approximately 60 feet of 2½-inch line was used in the drill supplying water to four 1½-inch lines of 150 feet each.

Gave Instructions

Manning and giving instruction on pumping at the Spring Lake pumper truck was Assistant Chief Seidel, John Mahoney, James Diperi, Robert Barnett and Donald Winslow. Supervising West Hurley was Charles Myers and Capt. Arthur Rice. John Riecharg and Robert Ferrigan supervised for Sawkill, and Jack Duffy and Paul Burton operated the portable pump.

Mutual Aid Control Center two-way radio was used throughout the drill to issue orders and coordinate the exercise. Refreshments were served following the drill.

Presbyterian Center

RICHMOND, Va. (AP)—Southern Presbyterians plan to build a new Christian education headquarters building here near the church's Union Seminary and its Presbyterian School of Christian Education, thus creating a Presbyterian education center in Richmond.

Lemnitzer Sees No Taylor Clash

WASHINGTON (AP) — The chairman of the Joint Chiefs of Staff expects no clash of authority with Gen. Maxwell D. Taylor, President Kennedy's new military adviser.

Sources close to the chairman, Gen. Lyman L. Lemnitzer, said today he welcomes the Taylor appointment.

Taylor is clearly on record as opposed to the joint chiefs system. On several occasions he has called for dissolving the joint chiefs set-up and replacing it with a single defense chief of staff and an advisory board he has called the supreme military council.

Lemnitzer, who served under Taylor a little more than two years ago, does not regard Kennedy's new assignment for Taylor as imposing a new layer between the president and the service chiefs, these sources said. Under the law, the chiefs are the president's chief military advisers.

"Taylor will not be a fifth member of the Joint Chiefs of Staff," one authority said, noting that Taylor will have no place in the chain of command.

Lemnitzer presides over the joint chiefs, which includes the Air Force and Army chiefs of staff, the chief of naval operations and, when the situation dictates, the commandant of the Marine Corps.

Westchester Girl Still Critical, Mrs. Lewis Good

Miss Lucy M. Finlayson of Rye, Westchester County, who was injured in a vehicular mishap Monday evening which took the life of another Westchester County girl, was still on the critical list today at Kingston Hospital.

The 18-year-old girl suffered severe head injuries when the the convertible she was driving went out of control on Route 28 and turned over. Miss Finlayson was thrown from the vehicle.

Anne G. Moffat, 18, of Bedford Hills, was killed in the mishap which occurred on a left curve near Allaben. Miss Moffat was riding as a passenger in the Finlayson car.

State police reported that the Finlayson car was proceeding in a westerly direction when the driver lost control on a curve, skidded sideways, bounced off a large tree on the opposite side of the road and was in collision with a 1957 convertible operated by Eric Berglund, 36, of Malden-on-Hudson.

Mrs. Katherine Sue Lewis, 21, of Cementon, Greene County, a passenger in the Berglund car, was admitted to Kingston Hospital with lacerations and possible chest injuries. She was reported in satisfactory condition today.

Treated and released were Berglund and Mrs. Lewis' two children, Rene, 5, and Michael, 3. Her other son, Ben, 2, was not injured.

Miss Finlayson and Miss Moffat had been staying at the home of Miss Finlayson's grandmother, Mrs. Lucy M. MacBride of Shandaken.

Congress Speeds Action Prior to Long 4th Halt

WASHINGTON (AP)—Congress is speeding action on several legislative fronts in advance of the long July 4th holiday weekend.

It took only about an hour Wednesday night for President Kennedy's omnibus housing bill to clear the House after Senate passage. One of Kennedy's "big five" domestic proposals for this session, it's now ready for his signature.

Also on Kennedy's desk today—and also in much the form he wanted—is the perennial bill raising the national debt ceiling on a temporary basis for another year.

Added reason for quick action here: This year's temporary ceiling of $293 billion expires at midnight Friday, the end of the fiscal year.

Kennedy asked and got from the Senate Wednesday night by voice vote a temporary ceiling of $298 billion. Only about a dozen senators were on hand.

Again, only a scattering of senators was present Wednesday night to pass unanimously authorization for Kennedy's expanded multibillion dollar space program. There was only brief debate on the bill authorizing $1,784,300,000 civilian space programs during the next 12 months. One goal: Landing a manned space craft on the moon within a decade.

The bill returns to the House for consideration of increases of more than $442 million.

Improvement

Sapwood of a tree trunk carries sap from roots to branches and leaves. Sapwood, as time passes, becomes inactive and turns to heartwood, or duramen. Superiority in hardness and density of this heartwood makes it preferable to sapwood for furniture and flooring.

The flower trade began in Britain's Scilly Isles in 1881 when a consignment of blossoms was shipped to London in a woman's hat box. Soon the islands were sending 65 tons of flowers a year to the mainland.

Federal Gov't, State at Odds Over Work-Relief

ALBANY, N.Y. (AP) — New York State and the federal government were at odds today over whether a federal welfare program barred work-relief projects.

Raymond W. Houston, state social welfare commissioner, has ordered a virtual halt of the programs, where able-bodied men on relief work on municipal projects.

The state would lose $16-million in federal-aid funds if the programs continued, he has said.

Different Views

Miss Kathryn D. Goodwin, director of the Federal Bureau of Public Assistance, said in Washington Wednesday, that there was nothing in the federal program that required a state to abolish the work-relief programs.

A state welfare department spokesman in Albany said Wednesday night regional administrators of the U.S. Health, Education and Welfare Department had told the state the federal law specifically prohibits federal funds for work-relief programs.

Miss Goodwin said the law meant that the funds spent by state and local governments on work-relief programs could not be counted as state matching funds in the federal program.

Used in 15 Districts

The New York Public Welfare Association, at its convention at Ferndale, said there were 15 welfare districts in the state with work-relief projects. It asked modification of the federal program, based on Houston's order.

The City of Newburgh has announced plans to begin such a program as part of an economy-based revision of the city's welfare rules.

The association also passed last night a resolution terming the Newburgh action "dictatorial" and "inhuman" and condemning the city's new regulations.

Vehicle Bureau Lists Violations

The Department of Motor Vehicles today released the following list of driver license and motor vehicle registration revocations and suspensions for major causes during the first half of June:

Ulster County drivers included in the report were:

Miguel A. Arcavega, 177 First Street, Kingston, learner's permit and Leonard D. Byrd, 181 Center Street, Ellenville, licenses revoked for conviction of driving while intoxicated.

Maurice R. Luther, Route 3, Box 116, Saugerties and Robert W. Reisgil, 28 Plattekill Drive, Marion, licenses revoked for conviction of leaving scene of an accident.

William R. Relyea, Box 113, Stone Ridge, license revoked for conviction of a third violation committed within 18 months; three speedings.

Bernard Johnston, Box 124, Sawkill, license revoked for reckless driving conviction.

Rolf M. Widmaier, RD, Box 278, Saugerties, junior operator license suspended for misuse of junior license, for six months, effective May 22.

Have you ever wished on a wishbone? So did the Etruscans, ancient inhabitants of Italy. A sacred hen was killed and her collar bone left to dry. Etruscans believed the bone called up the services of a special god. When it was brittle, two people made a wish and snapped the bone. Then as now, the one with the biggest piece got his wish.

This family is the victim of hot weather stalling—one of three infuriating troubles that can strike your car on sizzling days. Super Shell's Hot Weather Blend fights all three.

HAPPY JULY 4th?

Fight hot weather stalls with Super Shell's Hot Weather Blend. Famous 9-ingredient formula now adjusted for top performance when highways sizzle.

Summer heat can make some gasolines bubble. This can stall you dead. It can also cause hard starting and rough idling.

Read how Super Shell's Hot Weather Blend fights these heat wave problems. It just might save you a lot of trouble this weekend. You can get it at any Shell station on your route.

ENGINES, like people, can suffer from heat prostration. Especially in the kind of hot and heavy traffic you may face during the weekend ahead.

Here are three infuriating troubles that are caused by excessive heat—and what Super Shell's *Hot Weather Blend* does to fight them.

How Super Shell fights hot weather stalls

If your engine sputters and dies on a hot day, it may have an ailment called *vapor lock*. Hot weather can make certain gasolines start to boil right in the fuel line. They literally *bubble*. Vapor lock takes place when the bubbles choke off the fuel supply.

Shell scientists attack vapor lock by revising Super Shell's nine-ingredient formula in summer.

They reduce its *volatility*. This produces a *Hot Weather Blend* of Super Shell that's not likely to boil in your fuel line. It cuts the chances of hot weather stalling to a minimum.

How Super Shell fights hard starting

Here's what can happen when you try to re-start your car after a hot drive. With the fan stopped and the cooling system idle, intense heat under the hood can actually make gasoline *percolate* in some carburetors. Just like coffee in a pot.

The gasoline spills over, floods the engine—and makes starting difficult.

Super Shell's *Hot Weather Blend* is formulated to stand high temperatures without percolating. You get quick starts even after a long, hard, hot drive.

How Super Shell fights rough idling

The same trouble that causes summer starting difficulties can give your car the shakes every time you stop for a traffic light.

Super Shell's *Hot Weather Blend* attacks both problems the same way. Its formula is adjusted so that it's in no hurry to boil and bubble. Result: smooth idling in hot weather.

Shell Trouble-Shooter

Your Shell dealer will be glad to prepare your car for the rigors of summer driving. His trouble shooting may save you hours of delay on the road. See him now.

And ask him to fill your tank with Super Shell's *Hot Weather Blend*. Then you'll really be set for top performance.

The 9 ingredients in Super Shell—and what they do to give your car top performance

#1 is TCP* for power, mileage, and longer plug life.
#2 is "cat-cracked" gasoline—for power.
#3 is anti-knock mix to resist all kinds of knocks.
#4 is Alkylate to control "high-speed knock."
#5 is Butane for quick starts.
#6 is Pentane mix for fast warm-ups.
#7 is an "anti-icer." (*Added in cold weather.*)
#8 is gum preventive to keep carburetors clean inside.
#9 is Platformate for extra mileage.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2889212.

MILLBROOK

ENRICHED BREAD

No Holes!

Miracle-Mix

Research proves Millbrook's Miracle-Mix gives you

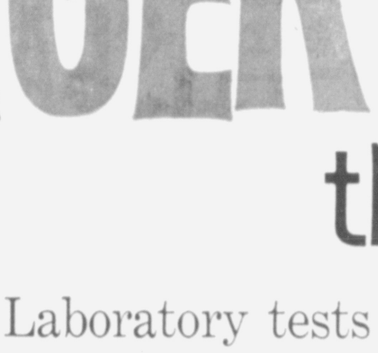
LONGER BREAD-BOX LIFE

than ordinary bread!

Laboratory tests proved it! Ordinary bread, baked from old-fashioned dough, has big air-holes that speed drying out. But Millbrook's new batter-blending method whips air-holes out...keeps freshness in! Slice after slice...meal after meal...Miracle-Mix comes out of your bread box fresh-tasting, appetizing. Less waste...more good eating...in every loaf!

MIRACLE-MIX WINS IN ALL THREE TESTS. TEXTURE AND MOISTURE TESTS WERE MADE OVER A PERIOD OF FIVE DAYS UNDER BREAD-BOX-TYPE CONDITIONS.

MOISTURE: Ordinary bread lost at least twice as much moisture as Miracle-Mix!



TEXTURE: Miracle-Mix proved much *softer* than ordinary bread in controlled scientific tests.

TASTE: Consumer taste panels preferred Miracle-Mix almost two-to-one for flavor over ordinary bread "A."

Just to make sure you get genuine Miracle-Mix with longer bread-box life... we've put this Ⓜ brand on every loaf!

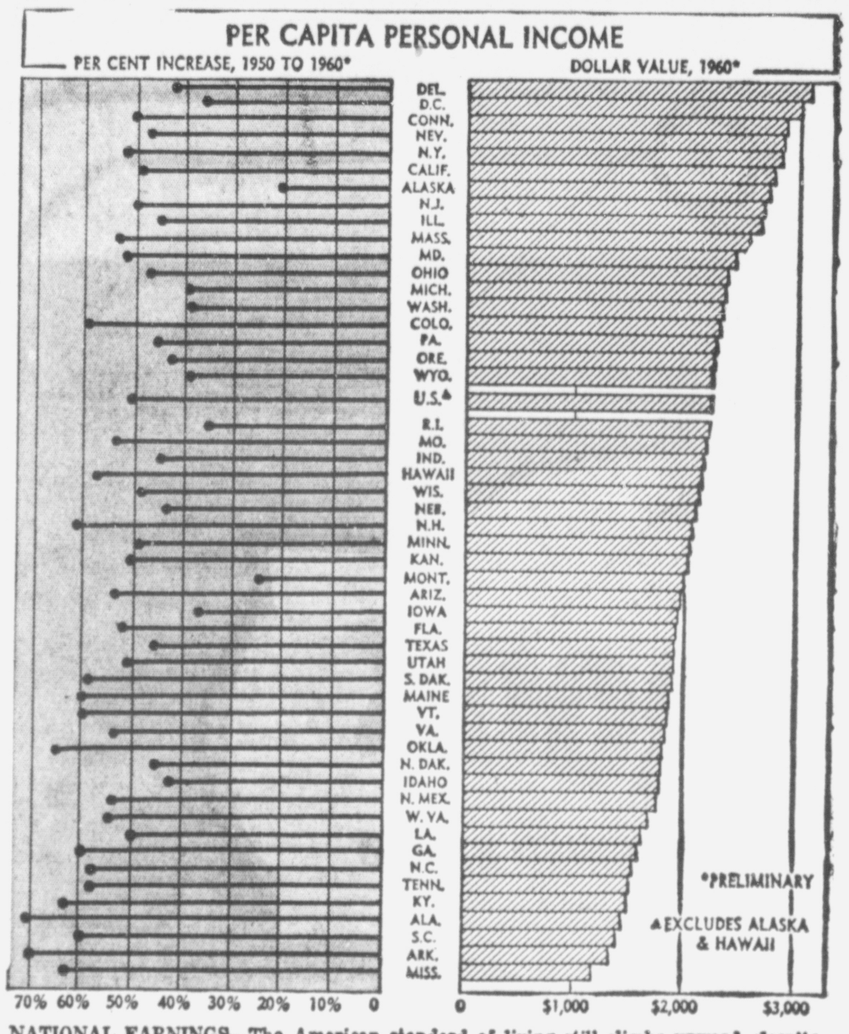
Fourth in Family Since '29 Dead, Linked to Curse

LONDON (AP)—Another member of the British family said to be marked by the legendary curse of the pharoahs has died an unexpected death, the fourth in the family since 1929.

The death of Lord Westbury was announced today. He died four days ago in Geneva, Switzerland, at the age of 46. The cause of death was not given.

His father, Capt. Richard Bethell, also died suddenly and at the same age.

Bethell had a hand in excavating the tomb of the pharoah, Tutankhamen, in 1923. A curse on a tomb relic said, "Death shall come on swift wings to him that toucheth the tomb of the pharohas."



NATIONAL EARNINGS—The American standard of living still climbs upward, despite increases in consumer prices. Average income in 1960 was $2,242. This was a 4 per cent increase over 1959 and a 50 per cent jump above 1950. Per capita incomes were the highest on record for every state except New Mexico. They ranged from a high of almost $3,100 in Delaware to about $1,200 in Mississippi. States in the mideast and far west recorded the biggest incomes, with states in the southeast and southwest the lowest. But the low-income states increased their totals faster than the country as a whole during the 1950-60 decade. Data from the National Industrial Conference Board.

Funston Opposes Exchange Probe

WASHINGTON (AP) — Keith Funston, president of the New York Stock Exchange, today opposed extending a Securities and Exchange Commission investigation to include the exchange.

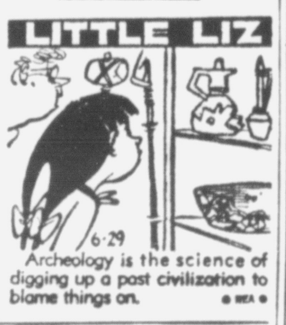
"We do not believe any special investigation into the rules and enforcement procedures of the New York Stock Exchange is necessary or would prove productive," he said in testimony prepared for a House subcommittee hearing.

The subcommittee, headed by Rep. Peter F. Mack Jr., D-Ill., is considering a resolution to authorize $750,000 for an SEC inquiry into all stock exchanges and over-the-counter trading in securities.

"I believe our rules are effective in those areas of the securities business in which we have jurisdiction," Funston said. "I also believe these rules are supported by an enforcement program that is both strong and vigorously pursued."

However, if the NYSE is included in the inquiry, Funston told the subcommittee, it will cooperate in every way possible.

He reported that the exchange has 219 staff members whose duty is to enforce its rules. He added that the registered representatives employed by member firms to serve the public "are screened, trained, tested, made aware of our rules and held accountable for their actions."



Archeology is the science of digging up a past civilization to blame things on.

For men who love sharp cheddar

(and women who love them)

As far as we know, MacLaren's Imperial is the oldest brand of cheddar sold in North America, or maybe the world. In Canada, that able Scotsman, the late Mr. Alex MacLaren, started marketing this truly sharp club cheddar (in opal glass pots!) about 1891. When we bought the thriving MacLaren business in 1921 we discontinued the "pots," but never, never changed the quality of the cheddar one whit. Now we're proud to offer it, in a handy new 10-oz. stick, to all devotees of genuinely sharp cheddar. *Kraft Foods, Chicago.*

P.S. Please bear in mind this is *natural* cheese, *not processed.* "Club" simply means that long-long aged cheddars have been blended together so they're SPREADABLE.

Death Still Probed

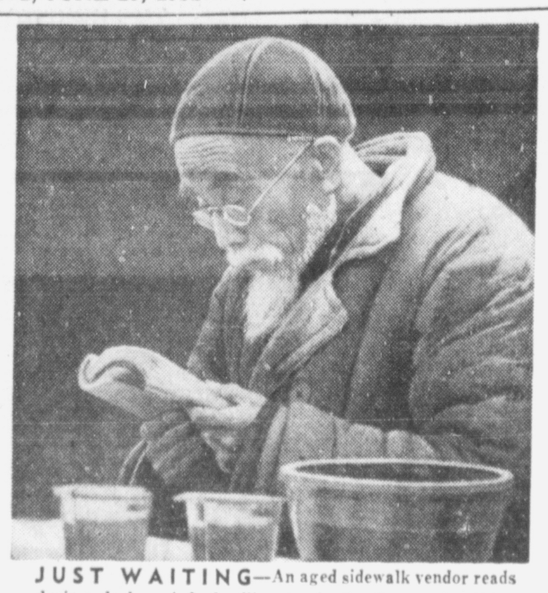
Investigation into the death of Roger Skeete, an inmate of the Eastern Correctional Institution at Napanoch, has not been completed and Coroner Arthur C. Chipp of Kerhonkson is withholding his verdict pending completion of the investigation and results of an autopsy. Skeete, 21 years old, a native of the Virgin Islands, was committed from New York City. He was found hanging in the institution Tuesday night by prison officers.

1 Bullet, 4 Wounds

LARAMIE, Wyo. (AP) — John Kastner, 35, was wounded four times by a single bullet.

He was fishing with friends Tuesday when he dropped a .44-caliber side arm. The pistol struck a rock at Kastner's feet and discharged. The bullet struck the calf of his right leg, grazed his right thigh, nicked his right wrist and struck his upper right arm.

Kastner, hospitalized here, was reported in satisfactory condition.



JUST WAITING—An aged sidewalk vendor reads during slack period of selling tea in the Communist China city of Shanghai. Tea sells for less than a penny a serving.

Japan Toll Now 213 Dead From Torrential Rains

TOKYO (AP)—Torrential rains, floods and landslides ravaged Japan for the fifth consecutive day today and the official toll jumped to 213 dead and 182 missing.

The weather bureau said the heavy rains lashing central Honshu—Japan's main island—would continue through Monday.

The national police said 71,000 houses were flooded, with 1,100 wrecked or washed away.

It Was Good Practice

NAUGATUCK, Conn. (AP)—Three policemen used a safe-cracker's kit and opened an old Police Department safe that was submerged in the 1955 flood. The safe hadn't been opened since the flood, and officers wanted to know what was inside. The contents? One parking ticket, 1955 vintage.

Kanemitsu Show Opens MiLi-Jay Gallery, July 2

The first exhibition in Woodstock of oils, lithographs, watercolors and sumi drawings by Matsumi Kanemitsu will be held at the MiLi-Jay Gallery on Woodstock's main street from July 2 through July 15.

Kanemitsu, who studied painting with Fernand Leger in Paris and Woodstock's Yasuo Kuniyoshi, works in a variety of media with an ease that is rare. In his oils and lithographs, his use of color is so integrated with his strong sense of design, the effect is dynamic and exciting. On the other hand, his unusual and original watercolors and sumi drawings are done with delicacy and deftness.

Kanemitsu, who also studied sculpture with Karl Metzler, in January of this year, won a Ford Foundation grant in lithography at the Tamarind Workshop in Los Angeles.

Besides one-man shows in the Baltimore Museum of Art, Southern Illinois University, Western Maryland College, the Zoe Dusanne Gallery in Seattle, Dwan Gallery in Los Angeles, the Stephen Raditch in New York, and others, he has also participated in many group shows, among which are, the Corcoran Art Gallery, Chicago Institute of Art, Museum of Modern Art, Whitney Museum, Berlin Academy of Art, Germany, Dallas Museum, and the Albright Art Gallery in Buffalo.

He is represented in private collections in New York, California, and Italy including Mr. A. Gevirtz, Mr. Martin N. Widdifield, Mr. Edwin L. Weisl, Jr., Mrs. Sloane Grigar, Mr. Peter Rainz, of New York, Mr. Gifford Phillips, Mr. and Mrs. Philip Kondratief, of California, and Michel Tapie, Torino, Italy.

About Prestige: By Schimmerling

From interviews with Mr. X, United States government employe, intelletual man in leading position who has worked abroad for many years; and with Mr. Y, who works in a similar position for the Italian government:

"Lifting heavy things can result in overstrained muscles," I said. "Perhaps President Kennedy incurred his bachache because he tried hard to lift American prestige abroad." Said Mr. X: "It is a hard job to get out of a swamp once you are in it up to your neck," Said Mr. Y: "The overall picture in our western world reveals our inability to understand and to cope with the situation brought about by historical developments in the society of mankind."

Mr. X is pessimistic. He says: "The U. S. government pours enormous amounts of money into foreign countries while the Russians send their messengers to underdeveloped areas of this world where they talk to the dissatisfied, poor and miserable in their own language. These people are most receptive for new ideologies because they have nothing to lose. We, however, talk to governments (not to people) in our language. Replied Mr. Y: "There is no better and more fertile ground to plant new ideologies than the mind of people who are stricken with poverty and disease, lowest standard of living and lack of education.' And as to the language we talk or rather are not able to talk, salesmen who do not talk the language of their customers cannot be too successful.

About Decisions

Sometimes it looks as though historic decisions are made by only a few ruling men who sit in red-upholstered fauteuils in their government places. This is not true. Historic decisions are more than often made in the souls and brains of the dissatisfied, in their homes, later in the streets; in front of the Bastille, on Nevsky Prospect; by the people who waited for the redcoats in Concord and Lexington, on the street corner near the bridge in Sarajevo where Archduke Francis Ferdinand of Austria was shot. The men who, as we are inclined to believe to be the rulers, are only the tools of historic developments, throw the torches into well-prepared powder kegs.

When I visited the Vatican galleries, I learned a lot about the past. But when I saw the cave-like holes called "houses" in Naples harbor, I learned a lot about the present and the future. On the one side, Via Parthenope, where you look from the balconies of elegant hotels across on the Bay of Naples, where you relax in the midst of indescribable beauty; on the other side, Via Marittima. Here you cannot relax. Here you look inland away from the bay and its beauty. Here you are enveloped in a compound feeling of pity and fear.

It was a most interesting hour of conversation with Mr. X and Mr. Y. And at the end we all agreed that even Little Rock, Arkansas, and Montgomery, Alabama of 1961 are not Little Rock and Montgomery of 1861. But some people in the south believe it is. This is a terrible mistake, one of the greatest obstacles on our hard road to success, one of the mighty destroyers of American prestige. Let's clean our own home first. This will lift our prestige without backache and headache. . . .

Reformed Church Pastor Exchange

The Bloomingdale Reformed Church of Bloomington and Woodstock Reformed Church will exchange pastors Sunday, with the Rev. Richard L. Brown, minister, occupying the pulpit of the Woodstock church for the 11 a. m. service. At the same time, Rev. Olson will be preaching in the Bloomingdale church. Services begin at 11 a. m. Nursery facilities are provided for small children. The adult Sunday School class which meets in the sanctuary at 9:30 will be taught by Mrs. Artine Artinian.

The Consistory meeting has been postponed from Tuesday, July 4, to Tuesday, July 11.

The Christian Education Committee is honoring the Sunday School teachers at a picnic meeting on Monday, July 10, at the home of Mrs. Allen Anthony in West Hurley. Martha Cammann, Joan Myer and Harriet Anthony are the committee in charge.

Christian Science Sermon Is on 'God'

How obedience to the law of God opens the way to freedom will be explained Sunday at Christian Science services in Woodstock.

Among Scriptural passages to be read in the Lesson-Sermon entitled "God" is one from Psalm 119: "Teach me, O Lord, the way of thy statutes; and I shall keep it unto the end . . . And I will walk at liberty: for I seek thy precepts."

Man's right to freedom is also brought out in selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy which will include: "Discerning the rights of man, we cannot fail to foresee the doom of all oppression. Slavery is not the legitimate state of man" (p. 227).

WOODSTOCK PB-QA

Following is another series of questions and answers on planning and zoning in Woodstock, as furnished by the Woodstock Planning Board:

Q. If we have zoning, will I have to get rid of my horse?

A. No. In general, zoning does not affect existing use of land. Woodstock has no zoning ordinance. If one should be adopted, it might include some provision whereby in certain instances distinctly new owners of houses would be required to have a certain minimum land area per horse and that a horse stable should be a minimum distance from lot lines between your property and that of your neighbor. Other towns have zoning restrictions whereby in certain areas there is a limit on the number of horses, cows, pigs, chickens, goats and other animals allowed per acre of land. These restrictions have been created for sanitary reasons, such as the protection of neighboring water supplies, prevention of stream pollution and the spread of disease by insects and the elimination of smells.

Q. Will planning make Woodstock's development sterile?

A. Definitely not. A community Growth Plan as well as a Zoning Ordinance are "living" things, which are subject to continuous adjustments with time to reflect the changes of growth. Professional planners figure that a Growth Plan has a life of about 20 years, after which it has to be recast. Meanwhile a Planning Board carries through piecemeal adjustments, generally with the aid of part-time professional assistance. The Zoning Ordinance, of course, follows the gradual development of the community plan.

Margaret Wetterau Opens Art Classes

An art appreciation class directed by Margaret Wetterau will start on Tuesday, July 11, at the Woodstock Guild of Craftsmen.

This course is based on the art seminars of the Metropolitan Museum of Art. The class will meet twice a week on Tuesdays and Thursdays, at 10 a. m. A nominal charge will be made for the 12 sessions.

Persons interested in further details may call Mrs. Wangler at the Guild Shop in Woodstock.

Regular Schedule Due at St. Gregory's

Upon the return, July 1, of the Rev. Lloyd H. Uyeki, vicar of St. Gregory's Episcopal Church, and Mrs. Uyeki, from a vacation in Maine, the regular two Sunday service schedule of St. Gregory's will be resumed July 2, as follows: Holy Communion, 8 a. m.; morning prayer and sermon, 10 a. m.; Holy Communion first and third Sundays.

The Children's Church School is now closed for the summer and will reopen in early autumn.

Democratic Club Opening Proves Huge Success

More than 100 persons attended the open house and dedication of permanent headquarters of the Woodstock Democratic Club, despite a driving, all night downpour.

Among the guests was the Ulster County Democratic chairman, William A. Kelly of Kingston, who praised the Democratic Club for its progress and foresight in setting up permanent quarters in the Cousins building on the Village Green. The county chairman predicted the Democratic party could capture the Board of Supervisors with a hard campaign this fall. He commended the Democratic organization for their rising strength in Woodstock township. The county chairman was introduced by Charles J. Tiano, Woodstock town chairman.

The Democratic Club is now in the process of furnishing the headquarters which will be open on a daily basis after Labor Day. After that date, the headquarters will be manned by a group of volunteers for several hours daily. All information pertaining to registration, voting and campaign material will be available to the public.

Thomas J. O'Brien, of Lake Hill, president of the Democratic Club, served as official host for the open house. Other members of the committee on arrangements included Al Kronenberg, secretary; Robert Kaiser, treasurer; and committeemen George Eichler and Vito Di Benedetto. Members of the women's division who assisted were Mrs. Betty Eichler, Mrs. Grace Di Benedetto, Mrs. Connie O'Brien and Mrs. Lisa Tiano.

Plan Food Sale

Woodstock American Legion Auxiliary 1026 will hold a food sale on the terrace of the Woodstock Guild, Saturday, July 1, starting at 10 a. m. All kinds of homemade food will be on sale.

Legionnaires Ill

Two members of Woodstock Post of the American Legion are hospitalized. Edmund Gilligan of Bearsville is at the Albany Veterans Hospital and William Pierpont Sr., is at the Benedictine Hospital in Kingston.

Why We Say--

DETACHABLE CUFFS: It wasn't long ago when men always wore highly starched detachable cuffs. Unpaid balances at the "general store" were written on the cuff with the idea that they would be paid off quickly, presumably before laundry day.

Not Dust Bowl of 1930s Yet

Bad Drought Grips Northern Great Plains

By THE ASSOCIATED PRESS

Vast reaches of the usually-green Northern Great Plains are turning brown under a hot sun untempered with cooling summer showers.

The rains have not come. Snow was scarce last winter. The result is not yet a dust bowl, reminiscent of the 1930s, but there is no mistake—a drought grips an area stretching from much of Minnesota through North and South Dakota into the prairie provinces of Canada.

The lack of moisture has struck hard at small grain crops, has hit cattle unable to find the usual lush spring pasture grasses and has spawned scores of forest and brush fires in regions noted for their June verdancy.

Mass calls for help have gone to Washington from public officials on behalf of farmers.

In North Dakota all but 2 of the 53 counties have been declared drought disaster areas. Similar designations have been extended to large chunks of South Dakota and northwestern Minnesota.

This means farmers may cut hay and graze cattle on land retired from crop production under the new feed grain program in the soil bank plan instituted several years ago.

Forest fire towers in northern Minnesota, normally deserted in June, are manned around the clock. Palls of smoke from Canadian fires wrapped a dull haze over parts of Minnesota and North Dakota this week.

Canadian troops have been sent to fight the largest blaze, sweeping the Whiteshell Reserve forest about 100 miles northeast of Winnipeg.

Canadian officials have despaired of saving wheat and other crops in Manitoba, Saskatchewan and Alberta, where the unseasonable heat has sent the mercury soaring over 100 in some sections.

Panhandles One FBI Agent, 'Aids' Other

CINCINNATI, Ohio (AP)—Here is what happened to two FBI agents the other day:

The agents, dressed like bums, were loitering on a Cincinnati street, looking for a certain fugitive.

Along came a panhandler with a tale of woe.

He told his story to one agent and asked for a dime.

The agent turned out empty pants' pockets with holes in them and told the panhandler an even sadder story.

The panhandler nodded sympathetically and moved on down the street to where the other agent was stationed. He told his story and asked for 20 cents.

He got it.

Then, according to Ed Mason, special agent in charge of the Cincinnati FBI office, the panhandler went back to the first agent, handed him one of the dimes, and shuffled away.

She's Well Fixed

FAIRFIELD, Vt. (AP) — Relatives got to figuring after hearing of the birth of Jeanette Franciskovich in Canton, Ill., June 23.

They figured Jeanette has: two grandmothers, two great-grandmothers and three great-great-grandmothers.

And for good-fairy grandmother measure, Jeanette has one step-great-grandmother and one step-great-great-grandmother.

Grammie-rich Jeanette is the daughter of the former Dianne Sheltra of Fairfield, now Mrs. Bancil Franciskovich.

Would Withdraw Rule On Taking Waterfronts

ALBANY, N. Y. (AP)—Federal seizure of beach and waterfront property in 11 counties is possible under a U.S. Interior Department ruling, the state attorney general says.

The federal ruling declares offshore land formed by tidal action, storms or shifting currents belongs to the federal government and may be classified as public property.

Attorney General Louis Lefkowitz said last night he had appealed to New York congressmen to urge the interior department to withdraw the rule, which was adopted last Nov. 8.

Lefkowitz said the federal rule might affect counties on Long Island, and nine Upstate counties bordering Lakes Erie and Ontario.

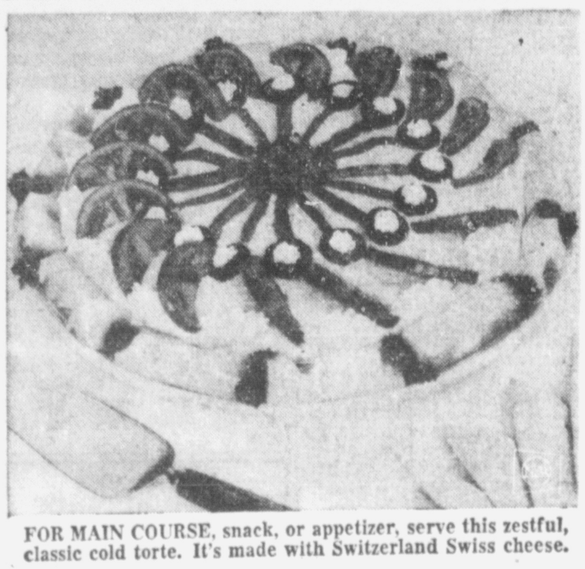
FOOD FOR AMERICANS

Kase Kuchen Is Swiss Favorite



FOR MAIN COURSE, snack, or appetizer, serve this zestful, classic cold torte. It's made with Switzerland Swiss cheese.

GAYNOR MADDOX
Newspaper Enterprise Assn.

Switzerland is primarily a dairy country, which explains why their menus feature so many cheese dishes.

"Gateau au Fromage" or "Kase Kuchen" is a classic cold torte, made with their nutty Switzerland Swiss cheese.

It can be served as a luncheon or supper dish, cut in pie wedges. Or, cut in small sections, it serves as a snack or appetizer.

Switzerland Kase Kuchen

Dough:

2 cups all-purpose flour
1 teaspoon salt
1 stick (¼-pound) butter or margarine
¼ cup cold water

Filling:

6 egg yolks
3 tablespoons butter
2 cups sour cream
3 tablespoons flour
1 teaspoon salt
1½ cups Emmenthaler Swiss cheese, grated.

Sift flour and salt together. Cut in butter or margarine until butter or margarine pieces are the size of peas. Sprinkle cold water over top of flour mixture. Stir until dough forms a ball.

Roll out pastry, fit into the bottom and 1-inch up on the sides of a 10-inch layer cake pan. Prick with a fork; bake at 400 degrees F. for 10 to 15 minutes, or until pastry is golden brown. Cool.

Beat egg yolkes. Add soft butter or margarine and sour cream. Cook over a low flame, stirring constantly until slightly thickened.

Combine flour, grated cheese, salt and garlic salt. Add all at once to the sour cream mixture. Stir until cheese is melted and mixture is thick and smooth. Chill.

Spread cooled mixture on pastry. Decorate with salted whipped cream, sliced tomatoes, black olive slices, flat fillets of anchovies and sieved egg yolk.

Killed While Haying

DELHI, N.Y. (AP) — David Dorschel, 21, of Rochester, a college student helping a farmer with haying, was killed Wednesday night when the tractor he was driving plunged 25 feet off a platform.

Dorschel, who attended the State University Agricultural and Technical Institute at Delhi, had been aiding Abram Stewart, a farmer.

Father Burke Is Named Pastor of NewburghChurch

The Rev. Edmund D. Burke, a former assistant pastor at St. Joseph's Church in Kingston, has been appointed pastor of the Church of St. Mary in Newburgh.

His appointment was announced today by His Eminence, Francis Cardinal Spellman.

Father Burke, who was born Jan. 5, 1902, was ordained to the priesthood June 11, 1927. He served in Kingston following his ordination and later at St. Augustine's Parish in Ossining. On June 13, 1953, he was named pastor of the Church of Our Lady of Loretto in Cold Spring.

Replacing Father Burke at the Cold Spring parish is the Rev. Jeremiah J. Quill, former assistant pastor at St. Denis Church, Yonkers.

Father Quill was born Nov. 6, 1906, and was ordained to the priesthood May 21, 1932. Following ordination he served as assistant at St. Lawrence O'Toole parish in Brewster; Nativity of Our Blessed Lady parish, Bronx and Immaculate Conception parish, Staten Island. On Sept. 12, 1940, he was appointed assistant to the Yonkers parish.

Herkimer Turns Down Area Hospital Plan

HERKIMER, N.Y. (AP)—Residents of this community have voted overwhelmingly to expand their hospital rather than join in building an area hospital.

The voters Wednesday night turned down, 738-279, a proposal to join with neighboring German Flatts and Frankfort to build an area hospital, with the aid of federal funds.

The Herkimer residents approved, 956-372, a plan to expand the village-owned Herkimer Memorial Hospital, even though the expansion will not be aided by federal funds.

The vote in the referendum, however, is not binding on the village board, which must make the final decision.

Second Institute Set

The theme will be "The American Tradition and the Challenge of World Communism."

Would Bar Race, Religion Basis In Naming Tickets

SCHROON LAKE, N.Y. (AP)—Atty. Gen. Louis Lefkowitz, head of a New York City political ticket that follows traditional religious and racial lines, maintains race, color or religion should be rejected as a basis for chosing candidates.

Lefkowitz, Republican candidate for mayor, told the annual convention of the State Association of Election Commissioners:

"Criteria of race, color or religion must not be allowed to become pivotal points in the selection of candidates for public office. When we allow such differences to dictate our choice, we are false to our American ideals."

Lefkowitz' ticket, however, followed the usual effort in New York City contests to give representation to Irish - Americans, Italian-Americans and Jews.

There is general agreement that the Democratic slate will have the same racial and religious representation as that of the GOP.

In another speech, at the session, State Comptroller Arthur Levitt said that New York State spent more than $10 million, or about $1.50 for every vote cast, for elections last year.

"That's a cheap price to pay for such a privilege, but it is an expensive waste in terms of citizens who did not vote," Levitt, a Democrat, said.

Boy Has Hopes H'll Get His Sight Back

ROCHESTER, N.Y. (AP) — A team of surgeons may be able to give Chris Wells the nicest birthday present ever.

The 12-year-old boy entered the hospital today to begin a series of operations to remove what has been diagnosed as congenital cataracts in both eyes.

Physicians at first had planned to wait until the boy was in his teens, but because of the fading sight decided to start today.

Chris hopes to be out of the hospital by July 8 to celebrate his birthday at home in Clifton Springs.

If all goes well, he may realize his fondest ambition: to get his regular turn at bat in the T-shirt baseball league. On bright days, Chris' view of the ball is clouded and he has to step aside for a pinch hitter.

A WOMEN'S HOTEL BILL

Q: A man I know very well has recently been transferred to another city. He has invited me to come and visit him when I get my vacation. He lives at a club and I will stay at a nearby hotel. I would like to know who pays the hotel bill. Shouldn't he pay this since he has invited me and I am his guest?

A: You can hardly go to a hotel and have your bill paid for by a man without risking criticism. Correctly, you pay your own hotel bill and he, of course, would take you out to meals and pay for any entertainment.

Stepfather's Name Was Ommitted

Q: My youngest son by a previous marriage is going to be married next month. The invitations read:

Mr. and Mrs. John Smith
request the honor of your presence
at the marriage of their daughter
Jane Smith
to
Mr. Henry Brown
son of Mrs. William Doe

Shouldn't they have read, "son of Mr. and Mrs. William Doe"? My present husband feels very hurt because his name was omitted. My first husband is still living.

A: Correctly, the bridegroom's parents' names are not included on the wedding invitations. However, since the invitations were made up as you describe, "son of Mrs. William Doe" was quite right as your son is not the son of his stepfather.

Introducing Baby Sitter

Q: When friends call for us to go out for the evening is it necessary to introduce the woman we have engaged to stay with the children, to them?

A: If she is in the room with your friends for any length of time, yes. If you merely go right out with them, no. In other words, you would not take them into the room especially to introduce them.

O'Connell-Sheeley Nuptials Performed At Holy Cross Church

Mrs. Ethel Mae Van De Mark Sheeley of Port Ewen and William Michael O'Connell of Ellenville were wed Sunday, June 18, at Holy Cross Episcopal Church with the Rev. Kenneth A. B. Hinds, rector, officiating at the double ring ceremony.

Henry Peyer, soloist sang Through the Years, Because and O Perfect Love, accompanied by Walter Kidd, organist. James Sheeley, son of the bride was altar server. Church decorations were arrangements of red and pink roses.

Given in marriage by her brother, Clarence Van De Mark of Lake Katrine, the bride wore an aqua lace gown matching hat and veil. She carried a nosegay of yellow roses and daisies.

Mrs. Ronald North of Kingston was matron of honor. She wore an orchid nylon frock with white daisy trim and a hat of orchid and white daisies. Her colonial nosegay was of yellow daisies with yellow ribbon.

Other bridal attendants were Miss Edna Van DeMark, sister of the bride and Mrs. Alfred Boomer of Port Ewen. They wore yellow nylon dresses with white daisy trim and hats of yellow and white daisies. They carried colonial nosegays of yellow and white daisies with white ribbons.

Linda Jean Sheeley, daughter of the bride, was flower girl. She wore a pink lace street length gown with matching headband veil, and carried a princess basket of pink and blue daisies with blue ribbons.

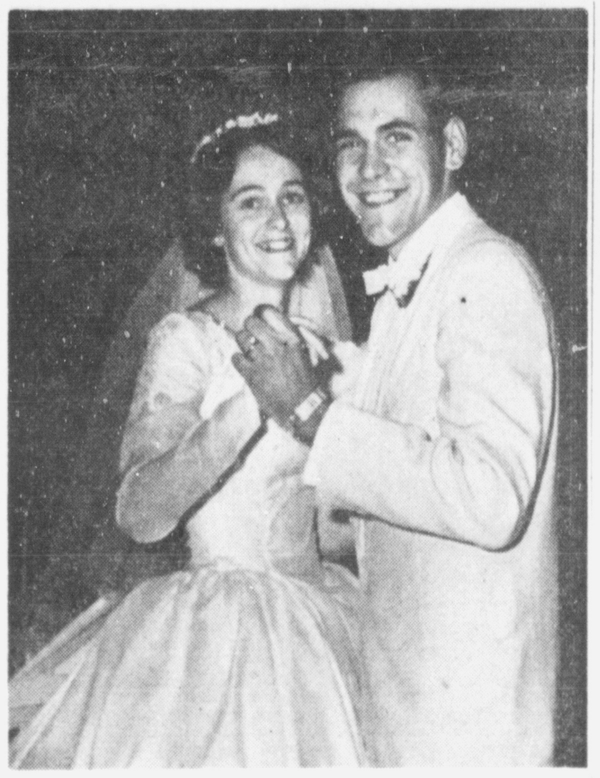
Samuel Wood of Kingston was best man with William Blume and Rocco Sorbella of Kingston as ushers. Ringbearer was Jesse L. Sheeley, son of the bride.

A reception for the bridal party and immediate families was held at Aiello's Restaurant.

The couple will make their home at 135 East Main Street, Port Ewen following a trip through central and southern New York State. For traveling Mrs. O'Connell chose a green sheath dress with white accessories and a corsage of yellow roses.

Mrs. O'Connell, daughter of Mrs. Clarence Van De Mark and the late Mr. Van De Mark, is the widow of Jesse Sheeley. She is a Kingston High School graduate.

Mr. O'Connell attended Kingston High School and is a veteran of service with the U. S. Army in the South Pacific.



MR. AND MRS. RICHARD K. COONEY
(Photo Workshop photo)

Miss Patricia Ann Arnold, Richard Cooney Are Wed at St. Peter's Church on June 24

Miss Patricia Ann Arnold, daughter of Mr. and Mrs. Edward R. Arnold Jr. of 196 Foxhall Avenue, and Richard K. Cooney son of Mrs. James Cooney of 45 Abbey Street and the late Mr. Cooney, exchanged vows before a nuptial Mass 12 noon Saturday, June 24, at St. Peter's Church. The bridegroom's brother, the Rev. Romaeus Cooney, a teacher at St. Albert's Carmelite Seminary, Middletown, officiated at the Mass and the double ring ceremony.

Miss Nan Goldrick was organist and Miss Joan Lynch, soloist, sang Ava Maria, Panis Angelicus, Jesus Thou Art Coming, and On This Day O Beautiful Mother. Arrangements of gladioli and mums decorated the altar.

Escorted in marriage by her father the bride wore a gown of nylon sheer over taffeta styled with a fitted bodice of Chantilly lace scalloped neckline trimmed with sequins and seed pearls and long tapered sleeves. The full skirt was trimmed with lace appliques and pleated bustle back. Her veil was secured by a wreath of orange blossoms.

Mrs. William P. Smith was matron of honor. She wore a blue nylon organza gown with a fitted bodice picture neckline and short sleeves. A coronet of embroidered horsehair secured her circular veil and she carried a basket of summer flowers.

Other bridal attendants were Mrs. Leo Keating and Miss Rose Deuire with her sister, Miss Jane Arnold, as junior bridesmaid. Attendants were gowned in pink nylon organza with matching coronets and baskets of summer flowers. Miss Arnold wore a floor length gown of pink silk organza styled with a scooped neckline, puff sleeves and a taffeta cummerbund. She wore a matching coronet and carried a basket of flowers.

Best man was Robert Finch of Kingston. Ushers were Thomas and William Van Etten, both of Port Ewen.

Approximately 130 guests attended a reception at the Capri Restaurant, Port Ewen.

For a trip to California, the bride wore a two-piece pink checked dress with white accessories and a white carnation corsage. Upon their return the couple will be at home at 143 Elmendorf Street.

Both are graduates of Kingston High School. Mrs. Cooney is employed by Brinnier and Larios. The bridegroom is employed by Channel Master, Ellenville.

Kingston Couple Is Feted on Anniversary

A surprise 40th wedding anniversary party was given in honor of Mr. and Mrs. Henry Kremper of 59 Elizabeth Street at the home of their son and daughter-in-law, Mr. and Mrs. Robert Kremper, 15 Town Road, Mt. Marion Park, Sunday.

Guests included their maid of honor, Miss Lena Kremper and best man, George Kremper.

Other guests were Mr. and Mrs. John Cullum, Mr. and Mrs. Walter Dutcher, Mr. and Mrs. Henry Geschwinder, Mr. and Mrs. Edward Geschwinder, Mr. and Mrs. Gerard Hawkins, Mr. and Mrs. Walter Tremper, Mr. and Mrs Morton Werbalowsky.

Also, Mrs. Edith Kelsch, Mrs. Mary McEleney, Miss Lena Kremper, Miss Helen Newkirk, Miss Margaret Newkirk, Miss Margaret Dolan, Donald Kremper, George Kremper, Albert Kremper.

The couple were presented with a money tree.

Gifts were received from the Mmes Eva Wallace, Agnes Burr, Evelyn Relyea, Mable Kelse, Lillian Hallinan, Grace McCormack, Eva Mayette, Mary E. Florey, Anna Boucher and John Graver.

Also, Mr. and Mrs. Russell L'Hullier, Mr. and Mrs. R. E. Dull, Mr. and Mrs. James Doyle, Mr. and Mrs. Joseph Dolin, and the Misses Doris McCormack and Dorothy Wallace.

Sciarrino-Pioli Double Ring Nuptials Are Performed at Ellenville Church on June 24

MR. AND MRS. JOSEPH F. SCIARRINO
(Photo Workshop photo)

The double ring nuptials of Miss Lorraine Theresa Pioli and Joseph Frank Sciarrino, both of Kerhonkson, were performed at 11 a. m. Saturday, June 24, at St. Mary's and St. Andrew's Church, Ellenville, by the Rev. John L. Cunningham, pastor.

Sister Mary Virginia, organist, and the Sisters Choir of Doughters of Mary, Health of the Sick, Ellenville, provided musical selections. Arrangements of white gladioli and mums decorated the altar.

The bride, daughter of Mr. and Mrs. Lawrence Pioli, Route 1, Box 358, Kerhonkson, was given in marriage by her father. She wore a gown of white silk organza fashioned with a fitted bodice, abbreviated sleeves and a circlet neckline. Her bouffant skirt swept back into an aisle wide circular train. The bodice and skirt were trimmed with Alencon lace motifs reembroidered with seed and oat pearls and iridescent sequins. Her wide veil of French illusion was shirred to a bridal crown of Alencon lace edged with seed pearls and she carried a white prayer book with orchids and stephanotis.

Miss Lucy Ann Sciarrino of Kerhonkson, sister of the bridegroom, was maid of honor. Her gown of peony pink organza over taffeta was styled with a softly draped bodice, satin midriff and bell shaped street length skirt. She wore a matching crown trimmed with aurora crystals and a circular flirtation veil. She carried a white satin and lace fan with rubrum lilies.

The Misses Maria Zazzi of Newburgh and Terry Zazzi of Bellrose, L. I., cousins of the bridegroom were bridesmaids. Their gowns of azalea pink organza were identical in style to the honor attendant's. Their headpieces were single roses of nylon braid with tulle flirtation veils and they carried white fans covered with rubrum lilies.

Iris Wolfson, sister of the bridegroom, was flower girl in a bonbon pink Kate Greenaway gown. She wore a matching miniature crown and carried a basket of rubrum lilies and baby's breath.

Leonard Renna of Bellrose, L. I. was best man. Richard Zazzi of Babylon, L. I., a cousin of the bride and Neil McCawley of Kerhonkson were ushers. Junior usher was Randy Zazzi of Babylon, L. I., a cousin of the bride.

A reception for 130 guests was held at the Brookside in Accord.

After the wedding trip to Florida and Nassau the couple will reside in Kerhonkson. For traveling the bride chose a black crepe dress with white organdy hat and champagne mink cape.

A graduate of Rondout Valley High School, Mrs. Sciarrino is employed at the export office of Channel Master, Ellenville.

The bridegroom, son of Mr. and Mrs. Aleck Wolfson of Kerhonkson, is a graduate of Rondout Valley High School and is a foreman with Ulster Tile Company.

Summer Theatre

Hyde Park Theatre

The Tennessee Williams play, Sweet Bird of Youth, will open at Hyde Park Playhouse, Route 9, July 4 and continue through July 9.

Eileen Letchworth, remembered for her fine and definitive portrayals last season of Mrs. Dolly Levi in "The Matchmaker" and Minna Hinks in Gore Vidal's "On the March to the Sea," plays what has been called "an actress' dream role"; Alexander del Lago, and Don Janeck, an exciting, handsome newcomer to Hyde Park, as Chance Wayne — the young, opportunistic, would-be actor recreates the role played by Paul Newman on Broadway. Also appearing will be Jacqueline Hyde as Heavenly, David Clarke as Boss Finley, Eliza Kent as Lucy and a cast of 15. Entire production is under the direction of M. David Samples.

The age of dinosaurs lingers on four rarely visited islands of Indonesia. There, 10-foot-long lizards often weighing 200 pounds still stalk prey, sharp claws glinting and forked tongues flicking out of massive heads.

Summer Sessions Begin at New Paltz College on Monday

Nearly 1,400 students are expected to enroll in the 1961 summer session at the State University College of Education, New Paltz, which is scheduled to begin Monday, July 3, according to Dr. Richard F. Klix, director of the summer session.

The summer program includes an eight week session from July 3 to Aug. 26 for under-graduates, a six week session from July 3 to Aug. 11, and a six week session conducted by the College at New Paltz on the Campus of the State University Agricultural and Technical Institute in Farmingdale for graduates from July 3 to Aug. 12.

In addition, a three week course on Education Programs for the Early School Years, will be conducted from July 3 to July 21, and another three week course on Use of Creative Materials with Young Children, is scheduled from July 24 to Aug. 11. Several two week sessions are scheduled on the campus from Aug. 14 to 25. These courses include; a workshop in diagnosis and remediation of reading difficulties, a workshop on the teaching of science in the elementary school, a workshop in the social history of New York, and a workshop in driver education.

Another two week course scheduled from Aug. 14 to 25, entitled Field Studies in Conservation, will be conducted on the New Paltz College Camp in the heart of the Catskills. Students will be lodged in the camp dormitories and food will be served in the camp's dining hall.

The several other courses of study offered during the summer session on the campus include: an art workshop for high school seniors, Aug. 13 to 25; a seminar on Asia and a seminar on Africa from July 3 to Aug. 11; a seminar on Latin America and a course about the land and people of Japan, also scheduled from July 3 to Aug. 11. The 11th annual administrator's institute, an all day session on school law, will be conducted on the campus Aug. 3.

Further information concerning the summer session program and the various courses offered, may be obtained from the director of summer session at the college.

matter of Fact

Sea water contains gold—but try and get it. Eight million tons of sea water contain about a troy ounce of gold. A sea-going uranium or silver prospector would do better. In the same amount of water, he'd find 80 ounces of silver—and 50 pounds of uranium. So far nobody's figured how to convert the sea into "pay dirt."

Leland-Monahan Double Ring Ceremonies Performed at Ellenville Church on June 10

Miss Patricia Lynne Monahan, daughter of Mr. and Mrs. Robert Monahan of 8 Warren Street, Ellenville, and Hans Leland Jr., son of Mrs. Hans Leland Sr of Oak Ridge, Ellenville and the late Mr. Leland, were wed in double ring ceremonies Saturday, June 10, at St. Mary's and St. Andrew's Church, Ellenville.

The Rev. Walter Fagan officiated at the nuptials. The Daughters of Mary of Ellenville sang.

The bride, given in marriage by her father, was attired in a gown of ethereal nylon tulle with a basque bodice and skirt trimmed with Chantilly lace and roses. She carried white pompons and carnations with a white orchid. Her veil was secured to a head piece of pearls and lace.

Miss Joan Knapp of Oak Ridge, Ellenville, was maid of honor. She wore a pink ballerina gown of embroidered silk organza and carried pink pompons and carnations.

Bridesmaids were Miss Cindy Wright of Ellenville and Miss Pam Westbrook, also of Ellenville.

John Leland was best man for his brother. Ushers were Robert Wood, Peter Roberts and Corwin Knight, all of Ellenville.

A reception for 200 guests was held at the Elks Club, Napanoch, following the ceremony.

After a wedding trip to Atlantic City the couple will reside in Ellenville.

Both are graduates of Ellenville High School. The former Miss Monahan is attending Orange County Community College, Middletown. Mr. Leland is employed with Poppo and Leland, general contractors.

Miss June Buckman, James E. Post Are Wed At St. John's, West Hurley, on June 25th

MR. AND MRS. JAMES E. POST

(Lipgar photo)

Wed in double ring ceremonies at St. John's Church, West Hurley, Sunday, June 25, were Miss June Buckman, daughter of Mr. and Mrs. Vincent Buckman of Woodstock, and James E. Post, son of Mrs. Alice Post of Woodstock.

Officiating at the nuptials was the Rev. Richard Stewart, pastor, Dorothy Narel, soloist, sang Ave Maria. The church was decorated with white gladioli.

Gowned in floor length silk organza fashioned with a scalloped neckline and short sleeves, the bride was given in marriage by her father. A pearl tiara secured her shoulder length veil and she carried a cascade arrangement of red rosebuds and baby's breath with red streamers.

Miss Lorraine Dort of Poughkeepsie, a cousin of the bride was maid of honor in a mint green silk organza gown. She carried yellow daisies and baby chrysanthemums in a cascade arrangement.

Bridesmaids were the Misses Mary Ann Buckman, an aunt of the bride; Faith Gallo of Newburgh, a cousin of the bride and Patricia Krogh of Shokan. They were gowned in orchid silk organza and carried cascade bouquets of yellow daisies and baby chrysanthemums.

Joanne Dort, a cousin of the bride served as flower girl in a silk organza gown of mint green. She carried a basket of pink and white daisies and baby's breath.

Walter White of Warwick was best man with Vincent Buckman Jr., brother of the bride, of Woodstock, Joseph Garvey and Michael McGuire of Warwick, as ushers.

A reception for 70 guests was held at Deanie's Restaurant, Woodstock.

For a wedding trip to Lake George the former Miss Buckman wore a baby blue jersey suit with white accessories.

The bride is a graduate of St. Mary's School, Poughkeepsie and Onteora Central School. Mr. Post who is a graduate of Greenwich High School and Orange County Community College, owns the Woodstock Liquor Shop. He is a veteran of eight years with the U. S. Army in Alaska and Korea.

The couple will make their home in Woodstock.

Public Hearing Slated on Rt. 23 Realignment Plan

A public hearing Thursday, July 13 at Catskill High School auditorium conducted by the State Public Works Department will hear viewpoints regarding the realignment of Route 23 in the Leeds area.

This, the third session will deal only with the plan for the proposed reconstruction from just south of Catskill Swimming Pool to Cairo Junction Road.

Oreste Vincent, a member of a committee named by Catskill Young Republican Club said 95 business establishments on Route 23 between Jefferson Heights and the Aratoga Hill will be directly affected by the proposed limited access highway proposed between Catskill and Cairo.

The club has gone on record opposing the proposed limited access and Attorney Vincent will attend the hearing to present their views on the proposal.

He said a limited access highway means that nothing can be constructed on such a highway and vehicles can only enter or leave it from a few designated intersections. This will either completely destroy businesses along the route or will do irreparable harm to them, he said.

Last July and again in January the department presented plans for the entire realignment project, a four-lane limited-access highway from the railroad bridge on Rip Van Winkle Bridge approach to a connection with the Cairo by-pass.

A great drought in the Colorado Wetherill Mesa put an end to farming and hunting activities of the Pueblo Indians who were cliff dwellers in that region.

The Cool and Airy Hats of Summer

There's a light and airy look for the hats of summertime. The romantic picture hat (upper left) is done in layers of cafe au lait veiling for a frothy effect. This is a Hattie Carnegie design. Ideal for travel is this turban-wrapped cloche of white, coffee and forest green silk (upper right) by Mr. Arnold. It compresses for easy packing; it provides protection for a coiffure. For hazy blue summer evenings, there's this pouf of seafoam green organza (lower left) that's pure flattery by Don Anderson. Lilly Dache does a version of sou'wester (lower right) in beige straw trimmed in grosgrain.

Braves Play Millbrook Monarchs Saturday Night at Dietz

Deke and Charlie Johnson to Play With Visitors

Kingston Braves fans get the first chance to watch the only all-Negro team in the New York-New Jersey League Saturday night at Dietz Stadium.

The Millbrook Monarchs, one of the new entries in the NY-NJ circuit, are scheduled to meet the Braves at 8:30 p. m.

This is a veteran aggregation that has been handled for several years by Morgan Reed, an old time Dutchess County area baseball star.

The arclighter at the stadium is preceded by an afternoon game at Beacon for the Braves.

Perhaps the best known performers with the Monarchs are the famed Johnson brothers — Charlie and Deke — a pair of Poughkeepsie High School athletic immortals. Both are fleet, hard hitting, hard throwing outfielders.

Gordon Is Pitcher

Bud Gordon is the Monarchs' No. 1 pitcher, with Jim Gordon available for relief and outfield duty. Another stickout is Bobb Reed, third baseman and son of the team manager. Reed started his professional career as a pitcher in the New York Giants farm system but has concentrated on playing the infield in recent years.

Boasting a 6-1 record and perched atop the Western Division of the NY-NJ, the Braves can further solidify their position with a sweep of Saturday's games.

Al Corwin, ex-Giant pitcher who has been virtually unbeatable to date, is expected to start the afternoon game at Beacon, with southpaw Bob Maines or Lerry De Vita going against Millbook at night.

Buffalo Ends Hitting Slump

BY THE ASSOCIATED PRESS

The Buffalo Bisons have stampeded right out of their batting slump in the International League.

Held to only 15 hits in their last previous four games, they matched that Wednesday night in a 9-3 victory over Richmond.

League-leading Columbus increased its lead to three games as the Jets nipped Toronto, 1-0 in 10 innings. Charleston split with Syracuse, taking the opener, 6-1, but lost the nightcap, 2-1 while Rochester took a pair from Jersey City, 5-4 and 4-2.

RyneDuren TopsYanks Whiffs 12

By ED WILKS
Associated Press Sports Writer

Ryne Duren, one-time New York Yankee relief ace, struck out 12 and allowed only three hits while just missing his first complete game in the majors as the Los Angeles Angels defeated the Yanks 5-3 Wednesday night.

The fire-balling right-hander also singled home two runs, with his first hit in three years, ahead of Albie Pearson's wrapup, three-run homer in the sixth inning.

The defeat left the Yankees 1½ games behind first place Detroit. The Tigers ended Chicago's winning streak at 12 by beating the White Sox 12-5.

Third-place Cleveland split a twi-night pair with Washington, winning 3-2 before the Senators took a 5-2 decision. Baltimore broke a tie with Chicago for fourth place by beating Kansas City 5-4. And Boston defeated Minnesota by a score of 6-2.

Duren (3-8) allowed only two singles through the first eight innings as he faced the Yankees for the first time since the May 8 trade. Then, pressing and tiring, he gave up his fourth walk, to Roger Maris, leading off the ninth, and Mickey Mantle followed with his 24th home run. Jim Donohue mopped up in relief, retiring Yogi Berra, Bill Skowron and Johnny Blanchard in order. Berra singled in the fourth inning for his 2,000th major league hit.

Mossi Wins 9th

Bob Turley (3-5) was the loser. The Tigers collected 16 hits and handed the White Sox their second defeat in 21 games with a seven-run seventh inning. Don Mossi (9-1) gave up 15 hits, but went all the way for the victory. Ray Herbert (6-7) was the loser.

An error by losing pitcher Joe McClain (6-7) and a sacrifice fly by Mike De La Hoz produced three runs as Cleveland came from behind in the fifth inning of the opener. Jim Perry (7-5) was the winner. Dale Long them homered and paired with Marty Keough for RBI singles in a winning two-run sixth as Washington took the nightcap behind Bennie Daniels (4-4). Jim Grant (7-2) lost his second in a row.

A three-run homer by Earl Robinson capped a clinching four-run second inning for the Orioles at Kansas City and beat Jim Archer (6-2). Wes Stock (3-0) was the winner in relief.

Jackie Jensen's two-run single, in the first inning, and solo homers by Gary Geiger and Frank Malzone did it for the Red Sox as Ike Delock (5-3) breezed in with a five-hitter. Camilo Pascual (5-10) was the loser.

L A Gains Half Game On Redlegs

The second place Los Angeles Dodgers, with expected ace Don Drysdale (5-5) still winless against the first division, lost 9-3 at Pittsburgh Wednesday night and picked up only a half-game on Cincinnati in the National League race.

Cincinnati came off with a 2½-game lead although dropping a doubleheader to the Chicago Cubs 16-5 and 7-2.

Third place San Francisco four times blew leads and wound up with a 7-7, 15-inning tie at Philadelphia in the longest night game (5 hours, 11 minutes) in major league history. Milwaukee moved over .500 for the first time since Memorial Day by slugging St. Louis 8-3.

Southpaw Joe Gibbon (6-3) beat the Dodgers for the third time in three decisions. He struck out seven, walked but one and allowed six hits, two of them solo homers by Frank Howard and Daryl Spencer.

The Cubs collected 25 hits, 12 for extra bases including five home runs, while beating Bob Purkey (9-4) and Jim O'Toole (6-7). Ron Santo, after going hitless in 14 trips, drove in seven runs, five with two homers, in the first game behind winning right-hander Glen Hobbie (5-9).

Southpaw rookie Jack Curtis (4-2) then held the Reds to four hits in the nightcap as the Cubs made it seven out of 11 against Cincinnati this season.

The Phils and Giants each got three runs in the 15th (last inning under the 12:50 a.m. curfew rule), with the Phillies getting the tying run on a freak error. Tony Gonzalez, who had singled home one run in the inning, scampered in from third when catcher Hobie Landrith got off a high peg on a routine return toss to pitcher Mike McCormick.

Milwaukee stayed within one game of fourth place Pittsburgh as the Braves put away their eighth victory in 10 games with a three-game sweep at St. Louis. They scored three unearned runs in the second inning against loser Bob Gibson (5-5), then piled up four runs on homers by Joe Adcock and Frank Thomas in the third and fifth innings. Rookie Bob Hendley, a southpaw, won his first, but needed relief help when the Cards scored their three in the eighth inning.

Like many Texans, Sam Nunis, a dapper, dynamic auto racing tycoon out of Nunis, N. J., likes to do things big.

A one-time automobile racing announcer (rated the nation's best in his time), Nunis followed his native Lone Star instincts that led to the more lucrative side of the sport, first as driver and then as promoter. He enjoys high stature in the promotional field today. He is operator of the only paved one-mile speedway in the entire east coast, with a seating capacity of 22,000, namely the Trenton International Speedway located on the New Jersey State Fair Grounds in Trenton.

This colorful native of Farmersville, Texas, is in his 38th year in the profession, starting as a grease monkey, billposter, announcer and then driver. The first half of the name of his hometown is an anchronism, so far as Sam Nunis is concerned. Far from a farmer, he is urbane, polished and comfortably ensconced behind a glass of champagne and a Torino steak, he cut a commanding figure.

Surrounding Nunis, who introduces Indianapolis-type racing the 4th of July at Onteora Speedway, was Dick Lane, Onteora operator; Ed Ryan of Hyde Park and Fred McBride, Nunis' advance man. Nunis had driven up from Trenton to inspect the Olive Bridge oval where some 30 topnotch big car drivers are expected to perform before 5,000 persons on July 4.

The story of his life on and around the racing profession rolled from his lips in a delightful Texas twang he has not completely shed, although he migrated among the Pennsylvania Dutch at the age of eight. And that was some time ago.

• Of Friends and Money:

Dick Lane observed that he was going through a sometimes discouraging period trying to build Onteora Speedway into a track of stature. He wasn't making money but he was "meeting a lot of nice people and making many friends."

"I've been through the same thing in and out for 38 years," said Nunis. "But wouldn't it be nice if we made all these friends and a little money, too." Sam Nunis may or may not be a wealthy man, but, more important, he is one of the most respected figures in his business with a long list of impressive credentials compiled over the years.

He liked the sylvan setting along Route 28 fronting on the reservoir, he said. It took him back to Texas where this story began. A serious accident halted his racing career in 1926 and he carries an 8-inch silver plate in his left leg, an inch below the hip bone socket, as a memento of the occasion. For the next six years, Nunis served as talent scout, advance man, and booking agent for the late, great Ralph A. Hankinson.

Upon Hankinson's death in 1942, Nunis inherited the Hankinson circuit which was at the time the largest open cockpit professional racing organization. Nunis continued to operate the Hankinson circuit and in 1946 when racing was resumed after a wartime break, he started building his own empire which came to be known as the Sam Nunis Speedways. He has since conducted more than 80 auto race meets a year, more than all the races produced by other promoters in the United States.

A highly successful promoter, Nunis performs his mission with easy elegance. His makeup is devoid of the high pressure tactics common in many professional promoters. He may have inherited this elegance from his family which had an extensive background in theatre drama.

• A Man of Elegance:

Nunis is married to the former Dorothy Dunn, who was one of the principal performers in the great Winter Garden revues in pre-war New York City. They have two daughters: Josephine, 17, and Vicki, 15, and both children have shown outstanding dramatic and musical talent. A son by a former marriage is an assistant producer and director to the famous John Beck company in Hollywood.

Sam Nunis is cut from a different cloth than most professional operators. An exacting gourmet, he is a firm advocate of graceful living, a stark contrast to the tumultuous business which has brought him fame and fortune.

Since leaving the Ashokan area, Nunis has written he made the return trip to Trenton in 2 hours, 25 minutes. Proving that it's hard to break old habits.

Duren Has 3 Hits, Two Against NY

LOS ANGELES (AP) — Ryne Duren, who became a major league star as a fastballing relief pitcher with the New York Yankees, has had only three hits in have been against the Yanks.

His first was a run-producing single as he lost to the Yankees 3-1 in his first major league start, his six-year career — and two back on May 2, 1957. He was pitching for Kansas City then.

Wednesday night, he brought the Los Angeles Angels from behind with a two-out, two-run single in the sixth inning and went on to beat the Yankees 5-3.

That was his first hit since he laid down a bunt single against the Chicago White Sox on July 13, 1958. He had gone hitless in 34 at bats since then. Over-all, he's batting .050 in the majors, 3-for-60.

Lehigh Hanover Sets Spa Record

Lehigh Hanover set a national season record for two-year-old pacers in copping the first dash of the $10,000 Chatham Pace in 2:04 at Saratoga Raceway last night.

The colt proceeded to finish second in the second dash behind Raceaway to earn the trophy, based on the best combined finishes in both races.

Stanley Dancer drove Lehigh Hanover to its record victory with a great drive in the final quarter of the race.

Last night's double at the upstate track returned $83.00. The combination was 6 and 5.

Lavagetto Still Follows Baseball

ORINDA, Calif. (AP)—The first thing Cookie Lavagetto does when he opens a newspaper is turn to the sports pages for a look at the baseball box scores.

"Just call me Gus Fan," says Cookie. "I'm still as interested in baseball as anybody."

Lavagetto, back at his home near Oakland, says he isn't bitter after being fired by the Minnesota Twins.

"Why hold a grudge?" he asks with a shrug. "I'm sure I'll be back in baseball before very long."

Except for four years during World War II when he was in the Navy, this is the first summer since 1932 that Lavagetto hasn't been in professional baseball.

Now 46, he's enjoying a summer with his wife and children for the first time in his life.

"I've been promising to take the kids fishing for so long it's not funny. We're finally able to do it," says Lavagetto.

As for the American League, Cookie figures on a four-team race with the New York Yankees winning the pennant.

"Detroit, Cleveland and the White Sox will all be battling and in the first division," Lavagetto says, "but unless the Yankees run into injuries—especially to Mickey Mantle and Tony Kubek—I feel they're the team to beat."

Mike Boyle Hurls 10th Win; As Anchorage Routs Hilltop

Mike Boyle pitched his 10th City Softball League victory of the season, as Anchorage Rest put on a power display to rout Hilltop Rest, 18-2.

Boyle scattered eight hits, struck out seven and had a shutout until the seventh inning. The Anchorage, meanwhile, clubbed 16 hits off George Norton, including home runs by Barry Trafficante and Roy Casella.

In other games, Bill Costello of Armstrong's nipped Chick Carpino of Chez Emile, 3-2, in a duel of 5-hitters, while Subway Grill edged Nadler's, 3 to 2, behind the 2-hit pitching of Bob Lasher.

Jay Bertha went "4 for 4" for Anchorage, with three singles and a triple, as the winners extended their league lead to a game and a half. Ted Beland stroked a double and two single. Bud Schlanger paced the Hilltops with three singles.

Armstrong Hits Homer

Johnny Armstrong's home run was the difference in the Armstrong-Chez Emile contest. He also hit a single.

Lasher limited Nadler's to singles by John Kozlowski and Steve Tentowski. The winners had five safeties off W. C. Lindsey, including a pair of singles by R. Cea and a double by Champ Holstein.

FlintGolfTourney To Start Today

FLINT, Mich. (AP) — Gene Bone, head pro at Warwick Hills where the fourth annual Flint Open Golf Tournament started today, should have been a horseplayer—or perhaps a weatherman.

He's that good a forecaster.

"It'll take a 282 to win here," said Bone, whose job it is to know every inch of the vast Warwick Hills layout in suburban Grand Blanc.

He goes by the form sheet—his knowledge of the 7,280-yard course — when making his prediction.

Twice before Bone has made the same forecast on the eve of the 72-hole tournament—a 6-under-par 282 for the winner. He hit it right on the button both times.

Bone said 282 would win it two years ago, his first year as W wick Hills' pro. Art Wall and Dow Finsterwald tied at 282 after 72 holes. Wall won in a playoff.

Last year power-hitting Mike Souchak won with another 282, just as Bone predicted the winner would do.

A starry field of 148 professionals and 11 amateurs is entered in the tournament which ends Sunday.

Absent are the year's top two PGA money winners, Gary Player and Arnold Palmer. Doug Sanders, No. 3 on the year's money list and a runnerup in the National Open, thus becomes another favorite.

The sentimental favorite, of course, is Sam Snead.

Dickie Kerr Gets Baseball Award

HOUSTON, Tex. (AP) — The former major league pitcher who upheld baseball's honor during the 1919 "Black Sox" scandal, Dickie Kerr, received a silver tray from baseball Commissioner Ford Frick Wednesday night.

The presentation came during the American Association Houston-Indianapolis baseball game.

"To Dickie Kerr, a great baseball hero," the message on the tray read.

Kerr won two games during the 1919 series between the Chicago White Sox and Cincinnati. It later developed some of his teammates had been paid to lose.

Frick said Kerr is "a man of integrity and honor" and said baseball owes him an eternal debt.

Rebel Harris Wins at Lebanon

D. D. (Rebel) Harris of Poughkeepsie, who will be gunning for his 5th feature win in the 50-lap spectacular Sunday at Onteora Speedway Park, led all the way to capture last night's 20-lap feature at Lebanon Valley Speedway.

Doug Harrison of Hudson dogged Harris most of the way to finish second. Following this pair across the line were two popular Onteora favorites—Stretch Van Steenburgh of Saugerties and Ernie Beesmer of Olive Bridge.

Harris won the first heat; Garrison the second and John Rohan, Poughkeepsie, the third.

Onteora Speedway presents its first 50-lap feature Sunday and Harris is a strong favorite to make it No. 5 for the season. The Indianapolis-type big cars are scheduled at Onteora on Tuesday, July 4.

Stocking Bass

ALBANY, N.Y. (AP)—The Conservation Department is stocking Cranberry Lake, in St. Lawrence County, with bass in an effort to revive trout fishing there.

The department said Wednesday it hoped the bass would control yellow perch, which had ruined the once-good trout fishing in the lake.

Branch Rickey Is Now Off the Critical List

SUDBURY, Ont. (AP) —Baseball executive Branch Rickey is reported out of immediate danger but will remain hospitalized for between two and three weeks, hospital administrator Horace Snyder said today.

Rickey, 79-year-old father of baseball's farm system and former general manager of the St. Louis Cardinals, Brooklyn Dodgers and Pittsburgh Pirates, suffered his second heart attack in three years Tuesday.

Mrs. Howard DeWitt's Net 33 First in Calloway Tourney

Mrs. Howard A. DeWitt fired a 33 to win low net honors in the Calloway tournament staged by Wiltwyck Country Club women Wednesday.

Tied for second low nets with 35's were Mrs. C. Lincoln Christensen and Mrs. Seymour Werbalowsky. Miss Agnes Kennedy posted low gross of 52. Mrs. Maurice Davenport and Mrs. Haskell Naigles tied for second place with 53's.

The largest ladies day turnout of the season, 26 players, turned out for the Calloway event. This is a system of selecting a fair method of one-round handicapping where participants are not permitted to use their established handicaps on which to determine net scores for prizes. It proved to be an interesting innovation, with the result that there was only a 10-point difference from the lowest to the highest scorer. The nine-hole scores were doubled.

Because of the large turnout, additional prizes were awarded at the buffet luncheon that followed the tournament.

Mrs. C. Lincoln Christensen was the hostess for the day.

Qualifying rounds for the Wiltwyck Country Club women's championships are scheduled now through July 9. It is requested that all those who are qualifying report to the club pro, Scotty Robertson, before starting qualifying rounds. Qualifying rounds are based on continuous 18 hole scores. Mrs. George C. Rifenbary is the current champion.

The regular Ladies Day on Wednesday, July 5, will be a Poker tournament. Tee time is 9:30 a. m.

KPA, Elks Club, K of C Score Victories in Babe Ruth Loop

Two close games and a lopsided one were featured in the Babe Ruth league last night. The KPA pushed three runs across the dish with two outs in the seventh frame to nip the Vols, 4-3, at Loughran Park.

In a doubleheader at Dietz stadium, the Elks shutout the 35 Club, 1-0, on a seventh run, and the Knights of Columbus walloped Hurley, 14-9.

Dave Potter stroked a double in the seventh inning to bring the KPA from behind and give Gary Greiner a victory. Greiner struck out 12 and allowed six hits. Potter and Bill Rhinehardt had three hits each for the winners.

John Tremper singled to score Jim Leahy in the 1-0 verdict for the Elks at the stadium. This was a good pitching duel behind Wolf and loser Gene Rios. Both sides had only three hits with Paul Natale's triple being the only extra base knock.

The Knights overcame a 6-2 deficit with eight runs in the third inning. The winners banged out 11 base hits with Horton getting a double and triple, Thomas a double and Clearwater a triple. Prosser had a three base blow for the losers.

Thursday's schedule shows Rotary vs. the VFW at Loughran Park and Kiwanis meeting the Moose and Legion playing the K of C at the stadium.

Walker Valley Sets A.T.A. Shoot

Members of the Walker Valley Sportsmen Assn. will hold their first registered A.T.A. trap shoot Tuesday, July 4. It will be one of the first shoots of this kind held in this area in recent years.

Only A.T.A. members are eligible to shoot and those who are not members can join the organization prior to the shoot, which gets underway at 11 a. m.

On July 2 the Walker Valley club will have a regular county shoot with the Larry Turner Memorial Trophy shoot as an added attraction. This is open to anyone and it starts at 1 p. m.

Averages for the ten highest shooters are T. Grossi 967, J. Weed 911, G. Brody 896, E. Haray 893, F. Mauro and P. Peetromala 856, N. Baxter 846, W. Turner 834, R. Coddington 832 and D. Beattie 806.

Jack Veghte's 65 Paces ENY Golf

A former Albany district and state amateur golf champion, Jack Veghte fired a seven-under-par 65 Wednesday, to win the Eastern New York Golf Association tournament at the Pine Brook Golf Club in Gloversville.

Veghte, who resides in Clearwater, Fla., but is a life member at Pine Brook, posted nines of 34-31 on the par 36-36-72 layout. The former Hearst National junior finalist in 1952 posted an eagle on the par-5 eleventh hole and had five birdies. He never went over par on the course he was raised.

John Snyder Jr. of Battenkill and Don Buell, Hoosick Falls, scored 69's in the Class A competition.

Dr. Mark Crandall led the Class B division with 77-9-68 and Ed Spiesman of Stamford fired 83-14-69 to pace Class C.

Buzzy Costello's 75 Paces First Round in Jaycee Golf

William (Buzzy) Costello's 75 lead the Kingston Jaycee Junior golf tournament at the halfway mark.

Costello finished four shots ahead of his Kingston High School teammate, Rick Barthel, in the first qualifying round at Wiltwyck Country Club. The finals are scheduled Friday at 10 a. m. at Wiltwyck.

Two players will be qualified for the New York State tournament at Amsterdam on July 30-31 and August 1. The twaalfskill Club and Wiltwyck will each sponsor a boy.

Other first day scores were: Pete Goldfarb 90, Tom Barringer 92, T. Boice 93, Len Marcus 94, Mike Boice 94, Jay Gordon 95, Austin Eriksson 96, David Dean 97, D. Gaffney 99, E. Mills 100, Tad Crawford 107, Steve Leventhal 110, Mike Loughran 111, G. Stopski 114, Robert Barthel 124.

EK Dodgers Win Pair From Braves

The Dodgers went on a hitting rampage in the Glasco-East Kingston Little League and won a pair of recent games. The club walloped the Braves, 17-2 and 10-6.

Bob Grosline hurled the 17-2 verdict. He allowed three hits while his mates pounded 10. Bill Mahoney and Randy Ciarlante had two doubles. Stelz also had hit doubles while Roger Stelz had two doubles. Stelz also had a pair of singles. Ciarlante and Carl Legregni scored four times each.

Stelz and Lou Beal homered in a fourth inning rally to spark the 10-6 decision. Ciarlante was the winner over John Beardi.

Legregni, Mike Amato and George Falcon slammed doubles.

First 'Firecracker 100' Set Saturday at Rhinebeck SW

The first "classic" racing event of the current season will be run Saturday at Rhinebeck Speedway, track operator Ed Ryan has announced.

The main event will be a 100-lapper in line with the usual holiday attraction at the Dutchess County track. Saturday's event has been thrown open to all competitors meeting Mutual specifications and is expected to attract several new drivers.

Along with an extra ration of money the event will carry double points as a lure to the winner in quest of the elusive seasonal championship at Rhinebeck, as well as Circuit points for those seeking the overall title.

Heading the list of entrants that are close to the top in points is Harry Brazee of Torrington, Conn., who will be at the helm of the Chrysler powered "Zero" owned by Rex Joy of Highland. Brazee will find opposition in the form of Carl Fink of Albany, at the wheel of the Hudson Hornet owned by Pete Simmons of Saugerties, Ben Stone of Cornwall, Conn. in his own Chrysler, Jack Campion of Poughkeepsie, will be on deck with a Packard powered Studebaker owned by Ray Teeter of Stanfordville.

Woman in Field

A lone woman pilot will pit her skill and daring against the men in the gruelling grind, "Doll" McIntire of Lime Rock, Conn. will drive her own Chrysler in the race that tests the strength of men.

A beautiful trophy will be presented to the winner of the event the first annual "Firecracker 100."

The "Smashing Sedans" will undergo their first distance test in their own race, the first of its kind this season, the race will be for a distance of thirty five laps with thirty six cars scheduled to start. As in all championships the winning sedan pilot will be awarded double points which will be added to his circuit aggregate. Ex-stunt man Gordy Hall of Kingston, N. Y. is the present point leader and has served notice that he means to clinch the title.

Saturday night gates at Rhinebeck open at 7:00 p. m. with the first race starting promptly at 8:30 p. m.

NYP Sluggers Are Hitting Hard

By THE ASSOCIATED PRESS

Baseballs continued to sail out of the parks and pitchers made the long walks to the showers as the warm weather set in over the New York-Penn League.

Wednesday night a total of eight home runs were clouted and 25 throwers saw duty in six games.

Geneva split a doubleheader with last-place Jamestown, the league leaders winning the nightcap 5-4 after losing the first, 11-3. Olean's second-place club split with seventh-ranked Auburn, losing the opener 7-6, and finished with an 11-6 victory. Erie beat Batavia 9-1 and Wellsville pounded Elmira 7-3.

Schenectady Star Signed by Tigers

SCHENECTADY, N.Y. (AP)—Donald Pepper, 17-year-old third baseman in the Schenectady Twilight Baseball League, was signed today by the Detroit Tigers for a bonus reported to be more than $10,000.

Detroit scout Edwin (Cy) Williams, who reported the bonus, said the Tigers had assigned the 6-foot-4 Pepper to play next season with their Jamestown farm club of the Class D NY-P League.

Pepper, who was graduated this month from high school in Saratoga Springs, had .500 or more in each of the last three seasons with the high school team. He lives in Gansevoort, Saratoga County.

Thomas Scores His 11th Victory

By THE ASSOCIATED PRESS

Jerry Thomas, the Eastern League's top winner, appears on route to a 20-game or better season.

Thomas pitched a six-hit 5-2 victory over Lancaster in the opener of a doubleheader Wednesday night to pick up his 11th victory of the year against three losses.

Some brilliant relief pitching by Bob Funge in the nightcap gave Lancaster a 3-2 victory for a split.

Springfield, however, gained a half game over second-place Binghamton which dropped an 8-5 contest to Johnstown.

In the only other action, Reading ended a nine-game losing streak—longest in 10 years—with a 13-4 pasting of Williamsport.

MUNICH (AP)—German fans look in awe at "der tuff guy," James Cagney, convinced that he is equally adept with a gun or his fists.

They should know that he has never fired a shot in anger. And he hasn't been in a fist fight since he was 17.

"It was after school in New York one day," he confessed. "This mean character was bothering a friend of mine, and I told him to cut it out. The guy wouldn't quit.

"I happened to be standing on a high curb, so it brought me up to his size. I figured the only way to win the fight was to get it over in a hurry. I put one hand in back of his head and hit him with the other one. I broke his nose and that was the end of the fight."

That was also the end of Cagney's fistic career. But he has made toughness pay off on the screen; in fact, he is now marking 30 years as a star. His first big dent on the public consciousness was "Public Enemy" in 1931.

Though he has played everything from Lon Chaney to George M. Cohan (Academy Award, 1942), he is still best remembered for those two-fisted early years.

Cagney admitted that he and his fellow screen gangsters face social hazards.

"If you go out to night clubs, there is always some guy who wants to show off in front of his girl," he said. "Some actors go around looking for this sort of thing by sitting at the head tables. But there are ways of avoiding it."

Cagney has made a science of doing so. He has long stayed out of the movie whirl. For 25 years, he has lived at least six months a year away from Hollywood.

Next year he will mark 40 years with the same wife—"and it's been good all the way."

The star is in Germany to play a hard-hitting American businessman in Billy Wilder's "One, Two, Three." It's Cagney's first comedy since "Mister Roberts" and "the talkingest part I've ever had."

Actress in Hospital

NEW YORK (AP) — Actress Marilyn Monroe has been hospitalized for the fourth time in five months.

The blonde beauty was taken by ambulance Wednesday from her Manhattan apartment to Polyclinic Hospital, suffering from what a spokesman described as a mild intestinal disorder.

Commercial banks in the United States will spend an estimated $180 million in 1961 to advertise their services, according to an American Bankers Association survey. When asked which media they would use, newspapers took the lead, ahead of all others.

Crawford Stops Italian Ace

WIMBLEDON, England (AP) — Chris Crawford of Piedmont, Calif., eliminated third-seeded Nicola Pietrangeli of Italy today in the third round of the Wimbledon tennis championships 2-6, 6-3, 6-4, 6-4.

Pietrangeli was the hero of Italy's upset victory over the United States in the Davis Cup interzone final last year in Australia.

Crawford, at 21, is America's 10th-ranked man player.

Little Mimi Arnold of Redwood City, Calif., pulled off the first upset in the women's division by knocking over fourth-seeded Lesley Turner of Australia today. The score was 7-5, 6-4.

A teammate, Billie Jean Moffitt of Long Beach, Calif., was beaten in a second-round match, bowing to Yola Ramirez of Mexico 11-9, 1-6, 6-2.

Domestic Science

NORFOLK, Va. (AP)—Lawyer Bert Sachs says his 9-year-old son has taken up cooking as a hobby. When he heard strange noises from the kitchen he found the tot cooking "chocolate soup." The ingredients: two quarts of milk, one quart of orange juice, three raisins.

Pick-a-Dilly
Pick a DILLY on a stick;
you can lick me,
I'll not kick..
When my chocolate face
you taste,
not one bite will you a'waste.

Kerhonkson Girl Struck by Auto Leaving Driveway

A three-year-old Kerhonkson girl was admitted to the Veterans Memorial Hospital, Ellenville, late Wednesday afternoon after she was struck by a car backing out of a private driveway.

Vicki Lee Sprague, daughter of Mr. and Mrs. Arthur Sprague, was reported in good condition today.

Trooper John Huntoon of the Ellenville state police reported that the child received a severe laceration of the right side of her head and multiple abrasions of her shoulder.

Sherwood Hommell, 40, of Kerhonkson, was backing out of his driveway on the Rock Haven Road when, he told Trooper Huntoon, he heard a scream. He stopped the car and found the Sprague child lying beside the left front wheel.

Deeded Land

Chief Samoset was a member of the Pemaquid Indian tribe. In 1625, he made what is said to be the first deed of Indian land to English colonists, transferring 12,000 acres of his tribe's land to John Browne, one of the settlers.

AFL-CIO Charts New Pay Drive, Restraint Urged

UNITY HOUSE, Pa. (AP)—The AFL-CIO today charted a new drive for pay increases despite an administration call for wage restraint.

Federation leaders said in a policy statement that wages have been rising too slowly for the good of the nation's economy. And they said that fears of inflation expressed by some of President Kennedy's aides are untimely and unwise.

George Meaney, AFL-CIO president, took issue with assertions that the recession is over. He insisted the recession continues so long as there are nearly 5 million unemployed.

"The problem is not inflation," Meany said. "The problem is to put the economy back to work and that means putting unemployed workers back to work."

The AFL-CIO executive council, in adopting its economic policy statement Wednesday, said that Secretary of the Treasury Douglas Dillon and Walt Rostow, deputy special assistant to Kennedy, have urged unions in recent talks to exercise wage increase restraint to avoid a new wage-price spiral.

"American labor," the council said, "now as always is willing to take the lead in any sacrifice required for the safety and welfare of our nation. But higher wages under the circumstances now are not a danger but a positive good.

"It is argued in some quarters that wage increases will force prices up, harm the competitive position of American goods in the world markets and therefore weaken us in our struggle with international communism. The exact contrary is true."

The union leaders again called for a $1 billion public works program, a tax cut for workers and lower interest rates as steps to stimulate the economy.

Ford Joining GM Urging Restraint On Contract Aims

DETROIT (AP) — The Ford Motor Co. today joined General Motors Corp. in telling the United Auto Workers union that new wage contracts must be non-inflationary.

The UAW moved on to Ford today from General Motors, where it opened 1961 bargaining Wednesday for new contracts to replace current three-year pacts expiring Aug. 31.

As he did at GM and Ford, UAW President Walter P. Reuther will lead union bargainers into conferences with Chrysler Corp. Friday and with American Motors Corp. July 6.

Malcolm Denise, Ford vice president for labor relations, issued a statement today calling for a non-inflationary settlement and expressing concern with "detractors" who hold that "the only way to avoid costly strikes and inflationary settlements is for the government to set the terms."

"The right of management and labor to work out their differences across the bargaining table appears to be on trial in this country," Denise's statement said.

Speaking for the UAW at General Motors Wednesday, Reuther said: "We hope to find a settlement at the bargaining table without the need of assistance or intervention from Washington. We are not looking for a fight. We are looking for economic justice."

At General Motors today bargainers turned to a union proposal of reducing work time via a shorter work week or shorter work day "to meet the problem of unemployment."

Louis G. Seaton, a GM vice president and its chief negotiator, voiced hope for a peaceful bargaining-table settlement, but also said that "an excessive increase in labor costs, whether in the form of wages or in fringe benefits, can only contribute to unsound wage and price movement.

"It must be clearly recognized" he continued, that any settlement "should not contribute to such inflationary pressures."

Deer Jumps Off Bank Into Car on Route 28

A deer jumped from the bank on the right side of Route 28 early this morning, into the path of a car, became entangled in the grill and was dragged some distance before the car came to a halt, Kingston state police reported.

Troopers said the driver of the car was Richard J. DiMuccio, 20, of 68 Howland Avenue, who was driving a 1961 sedan owned by Ralph DiMuccio of the same address.

Trooper T. J. Crowley said the car was proceeding west on Route 28 at the time of the mishap, 12:30 a. m. The driver was reported uninjured, troopers said.

As of now, man has discovered 102 chemical elements.

Health Department Has New Pamphlet On Ragweed Pollen

ALBANY — Sneezing, congestion, itching of the eyes and ears, breathing difficulties—these are some of the symptoms of ragweed hay fever. The disease, and ways in which persons suffering from hay fever may be helped, are discussed in Ragweed Hay Fever a new State Health Department publication.

The pamphlet was prepared by the department's Office of Public Health Education in cooperation with the New York State Air Pollution Control Board.

Stressing the importance of the hay fever problem, Dr. Herman E. Hilleboe, State Health Commissioner, said that an estimated one million persons in New York State suffer from hay fever. "Some 250,000 persons lose a week or more from work or school because of the disease," he said.

The pamphlet explains that hay fever is a seasonal disease. In New York State it is widespread from mid-August to mid-September when the weed blooms. During this period a single ragweed plant may produce up to one billion pollen grains.

In addition to discussing the scope of the problem, the pamphlet explains things that can be done by hay fever sufferers to ease the irritation. The pamphlet also includes illustrations of certain types of ragweed and describes how the ragweed plant can be destroyed.

Copies of the new pamphlet are available without cost to residents of New York State from County and City Health Departments, District Health Offices and from the Office of Public Health Education, 84 Holland Avenue, Albany 8.

Baptists Elect Winchell as New Club President

Abram D. Winchell of Forest Glen Park was elected president of the Men's Club of First Baptist Church Wednesday night during the annual summer meeting at Upper Hasbrouck Park.

Winchell, who will be installed with other new officers at the first fall meeting Wednesday, Sept. 27, succeeds George W. Chase of Hurley Heights as president.

Others elected were:

George Kenneda, vice president; Alfred E. Shultis, secretary and John Rogaski, treasurer.

The Baptist men had their annual softball skirmish last night with Albert O. Sonnenberg's Rinkydinks scoring an 8 to 7 squeaker over James L. Decker's Mudcats. Last reports, however, indicate that the Mudcats are protesting the outcome.

A steak dinner was served starting the program under the supervision of George Matthews and Billy Smallwood.

Kennedys Going To Cape Home

WASHINGTON (AP)—President Kennedy and his family will leave Washington at 3:45 p.m. Friday to spend a long Fourth of July weekend "just resting" at his Hyannis Port, Mass., home, the White House announced today.

The one-hour flight by jet transport will take off from Andrews Air Force Base in suburban Maryland and land at Otis Air Force Base, close to Hyannis Port at Falmouth, press secretary Pierre Salinger said.

The President and his family plan to fly from the White House to Andrew Field, and from Otis Field to the family residence at Hyannis Port, by helicopter.

Kennedy plans to return to Washington early Wednesday morning.
